"About two years ago, after suffering for nearly two years from rheumatic gout, being able to walk only with great discomfort, and having tried various remedies, including mineral waters, without relief, I saw by an advertisement in a Chicago paper that a man had been relieved of this distressing complaint, after long suffering, by taking Ayer's Sarsaparilla. I then decided to make a trial of this medicine, and took it regularly for eight months, and am pleased to state that it has effected a complete cure. I have since had no recomplete cure. I have since had no return of the disease."—Mrs. R. Irving Dodge, 110 West 125th st., New York.

"One year ago I was taken ill with inflammatory rheumatism, being confined to my house six months. I came out of the sickness very much debilitated, with no appetite, and my system disordered in every way. I commenced using Ayer's Sarsaparilla and began to improve at once, gaining in strength and soon recovering my usual health. I cannot say too much in praise of this well-known medicine."—Mrs. L. A. From the Empire, Friday, Dec. 4. LINDSAY, Dec, 3.—The petition against the election of John A. Barron as member of the House of Commons was begun this morning at 11.30 before Mr. Justice Falconbridge and Mr. Justice Street. B. B. Osler, Q.C., for the petitioner, and S. H. Blake, Q.C., D. R. Anderson and R. J. McLaughlin for respondent. Major Sam Hughes, the defeated candidate, was present and occupied a seat at the table of counsel for the petitioner and

W. E. Ellis, of Fenelon Falls, secretary of calls the meetings; the convention at which February; he received a letter from F. C. Taylor, express agent, Lindsay, on election matters; he hadn't the letter nor the copy of the one that he wrote; Taylor took part in the election; he thought he saw voters, he knew J. A. Bucknell; wrote to him in reference to voters; the object of the association is to organize and to take part in selecting the can-didate and to aid in his election; Mr. Barron was brought out under the anspices of the association; they have township committees who organize themselves.

THE STORY OF A V. Charge 25, that Dr. A. Wilson loaned \$5 to George Getchell in order to induce him to vote for the respondent, was hrst taken up. George Getchell-I am a voter; saw Dr. Wilson on Polling day about four miles from the Falls, about 10.30 or 11 a.m.; I was working at Slater's farm with Richard Colmer; he asked me to go to vote; I did not want to go; I could not afford to lose any time; the doctor said he could not pay me for loss of time; after a while I got into his rig; the doctor drove me up to Fenelon Falls to vote; he wanted me vote for Barron; I have known him some time; he attends n.y family; I got \$5 after the election was over, at Dr. Wilson's office; I called for it by arrangement; it was arranged when he took me to vote; the amount was mentioned; the conversation about money took place when I was driven down; I asked him to lend me \$5; he said "All right"; I was to get it that night about 9 o'clock; I went to the doctor's office; I gave the doctor nothing, no asknowledgement or receipt; no time was

set for repayment.

To Mr. Blake—I have known the doctor ever since I came to the Falls; he is my family physician; he has attended my brothers; told the doctor after I got in the rig that I wished to borrow the money to pay my taxes; I told him I had tried to borrow it and that I could not get it anywhere; the amount of the taxes was \$4 88; he had not the money with him, and said he would give it if I would call for it; he sent me an account in the month of October; I intended to pay him the money

back when I got it.

To Mr. Osler—I didn't know where I could
get the money; if he tried to get the money
back he couldn't even through the Division

to another place to vote; the doctor was in the George to go and George kept hanging round; the doctor was talking about the election; he didn't talk to me he was after George. ALWAYS A REFORMER.

Archibald Wilson, called on behalf of respondent—I live in Fenelon Falls; I am a reformer; have always been one; I have been the Getchell family physician for 13 years; I have been paid for service rendered George Getchell, but he still owes me money; I was asked to go after Getchell; he was working at Slater's farm, cutting wood with R. Colmer; I advised Colmer to go and vote; I explained to them the difference between the parties and the reason for getting them to vote the way I wanted; after awhile they both left work, came into the house, and Getchell got into the rig and came with me; Getchell might have said that he did not want to lose his man should possess. He writes as follows: day; I held out no inducements to him to get his vote; coming along the road we talked of the financial condition of the country and the difficulty of getting work for the laboring man; and he began to tell me how hard it was to get on; he said he might have a seizure for taxes: I told him he should borrow the money taxes; I told him he should borrow the money sooner than have that happen; he said the amount he wanted was \$4.88; I asked him when he could pay it back; he said as soon as he had earned it; I then said I hadn't the money with me, but I would give it to him that night when we got to town; I wanted to take him right off to the polls, but he said he much stronger than I was be I cheerfully recommend it at the must have his dinner first; he got that, then came back for me and he went down with me; the money was not given for his vote; I made an entry of it in my book at the time of giv-ing it—"Thursday, 5th March, George Getchell, cash lent, \$5" I sent him an account when I was rendering other accounts; he has not paid ny medical account; the amount is \$17.43; I would have helped him

whether he was a voter or not. whether he was a voter or not.

