Alt. The Way from Norway House.—
Again our readers will rejoice in readings long letter from the warm hearted, far sway missionary so kindly remembered among Victoria friends, Rev. Edward Eves of Norway House. The letter has been since July 22nd, on the road. The matters it contains will be read with much interest by thousands. That Rev. Mr. Eves has not written a maudling lot of stuff about the spiritual welfare and progress of the indians is because of his good sense. He is a practical as well as a theoretical Chiefstan, and is doing a grand work in the far distant wilderness towards Hudson Bay. At another time, as in the past, the hardy missionary will doubtless, in his business way, entertain The Warder readers with other letters. We can saure Mr. Eves, our mutual friends, Levi, Stephen and we too, would rejoice to meet him again. There will ever be a warm corner is our heart for our friend, the heroic missionary in the remote wilderness of Northern Canada, Rev. Edward Eves. His influence will be feit for good by all who meet him.

We are glad to notice one of our leading papers, the Empire, now coming forward to papers, the Empire, now coming forward to revive the project and give it an impotue by offering a large and handsome fiag for competition amongst the schools of each county. The old British flag may be "only a bit of busting," but around it cluster memories which make the pulse beat faster and the bosom swell with pride—memories, too, in which Canadians as such our proudly claim a share—and the hoisting of the flag on the school houses to remind our children of memorable days in our history will tend to raise up a generation CANADIAN AND AMERICAN gilt wall papers at 30 per cent discount for the next few weeks, at W.
