Have you seen the three Black faces, Trio of a family great? Have you bestd of all their graces, As our ladies fair they wait?

They are Black, but O how charming In their conduct day by day ! Working hard but n'er starming Timid people on the way.

They are honest, truthful, gracious
To the young as well as old;
In the cot and mansion spacious, Wondrous powers they unfold.

The blackest Ethiopian prince.
With his keen and piercing eyes,
Was never half as black as these Three Blacks of Diamond Dyes.

Their names are, Black for Silk and Wool, And fast Black for Cotton too; The fame is really wonderful Of this gallant, little crew.

Let all with earnestness and sast, In their strength and might arise, And buy these Blacks which are the best-Three Blacks of Dismond Dyes.

A SCROFULOUS BOY

Running Sores Covered His Body and Head. Bones Affected. Cured by Cuticura Remedies.

When six months old, the left hand of our little grandchild began to swell, and had every appearance of a large boil. We poulticed it, but all to no purpose. About five months after it became a running sore. Soon other sores formed. He then had two of them on each hand, and as his blood became more and more impure.

hand, and as his blood became more and more impure, it took less time for them to break out. A sore came on the chin, beneath the under lip, which was very offensive. His head was one solid scab, discharging a great deal. This was his condition at twenty-two months old, when I undertook the care of him, his mother having died when he was a little more than a year old, of consumption (scrofula, offer up if he fell down, and could not move when in bed, having no use of his hands. I immediately commenced with the CUTICURA REMEDIES, using all freely. One sore after another healed, a bony matter forming in each one of these five deep ones just before healing, which would finally grow loose and were taken out; then they would heal rapidly. One of those ugly bone formaties I preserved. After taking a dozen and a half bottles he was completely cured, and is now, at the age of six years, a strong and healthy child. MRS. E. S. DRIGGS.
