Words cannot describe the admiration in which I hold your August Flower—it has given me a new lease of life, which before was a burden. Such a medicine is a benediction to humanity, and its good qualities and wonderful merits should be made known to everyone suffering with dyspepsia or biliousness."

FOR THE YEAR 1892
We again solicit a continuance of your patronage. We intend to spare no effort to again increase largely over this year's business. With abundance of capital, increased knowledge of the requirements of our patrons, better knowledge, when, where and how to buy in the cheapest markets, we are more than confident we can offer you more tempting bargains than ever before. When we say bargains we speak only of Good, Reliable and Serviceable Goods, for on this class of goods only we have built up our large business and will not endanger it by keeping shoddy or trash of any kind.
