THE "\$40 FOR CHARITY" CHALLENGER DISPOSED OF.—Mr. Gross has noticed, with regret, some indications of a return of Jacob's old time vindictiveness and jealousy. It was hoped, for his own sake, that he would never seek a renewal of the conflict of yore, but his latest unreasonable challenge is an admission that the leaven of envy and greed had prevented some of the old sores from thoroughly healing. In advertising "gold gauze," Mr. Gross did not say or intimate that by its use a plate could be made without the rubber coming in contact with the roof of the mouth. The object in using gold gauze in connection The object in using gold gauze in connection The object in using gold gauze in connection with rubber is to secure the necessary conductivity, and this object is attained when the metal is in contact with the tissues at irregular intervals over the palatine surface of the plate. Parties paying interest on mort-gages should write him at once and get the benefit of his liberal offer.
