special to The Warder On the 24th of May the people of Bolsover methodist church, held their aunual picnic, which was a decided success. Early in the afternoon crowds of people, both old and young, arrived to take part in the enjoyment. First of all there was an interesting game of foot-ball between Bolsover and Kirkfield. Bolsover winning the game. A bounteous tea was then served, after which all repaired to the church where a rare treat was in store. Rev. Mr. Thomas, the pastor in the chair. Two of the most appropriate addresses were delivered by the Rays. Coone, of Dalrymple, and Fusee, of Vic toria Road. The music was nearly all furnished by the Brechin methodist choir under the able leadership of Mr. W. R. McPhee, and his little daughter, Miss Bella McPhee, organist. Mr. McPhee is an energetic leader; and there is no doubt but his little daughter has a very bright and promising future. Two touching solos were admirably well rendered by Miss Dunn and little Miss Daglish of Bolsover. Time will not permit to give all particulars as the programme was lengthy. All went home after having spent a very profitable and pleasant afternoon. Proceeds amounted to \$40, to be applied for church purposes. One year is nearly closed since our worthy pastor, the Rev Mr. Thomas came on this circuit. He has truly proved himself to be a workman who needeth not to be ashamed. Velocity of Meteors.

It has been demonstrated that while the greatest velocity imparted to a cannon ball scarcely exceeds 600 meters a second—about 1,500 miles an hour; meteors from space penetrate the air with a velocity, it is claimed, of 40 000, sometimes 60,000 meters per second. This tremendous speed raises the temperature of the air at once to 4,000 or 6,000 degrees centigrade, causing in many cases a complete destruction of the meteorite by combustion.

Within the last two years it has been de monstrated to the satisfaction of all sensible people, that Harvard Bronchial Syrup has attained a fame and reputation never accorded to any other cough remedy. Its work in all cases has been swift and sure; and the speed with which its good name has flown, is truly

Harvard Bronchial Syrup has become the family cough remedy in all well-regulated Canadian homes. Owing to the great purity of its composition, it can safely be left where the young can use it when required. It contains no poisonous ingredien s, and does not like other cough preparations nauseate or sicken.

During this season of the year, no home is safe without a bottle of this waderful syrup, which should be taken at once when the first symptoms are felt. Our most prominent doc tors prescribe it, knowing that it never fails.
