BRITTON BROS. Jewellers and Watchmakers, Foot of Kent St., Lindsay.

The Victoria Warder FRIDAY, JULY 11, 1890.

A union of hearts and a union of hands A union none can sever; And the flag, Britain's error, forever.

Gems of Thought.

A happy Christian is always a useful Christian. Grumblers and growlers have no lifting power. God's doorstep is better than the devil's palace. The man who don't believe in a God, lives that way. We often pay the most for what we need the least. The strongest fort the devil ever finds is a happy heart. Thousands of souls have been lost because somebody was afraid of doing something somebody else would find fault with. One of the times when you ought to remember to love your neighbor as yourself, is when you are about to get the best of him in a horse trade. We must glorify God in the little things as well as in the great ones. The soldier preparing for inspection must brush his uniform as well as his gun.—The Ram's Horn.

THE TRADE WITH DURHAM COUNTY

Merchants and others in Lindsay, prone to look chiefly at county boundaries, overlook the fact that, lying along the southern border, within easy access of this town, are three of the finest townships in Ontario, i.e., Cartwright, Manvers and Cavan. Their trade with Lindsay is large; but, were Lindsay merchants properly enterprising it could easily be doubled. Several years ago THE WARDER began an agitation and each subscription to place in condition for travel the road leading direct to Manvers. A large sum was collected and expended; but the work was not completed owing to insufficient funds. THE WARDER has also lent every encouragement to Capt. Ball's steamer line from Cartwright to Lindsay. In the hopes of ultimately working up a lake Scugog traffic which would be profitable to Lindsay, THE WARDER opposed the scheme to entirely remove the dam on the river here. That a trade only in its infancy, amounting to at least two hundred dollars weekly, is a great benefit to any town, will not be denied. Such a trade, Capt. Ball's steamer is weekly bringing to this market. If the Board of Trade, or the merchants generally would quietly devote thought and some cash for advertising, greater trade would be encouraged here not alone from Durham, but from Fenelon, Verulam and Eldon. Fenelon hill, Bobooygon road and other needed public works might well claim attention.

WHO RUNS SOUTH VICTORIA FAIR? Last year when the directors of the Agricultural Society were being appointed it was generally understood that new blood would be infused into the executive positions. The former president had long insisted on retiring, and he was allowed to do so on the above tacit understanding. But this year the same "dark age" policy of executive work seems to be continuing. The new board of directors have the matter in their own hands, and it is to be hoped they will see that no subordinate official is allowed to prejudice the Exhibition by fossilized ideas or intrigue.

THE STREET AND BRIDGE COMMITTEE.

Even the most casual observer must notice the great and much needed improvements this year in Lindsay streets. Instead of the broad, hollow-topped roadway of the past the various highways of the town now begin to present a 19th century aspect. The surfaces are rounded to turn the water, the ditches are cleaned out, the culverts are improved, and everywhere one notices signs of material advancement.

Who deserves the credit we know not; but Peter Fisher, James Lennon, D. Laek, E. M. Bowman, and Thos. O'Neill are those chiefly noticed in the good cause. Let the committee continue their well-begun labors; and not only townfolk, but also farmers will bless them. For frequently in days, not long past, farmers wagons became mired on the main streets of the town.

"AND STANLEY WAS THE CRY."

The Mayor of Lindsay has received a message from His Excellency, Lord Stanley, the Governor-General of Canada, consenting to open South Victoria Agricultural fair on Wednesday, September 24th.

Mr. Barron, by and through whom the initiatory steps in the premises were taken has also received the following message from Lord Stanley: JOHN A. BARRON, M.P., Lindsay. From NEW HENNINGTON, QUE. Thanks for telegram to my son. If twenty-fourth September would be convenient I can promise to open exhibition if I can get from Ottawa where I am engaged on twenty-third. Think there will be no difficulty. First October not suitable.

This is an honor to Lindsay, for aside from his official position as Chief Magistrate for Canada, Lord Stanley both in personal worth and historic reputation has no superiors in the British Dominions. Lindsay and Victoria county will prove fully capable of extending a right royal welcome to the distinguished visitor.