To Mr. Osler—I never lent George Getchell any money before, nor have I since; I am not in the money-lending business; I have only got four bushels and a half of potatoes as payment on his account; Getchell hung back in the woods, and he might have said in a joking way that he did not want to leave his work; I was at him for about half an hour. Mr. Osler-You said, "come along, it will

be all right"? Witnes—No.
Mr. Osler—Not with your mouth, perhaps,
but with the eye. that is a talking instrument

about election time. Witness-I had a \$10 bill and a little change; I sent my man down to get the \$10 hill changed in order to give \$5 to Getchell; I paid him about half an hour after leaving

being asked why he did not pay Getchell when in the cutter said he had only \$10. William Ellis re-called-Dr. Wilson was at

A CORRUPT ACT PROVEN.

as respects the charge. Mr. Blake quoted authorities to show what was necessary to make respondent liable for a corrupt act.

Mr. Justice Falconbridge—The facts are in some respect not in dispute. The doctor is not a novice in election matters; he ought to have known that he could not safely promise a man money under these circumstances. It Vould use Kemp's Balsam for the Throat and Lungs. It is curing more cases of loughs, Colds, Asthma, Broughitis, Croup and all Throat and Lung Trouties, than any ther medicine. The proprietor has authorsed any druggist to give you a Sample Bottle farm to convince you of the merit of this great remedy. Large Bottles 50c and \$1—2. If the first the case comes within the Haldimand case, and the evidence is much stronger.

Mr. Justice Street—I entirely concur with my learned brother. I think there can be no doubt in the mind of a person hearing the evidence that the doctor's idea in offering this mency was to secure the vote of the man

Mr. Barron Unseated for North he was offering it to. There is no question about agency Dr. Wilson was a prominent member of the organization which brought Mr. Barron out. A corrupt practice has been committed by Archibaid Wilson, an agent for the respondent, without the knowledge and consent of the respondent.

Mr. Osler said he did not intend to press the personal charges, and said Mr. Blake accepted the judgment of the court. The personal charges were dismissed, and

judgment was given declaring the election BIOMER SOME The personal charges were serious and could readily have been proven. One at Cambray where Mr. Barron promised a man \$25 in the Hector Cameron election and paid it, and in the reform association-Mr. James Dixon is the last winter's election made the same propresident; he produced books; the president mise again could easily be proven. Others at Fenelon Falls, Stanhope, Minden, Dorset, etc., Mr. Barron was nominated was about 12th etc., could all be proven. But it was deemed more humane to drop them. Two hours and

RECOGNIZES HONESTY AND MERIT!

CANADIANS MUST COMMEND HIM! The Hon. Jas. McShane, Mayor of Montreal, is a man who possesses many strong characteristics which help to make the successful ruler, politician and business man. Some of these characteristics are strongly de-veloped in Mayor McShane's every day life, and are worthy of our admiration. When the worthy Mayor knows he is following the great path of duty, honesty and truth, no human power can cause him to swerve from it. He is always opposed to charlatanry and deception but ever ready and willing to hold tensciously to that which bears the royal stamp of worsh

At this critical period it was natural that the worthy woods about half an hour; the doctor wanted Mayor should seek for the best means of recovery—the most effective recuperator, so as to once more fit him to carry on his manifold duties. He acted as many other wise men have done; he decided without hesitation to try the efficacy of Paine's Celery Compound having heard so much of its wonderful results. Was he mistaken or disappointed? No! His experience with this great remedy was so setisfactory and gratifying that a lew weeks ago he sent the proprietors a strong testimonial which speaks volumes, and proves conclusively that of all the remedies now before the people of Canada, Paine's Celery Compound stands elevated for above all others

in honest and great results. Mayor McShane says that Paine's Celery Compound has given him great etrength and a good appetite-two requisits which every
