dealers are wont to advertise perfect watches.

We do better now;make them better and advertise them better.

The exact truth is, there are no perfect watches; Watchmaking is an experimental art, not an exact science nor a secret process. What has been done we know-what is to be done, who knows? We are apt to do more than our share of the doing.

Our special watches today are up to to-day's knowledge-as near perfection as any, and in somerespects nearer than any other. They are better this year than last -will be better still in the future; but if you think to wait until the improvements shall have all been made you'll never get a watch.

You can, however, get a watch to-day so good that it will satisfy you not only to-day but for a life time.

Either of our special watches the "Midland" or the "Victoria" will satisfy any reasonable human being.

Yes! this is well worth looking into. Come and see us about it.

Some 35 to 40 tenders were received by the Indian Department for general supplies for Manitoba and the North-west Territories, 15 to 18 tenders from North-west and 18 to 20 from the eastern provinces. The supplies tea, tobacco and general groceries, flour, bacon, dry goods, hardware, harness, agricultural implements and tools. The Hudson's Bay Company were, it is understood, successful for the whole of Manitoba. Flour for the North-west agencies goes to the Lake of the Woods Milling Company, Joyner & Elkington, Qu'Appelle, and Smith & Brigham, of Mossomin. G. F. & J. Galt, of Winnipeg, get a slice of the groceries, including tea. The Hudson's Bay Company and T. J. Donaghue, of Kingston, also get a share. The Hudson's Bay Company, is is learned, receive the contract for bacon, including a large portion of Canadian cured which Mr. Hughes, M.P., contended for early in the year. The other successful tenderers for hardware. harness, tools and implements are: Miller, Morse and to 18 tenders from North-west and 18 to 20 successful tenderers for hardware. harness, tools and implements are; Miller, Morse and Co., Toronto; S. & H. Borbridge, Ottawa; Cowan & Edwards, Qu'Appelle; Smith, Ferguson Dompany Regina; J. M. Farland, Ottawa; T. & J. N. Andrews, Thornbury; Hamlin & Ayres, Lachute; the W. E. Sanford Manufacturing Company, Hamilton.

In the matter of the contract received by the Hudson Bay Company for supplying bacon to the North West Indians it is pleasing to note that our Indians will now be supplied with Canadian bacon, fed on Canadian grain, cured by Canadian labor and carried over Canadian railroads; thus conveying to the

Canadian railroads; thus conveying to the pockets of the Canadian producer, and laborer the profits that formerly were transferred to the Yankee. It will be remembered that early in the present session. Messrs. McKay, Sproule and Hughes, waited on the Minister of the Interior, Hon. Mr. Dewdney, and made a request of which this is the practical result.