We would respectfully suggest that in addition to united and enthusiastic action on the part of the town that the county, through the county council, be invited to join in honoring the Governor-General, Warden McQuade will, we are sure, act promptly if invited.

CANADA BARLEY.

Now that the McKinley tariff is about being passed, prohibiting trade between almost all foreign countries and the United States, the Yankee brewers are awaking to the fact that they must have Canadian barley.

From Milwaukee, Chicago, Cincinnati, Buffalo, Oswego, Philadelphia, ay, from every brewer and malster in the United States comes the wail "WE MUST HAVE CANADA BARLEY, AND WE PAY THE DUTY NO MATTER HOW HIGH IT MAY BE."

Perhaps if those gentlemen will consent to pay more honest prices, and not grind Canadian farmers down by offering such beggarly sums for barley they can still get the barley, pay the duty, and yet have a living (!) profit on the transaction.

Perhaps, also, the Canadian members of the Brewers Malsters and Grain Dealers' Association will open their hearts, and this fall pay decent prices to the farmers.

ON THE RIVER.

While some boys and girls are engaged during the summer evenings perfecting their knowledge or enjoying well earned rest by a drive, a walk, or a boat-ride on the Scugog, there are a large number of young people, those who least require it, who spend much valuable time idling up and down the river.

There are few more health restoring or more pleasant pastimes than boating; but when it is transformed into a means of destroying time that should be employed in advancement it ceases to be a recreation. These remarks are directed especially towards lads and lasses whose parents cannot afford to have time wasted as it is being done; who, themselves, will in a few brief years be called on to earn a living; but who are now in the sunshine of youth enjoying pleasures that belong to maturer years.

There are scores of young people in town who have necessary energy and ability yet who cannot fill even ordinary positions in business houses. Inquire why there is such deficiency in the education and the answer is, not that schooling was not available, but that days which should have been spent at school or in home advancement, were passed "on the river."

By all means let boating be enjoyed; but let those boys and girls who have no need of it, and who by avoiding honest work have not earned a holiday, be kept off the water. They are an eye-sore to honest pleasure seekers.

Is it fair to the licensed hotels to further increase their number? Will not the tendency be to encourage illicit traffic? Are there not now plenty of hotels for the accommodation of the public? Should saloons be licensed in towns? For the benefit of the town we hope the council will think carefully before repealing their former act.

WAR PROSPECTS.

The reports this week indicate the possibility of war with the United States, a disaster which every honest man in either country would deplore.

But there is no use in disguising the fact that the United States government is under control of the Irish-Fenians; and hence is hostile to Britain and British interests. The deliberate policy of the United States has been unfriendly and even hostile. Decent citizens of that land deplore the turn of events; but are powerless.

However, it is hoped honor and peace may be maintained; but in any event honor must be upheld. The future always depends on the present for weal or woe.

BASE-BALL WRANGLES AND BLOWING.

If there is anything unseemly it is the wrangling of base-ball or other sporting teams with one another on public occasions. Of course, each locality is proud of its young men; but that there is any wonderful glory or disgrace in either winning or losing a match by fair play is a point on which we require convincing.

There is a discreditable practice which unfortunately seems growing of "borrowing" players from neighboring localities to vanquish some rival club. Such should be discouraged. The true principle of sportsmanship is to enter the field with half a team and be beaten like man; rather than patch up a team by "borrowing."

The example of Salem, Mariposa team should be followed by others. They face the music with their own lads every time, and, win or lose, play a Salem team. If beaten, why, they can conclude, the team doing it must be a good one.

There is much less dishonor in a manly defeat than in an inglorious victory. Let, therefore, the young men of these districts observe first of all the honor of their localities and their persons. Then do their utmost for honorable victory.

In our sporting days we always felt like doffing our hat to the fellow who could get the better of us in lacrosse, football, boxing, baseball, or other athletic exercise. Our opinion was that he must be a good man. Such we conceive to be a true sportsman's spirit.

EDITORIAL NOTES.

Thus far the candidates writing on the various examinations throughout the province have been favored with excellent weather. The papers also seem prepared with more than usual care, and, up to the present date, are all in all, fair ones. May the candidates be as successful as their previous application merits is THE WARDER'S wish to all.

