

COOPER VS. HUGHES.

The final suit, Cooper vs. Hughes has reached its final stage. Mr. Cooper has presented his statement of claim for \$5,000 damages, and we have replied, counterclaiming for \$15,000.

THE BARLEY QUESTION.

There is likely to be a general demand for the English seed barley when it arrives; hence the necessity of a properly arranged plan to distribute it. There are certain districts more adapted to barley growing than others, or in which horse-fodder barley has been more generally grown than in others. Would not it be a good plan to allow to each county an amount of the new seed proportionate to the yield on the basis of last year's crop? It would receive the proper proportion to each county as much of the new seed as one like the Victoria which grows an enormous quantity. One hundred bushels to some counties would give as much seed to each barley grower as five thousand would to this fertile district. Those desiring seed should in any event make early application to Adams Hurditch, M.P., who will doubtless appoint agents to distribute at the leading centres in the county. Let action be prompt. The Government of Canada has done its duty well. Surely the farmers will not be behind in theirs.

LIMIT THE HOTEL AND REFUSE THE SALOON LICENSES.

Lindsay has ample hotel accommodation and the sheds and stables are fully equal to any emergency. There is a proposal to start a few additional hotels, of more properly speaking, saloons in town, and of course the old cry, "Public accommodation" is the plea. No such are needed, nor is such a plea honest. Already Lindsay has one hotel to every five hundred of her population and that is at least too many. "Public accommodation" too often in hotel or saloon matters means private debauchery. Lindsay already is bad enough, which is becoming worse. The citizens protest against the saloon in any form. One does not see a man in a person rooming the streets, or a man in a "horn" or a saloon for eating or drinking, where can the "public accommodation" plea be presented? But last 19th July as well as every Saturday, completely decides Lindsay's capacity to provide food for man and beast in more than abundance. Nor is there possible argument to be advanced for the more drinking place in town. Let the decision of opening up such places even a livelihood in other and loftier callings. One thing is certain. With the example of the United States cities and towns before them, as well as with that of Toronto, Lindsay citizens do not purpose falling under any saloon ring; nor will such persons or places be tolerated here. Hotel accommodation is now ample.

Next week we shall publish a leading article from the Pacific Monthly of Los Angeles, Cal., written by our old friend and student, Geo. J. Cochran, now one of the leading bartenders of California. The article deals with "Land Title Reform," and contains much originality and depth of thought and advances much sound logic. Watch for it.

OUR GREEN.

Special to the Warder. (The blacksmith, Mr. Alex. Connel, has been confined to his home, and his shop has been closed since for two weeks. We hope for a speedy recovery, for his services are very much needed in this district.)

VICTORIA ROAD.

A service will be given in the Methodist church, Victoria Road, on Thursday, Feb. 21st, by Rev. D. Williams of Lindsay on the subject "Ten Days in London." Doors open at 7 p.m.; lecture to commence at 7.50. Admission gratis. Children 15c.

LOONVILLE.

Special to the Warder. (The blacksmith, Mr. Alex. Connel, has been confined to his home, and his shop has been closed since for two weeks. We hope for a speedy recovery, for his services are very much needed in this district.)

NORTH WYMAN.

Special to the Warder. (The blacksmith, Mr. Alex. Connel, has been confined to his home, and his shop has been closed since for two weeks. We hope for a speedy recovery, for his services are very much needed in this district.)

Board of Trade.

The following is the annual report of President Dobson, of the Board of Trade, as adopted: To the Members of the Lindsay Board of Trade. Gentlemen:—In submitting to you my third annual report, I am gratified at being able to refer to the prosperity of the town, both as to membership and the continued interest shown in carrying on the important work for the discharge of which Boards of Trade were established. During the three years the Lindsay board has been in existence, and for which period I have had the honor of being its president, the work has gone steadily forward, and it is safe to say that the Lindsay Board of Trade today, ranks amongst the most successful institutions of the kind in the province. In reviewing the work of the year, it is but fair to say that I should refer to the assistance given in the discussion of matters of interest to the town by gentlemen outside the board. The subject of electric lighting was brought to the attention of the board in this manner and received lengthy and profitable discussion, as also the local improvement system of taxation. Joint meetings have been held during the year with the members of the town council and citizens in the discussion of a new waterworks system for the town, and on the occasion of the visit of Mr. Pacey and other gentlemen, on behalf of the development of the mining interests of the northern districts. The want of proper railway station accommodation has for a long while being seriously felt by the commercial and travelling public at Lindsay. This matter formed the subject of a memorial to Sir Joseph Hickson, manager of the Grand Trunk Railway, last February. A committee from this board also waited upon the chief engineer of the Midland division at Peterboro, to offer suggestions as to the plans for the new building, and were favorably received. This matter has been further urged upon the attention of Sir Joseph Hickson, and I am glad to be able to state that the erection of a handsome and commodious railway station at Lindsay next summer will be an accomplished fact. Much inconvenience has been felt by the business portion of Lindsay, especially, and surrounding districts, through certain changes made in the mail service of the Midland division of the G.T.R., whereby registered matter is carried but once a day, and the open mail to Toronto has been changed to the evening train. This matter has been brought forth in a memorial to the Hon. John Haggart, Postmaster General, praying that either the former arrangement be revived, or that an additional mail be placed on the route in question, so as to give to the district a morning and evening open mail service. The construction of the proposed C.P.R. line from Toronto to Sudbury has engaged the attention of the board. A committee have been appointed to enquire into the expediency of giving to the district a morning and evening open mail service. The extension of the Victoria division of the Grand Trunk Railway to the Ottawa River is regarded as a matter of the utmost importance to northern districts, to the trade of the town of Lindsay, and to the province at large. A committee of the board was appointed last March to arrange with the Toronto Board of Trade to visit upon the Grand Trunk Railway the importance of the extension referred to. The movement has been cordially seconded by the Toronto board, and your committee has visited Toronto on three different occasions and discussed the subject with a committee of that board. Their deliberations have resulted in the preparation of a joint memorial to be presented to the Ontario Legislature, praying for the revival of the charter for the extension which has lapsed, with all the grants and privileges attached to the same. In closing my report, I regret to have to refer to the depression in trade generally, caused largely by the low prices for farm produce and the open winter. These causes may be ascribed to beyond our control; but we have every reason to believe that the commercial and material prosperity of Lindsay is a part with that of any other town of its size and importance in the province. Thanking you for your uniform courtesy and support since I have had the honor of presiding over you, I remain, gentlemen, your obedient servant. J. DONNOR, President. Lindsay, Feb. 11th, 1890.

MEN - WANTED! To sell our choice Nursery Stock. NO EXPERIENCE NECESSARY. Steady work the year round. LIBERAL PAY GUARANTEED WEEKLY. Outside free. Write for terms and commence at once. 1717-22. ATWOOD & COMPANY, Nurserymen, GENEVA, N.Y.

Cash - System and will possess and bring all the advantages which attend it to buyer and seller. Rich or poor young or old will meet on common ground. In the meantime, indication of what is coming will be noted in the PRICE, (just note that word) PRICE, during this month. The Stock of BOOTS & SHOES now on hand is very extensive, embracing most everything to be found in a well appointed shoe store, so it is not necessary to attempt to enumerate everything we have. Just one line, our Felt Goods, will be mentioned, and perhaps it is the largest and most complete to be found outside of a city store. Among these the plainest or most fastidious taste ought to be satisfied. We wish a very large patronage from everyone wishing to lay out their money to the best advantage.
