studied under Dr. Colton of New York, the inventor of gas for extracting teeth, who has administered it to over 180,000 persons and not a fatal case. Mr. Neelands uses Bell's Local Anaesthetic for extracting teeth. Mr. Neelands is now using a new style of forcep which he had expressly manufactured while on his last visit to New York, which remeves the teeth without injury to the gums or jaw, the gums healing up beautifully in a few days and no subsequent trouble. Artificial teeth inserted on all the popular bases and by the most approved styles and appliances for their retention and comfort. Numbers of persons are wearing teeth made by Mr. Neelands over 20 years, and never required repairs. Prices from \$10 to \$65 for an upper or under set. Persons from a distance will please send postal card before coming.