To Mrs. White of Lindsay, a worthy lady, upwards of 70 years of age, we return our thanks and kind appreciation of her goodness and loyalty of heart in presenting us with a beautiful orange emblem for the coming 12th July. A nation with true hearted mothers such as Mrs. White, will ever have loyal hearted sons. The emblem will we hope long adorn our office; and our sincere wish is ever to merit the appreciation of such veteran loyalists.

Mr. W. Lockhart, M.P.P., recently drove from Newcastle to Caesars, secured a boat and a boy to row it, and after a brief troll hauled in a maskinonge weighing 32 lbs. That is reported to be a ZACUS fish story, and is worthy of credence. Mr. Lockhart may now prepare himself for the ensuing session of parliament. Among old or young members, not one will be friend "Will." Of course Hardy and such as he might manufacture a big yarn, but Mr. Lockhart's fish was weighed in presence of several. And there were no shot bags or gravel banks stuffed down the throat either. The story, no, we mean the fish, is the marvel of West Durham.

Ho! for Oritilla to-morrow.

To-morrow morning, Saturday, 12th July, the Orangemen of Lindsay, Mariposa and Eldon districts will leave by special train for Oritilla, there to commemorate "the glorious plot, and immortal memory" of William III. Prince of Orange.

The train will run as follows:—Mentill Junction 8 o'clock a.m. Mariposa..... 8.10 " Oritilla..... 8.20 " Lindsay..... 8.30 " Cartwright..... 8.55 " Grass Hill..... 9.13 " Lorneville..... 9.28 " Oritilla..... 10.35 "

Returning, the train leaves Oritilla at five o'clock sharp, reaching Lindsay about seven o'clock.

It is probable there will be a number of Emity districts who will also visit Oritilla. They will be in plenty of time to go on the regular morning train.

Mr. Matchett, Grand Trunk agent here, will, as a special favor to the Orangemen, issue the tickets on Friday to all who choose to purchase in advance. This will prevent a rush on Saturday morning.

The ladies in Lindsay are called to meet on the morning of the 12th not later than 6.45 o'clock in order to get through the business in time for the train.

It is hoped the Grand Trunk will run the train on sharp on time as they were last year to Lindsay.

The Proutie boys of Lindsay will visit Fenelon Falls on July 12th. An excursion under their auspices is being run per steamer from here. The Citizens' Band will accompany them.

The True Blue life and drum band, and the life and drum band of L.O.L. No. 157, will accompany their respective lodges to Oritilla.

Special to The Warder. ACCIDENT.—On the night of July 1st, a very heavy storm passed over this neighborhood accompanied with terrible thunder and lightning. Mr. Robert Crawford's house was struck by lightning taking one end out of the roof and passing down inside it split one of the posts of the bed in which some of the family were lying, but no person was hurt. Mr. Thomas Deak lost a valuable coat two years old, it being struck by lightning.

OSKAMATON.—L.O.L. No. 1114, intend celebrating the 200th anniversary of the battle of the Boyne by attending the county procession in Haultain. A good time expected.

NEW SETTLEMENTS.—There have been several good additions made to the population during spring and summer, new settlers are continually coming. Latest arrival is Mr. William Burke, who has settled in our neighborhood. PROGNOSTICATING is booming.

GLANDINE. Special to The Warder. SEVERE STORM.—A most severe storm visited this section doing a considerable amount of damage to crops, buildings, orchards, fences, etc. Mention might be made of a large, Dupont's Grange, who lives east of the above mentioned place, had his barns unroofed and a portion of his house. H. H. Copeland had a barn unroofed, blowing the building down, breaking the contents consisting of seed-drill, bugles, sledges, etc., and others were damaged, but not so seriously as those mentioned.

OUR Sunday school of this place is doing good work under its present management. It is doing excellent work indeed when we consider the personal of the teaching staff success is certain.

