It takes a thinker to make another thinker FATAL ACCIDENT.—The Port Hope Guide says:—On Tuesday, August 25th, Mr. John Foster, formerly a resident of Port Hope, son of the late John Foster, hotel keeper here, was killed on the railway at Brushton, Franklin county, New York. Deceased was 34 years of age, leaves a wife and one child, who reside in Repherster, and who came over on the North Rochester, and who came over on the North King with the body which was interred on Friday in the Union cemetery. The deceased was a cousin of our neighbor, Mr. John Foster Richard and Thomas Foster, Peterborough, are brothers, Mrs. James Young, Toronto, and

Mrs. G. R. Stevens, Lindsay, are sisters of the deceased.

It is not enough to stand and look at Christ as he walks. We must walk with him.

Quite recently Mr. Justice Ferguson has rendered a decision of considerable interest to county councils—and to which we direct special attention. It was upon the question of how the width of streams was to be determined, and his lordship ruled that this of how the width of streams was to be de-termined, and his lordship ruled that this termined, and his lordship ruled that this must be done by measuring the actual width of the channel that the stream had cut for itself from bank to bank and not the width of the water in any portionless of the coboconk region; and the water in any particular stage. This decision will relieve many local municipalities of the cost of maintaining bridges which will now have to be maintained by the county council. The Provincial attacks of the Coboconk on or about Sept. 15th.—ED. of the cost of maintaining bridges which will now have to be maintained by the county council. GREAT TIME FOR A GREEN COLT .- The Kingston Whig says that "Belmont Prince," a foal of 1888, had made great time at Pough-keepsie, N.Y., winning the Nelson stakes in 2.15\frac{3}{4}\$ and 2.17\frac{1}{4}\$. The purse was \$1,000. "Waxford" is the sire of "Belmont Prince." Ellbeck's "Kingston" is from the same strain. Two years ago, in Chicago, a three-year-old made the record of 2.184, and it was heralded all over the country and regarded as a marvelous performance. A prominent horseman states that it was simply a marvelous record for a three-year old, and he was in very much doubt whether 2.15% is not the best record

ever made in that class in the United States. The man who says he is kept out of the church because there are so many hypocrites say .- To those contemplating the adoption in it is not influenced by them anywhere else.

A LUDICROUS MISTAKE. -The story of a ludicrous mistake, and a joke on the street inspector, is told. A town teamster was de-livering blocks for a cedar block crossing, and he found it necessary to dump his load at the street side in front of a residence convenient to the crossing. The lady of the house, seeing the operation, exclaimed:—"That's just like John, sending me a load of wood will be likely to adopt. As to the cost of without telling me of it, and just look where the stupid man is putting it." And going out she gave the stupid man a piece of her mind. Catarrh

Is a blood disease. Until the poison is expelled from the system, there can be no cure for this loathsome and dangerous malady. Therefore, the only effective treatment is a thorough course of Ayer's Sarsaparilla—the best of all blood purifiers. The sooner you begin the better; delay is dangerous.

"I was troubled with catarrh for over two years. I tried various remedies, and was treated by a number of physicians, but received no benefit until I began to take Ayer's Sarsaparilla. A few bottles of this medicine cured me of this troublesome complaint and completely restored my health."—Jesse M. Boggs, Holman's Mills, N. C.

**Boggs, Holman's Mills, N. C.

**When Ayer's Sarsaparilla was recommended to me for catarrh, I was inclined to doubt its efficacy. Having tried so many remedies, with little benefit, I had no faith that anything would cure me. I became emaciated from loss of appetite and impaired digestion. I had nearly lost the sense of smell, and my system was badly deranged. I was about discouraged, when a friend urged me to try Ayer's Sarsaparilla, and referred me to persons whom it had cured of catarrh. After taking half a dozen bottles of this medicine, I am convinced that the only sure way of treating this obstinate disease is through the blood."—Charles H. Maloney, 113 River st., Lowell, Mass.

He had been complaining for the past two months of being ill, and fifteen days ago he was taken to the hospital where he gradually got worse, notwithstanding the medical attention bestowed on him. He has no relatives under charge of the Oddfellows lodge. Quite a number of other citizens besides those belonging to the order assembled at the hospital. The casket was covered with beautiful wreaths of flowers sent by the tailoresses who had worked with the decessed in Knightley & Co.'s establishment. It should be borne in mind that during the last three years the London Mutual collected in heavy assessments over \$30,000 more than usual, and yet at the close of last year, after collecting a full year's income, they had only \$1,403 with which to pay \$26,182 of unsettled losses. In regard to security no one should hesitate as to which company to select.
