There are some people in the church who would want the golden payments of heaven taken up first thing and plank sidewalks put down, if they should ever happen to get there.

RAY PROBLE, go to W. F. McCarty the jeweler, if you need anything repaired on watches, clocks or jewelry. His prices are low, satisfaction to everyone or refund all charges. Try W. F. McCarty, opposite the Daily House, Lindsay.—98-4.

The devil is always glad to see people join churches who have no intention of making any change in their conduct.

TO OUR SUBSCRIBERS.—During the political excitement last fall and winter very few of our accounts were sent out or collected.

It is surely not too much now to urge on our subscribers the propriety of promptly paying up all arrears.

We have several thousand dollars due on subscriptions alone. Let our friends kindly allow their loyalty by promptly paying up.

There are too many people in the church who are willing to be made pure in heart, but who want to put it off as long as they can.

IT PAYS TO BE INSURED IN THE ROYAL CANADIAN.—I have just handed Robert Pogue of Ops a cheque for \$75, the full value of a coat recently killed by lightning. Had Mr. Pogue continued his insurance with the London Mutual, or had he been insured in the "Grange" he would have received only \$50 for this coat, because in such cases these companies pay only two thirds of the value. The Royal Canadian Policy has no two thirds clause. S. CORNELL.

There are church members who look too happy at a horse race and too dismal at prayer-meeting to have any drawing power for Christ.

SALE OF CATTLE.—An important event will transpire on the farm of Mr. John Dames, near Mariposa Station, on Thursday, October 15th. On that day there will be sold one hundred of the finest cattle that can be found. Mr. Nicholas Waldon with Mr. Dames, under whose joint auspices and direction the sale is held, deserves great credit for the vastness of his plan. A successful dealer, Mr. Waldon has conducted the sale of a monster sale such as the above will be of great service to the country. It will probably attract many buyers from a distance, and it will certainly direct attention to the great value of Canadian cattle and the ability of farmers generally in the industry. May the day and the sale be all that Messrs. Waldon and Dames could desire. Mr. Elia Bowes will be auctioneer, and will be in his best trim.

A man always feels better when he thinks he has found something in the Bible that will permit him to stay mean and respect himself.

SELF SACRIFICE.—It is a matter of common occurrence where from interested motives persons will perform extraordinary deeds; and instances are not uncommon where ordinary self-sacrificing incidents are met with.

One of our exchanges gives an account of the suicide of a cat, and yet people can be found who don't believe the millennium will ever come.

IT NEEDS INQUIRING INTO.—Last week Mr. John Campbell, hotel keeper of Glenora, was brought before the County Court on a charge of assault on License Inspector Short, and fined a considerable sum of money. The facts of the case seem to be as follows:—

One Sunday night, a month or more ago, two constables from Lindsay, returning from Eidsa with a prisoner arrested for creating a disturbance on a railway train, being overtaken by a rainstorm and getting thoroughly soaked, on arriving at Glenora sought from his peaceful slumbers that worthy hotel keeper, Mr. John Campbell.

Highland hospitality, begotten by his early training among the open-hearted people of the west of Scotland, and by his naturally kind disposition, Mr. Campbell warmed the travellers at a fire, placed food at their disposal, and gave them such refreshment as they asked.

The annual meeting of the W.C.T.U. was held Sept. 7th, in the Y.M.C.A. room, and was well attended by the members. After routine and other business had been attended to the president made a short address in which he expressed gratitude for the measure of success during the past year, and hopes for greater prosperity in the future.

The annual report of the corresponding secretary was then read and adopted, and the meeting was asked to send a copy to the press committee for publication. The treasurer reported \$145 collected from all sources during the year; \$185 expenses for rent, charities, affiliation fees, etc., leaving a balance of \$37.

Reports were handed in by committees of different departments of the work, namely: from the Press committee; from that of work in jail; from juvenile work; on petitions and entertainments. Votes of thanks were passed to the retiring officers, for the interest and energy for their extreme efforts.

Editors of our press committee and for the generous manner in which they have placed a column of their papers at our disposal, for having so kindly responded to our appeal for help.

The president asked that our next meeting be largely devotional. After singing the Doxology the meeting adjourned until the first Monday of October.

Change of Business.

I have recently purchased the Hardware Business of R. D. THEXTON at a rate on the dollar, and purpose to carry on a

General Hardware Business

No. 22 Kent St., one door East of the Benson House, I intend to devote my time and attention exclusively to the business, and propose to introduce new ideas, new methods and new prices which will be more in accordance with the progress of the 19th century than has hitherto been customary in this line of trade.

I cordially invite everybody whether they are builders, carpenters, mechanics, farmers, lawyers, doctors or poundkeepers to call and get quotations of my prices.

THIS WEEK I am making an extra push on SPORTING GOODS, and am prepared to give the very closest quotations on

Powder and Shot, Cartridge and Shells, Wads, Primers, and every other requisite necessary for Sportsmen.

Sports, come and see me before you buy, and with your permission I will make a pecuniary application that will remove the cobwebs from your optics.

THE ROYAL CANADIAN INSURANCE CO.

WHICH WILL YOU HAVE?

The latest Blue Book shows that after providing for all liabilities the surplus of the ROYAL CANADIAN for the protection of its policy holders at the close of last year was \$509,074, besides stock to the amount of another \$100,000 subscribed but not called up.

Table with 6 columns: Year, Losses unpaid at close of each year, Cash available for paying losses at close of each year, Money Borrowed, Surplus, reworking premium notes at full face value, Investments each year.

It should be borne in mind that during the last three years the London Mutual collected in heavy assessments over \$30,000 more than usual, and yet at the close of last year, after collecting a full year's income, they had only \$1,403 with which to pay \$26,182 of unsettled losses. In regard to security no one should hesitate as to which company to select.