ONEMEE. Special to The Warder. GOLDEN WEDDING.—There assembled at the residence of Mr. and Mrs. Robt. Robinson, Onemee, on Monday, June 30th, their children and grandchildren to celebrate the fiftieth year of their married life. Mr. Robert Robinson and Miss Elizabeth Robinson were married in the year 1840, on the 30th June. Mr. Robinson came to this country from the county Leitrim, Ireland, 1835, and is now eighty years of age; Mrs. Robinson coming from county Cavan, Ireland, in 1832, and is seventy years of age.

The surviving children are Mrs. Bell, Dorchester; Mr. T. Robinson, Emily; Mr. Wm. Robinson, Emily; Mr. Robert Robinson, Dakota; Mrs. Wm. Gardiner, Emily; Mrs. R. G. Lyle, Onemee; Mrs. D. H. Cornell, Ops. There are sixteen grand children and three great grandchildren. There were present at the family reunion on Monday five children, nine grandchildren and a few friends. The aged couple received numerous presents from the children and friends. Mr. T. Robinson, the eldest son, read the following address:—

ONEMEE, June 30th, 1890. DEAR FATHER AND MOTHER,—We, your children and grandchildren, are assembled to celebrate the fiftieth anniversary of your married life, all of which has been spent in this neighborhood. A life spent in sacrifice and love and in chasing out some of the good purpose in a success. But you pioneers who left your native land to take part in colonizing and in opening up and developing the resources of this country have seen your labors fully rewarded. Your homes have always been Christian homes. You have both enjoyed many of the pleasures of this life, though some times you have passed through stormy seas, but God will never leave nor forsake thee in time of trouble. Accept as a token of regard and love from your children and grandchildren this gold-headed case, easy chair and gold coin, hoping you may both live long to enjoy them, and wishing that the remaining years of your life may be health and happiness.

The Rev. Mr. French then replied on behalf of Mr. Robinson, making a few remarks suitable for the occasion. The evening was spent in a most happy and pleasant way, Mr. and Mrs. Robinson exerting themselves for the entertainment of all.

VALENTIA. Special to The Warder. THE union Sabbath school anniversary of Valentia took place July 6th and 7th, on Sabbath our pastor, the Rev. Mr. Young, preaching a very instructive sermon to the children which was very much appreciated by all. On Monday a large and enthusiastic gathering of people from all parts, some from a distance, including those from Blackstock, from the town of Lindsay, from Little Britain, and from various points. The meeting commenced about 1 o'clock, quite a lengthy program was gone through with, consisting of singing by the choir, and recitations by the children. The program was brought to a close by a practical speech by the Rev. Mr. Young. Tea was commenced when a violent thunder-storm swept over us which completely drenched all that remained in the grove. A serious accident occurred during the storm, the great wind that prevailed broke a tree off and it fell across the stand breaking the organ to pieces. It was thought for a time that several were hurt, owing to the fact that a great number had collected under the stand for shelter, but we understand there was no one seriously hurt. The storm went over and the waters got down to work in preparing the tables and soon everything was in motion again. Every one thought that the anniversary was a failure, but I am glad to report that the proceeds amounted to over \$50.

BASE BALL.—In the evening a match game of base ball was played by Valentia and Blackstock, resulting in a victory for Valentia. This was a return match for the one played at Blackstock on the first July. We must say that our boys went to Blackstock on the first and lost by two runs. The Blackstock team came here and objected to play for various reasons, which were finally arranged. The Valentia boys doing all in their power to make the visit agreeable and pleasant. The ground was not in as good condition as it should be, but it was as fair for one as the other. The Blackstock team played a fine game, but had no show with our boys.

THE great storm on Monday done considerable damage to crops, it broke the crop down very badly and destroyed a lot of hay that was out.

When Baby was sick, we gave her Castoria. When she was a Child, she cried for Castoria. When she became a Man, she clung to Castoria. When she had Children, she gave them Castoria.

Deaths. STRANDED.—On July 4th, at Newark, the wife of T. J. Stephens, of a son.

Weddings.—In Lindsay, on July 1st, 1890, Miss Johanna Nichol of Little Britain, and Mr. Fred Waddings of Mariposa.

Deaths.—On Tuesday, July 3rd, 1890, Curtis Smith, wife of Albert Edward Jewett, Campbell, aged 56 years, 11 months and 19 days.
