CHRISTIAN SOLDIERS

ADVISED TO "PUT ON THE WHOLE ARMOR OF GOD,"

Rev. Dr. Talmage's Farewell Sermon Before Leaving For the Famine Stricken Districts of Russia to be Present at the Christian Herald's Relief Cargo Distri-

BROOKLYN, N. Y., June 12, 1892.-Dr. Talmage prefaced his sermon this morning with a statement to the effect that he would sail on Wednesday next for Europe, and might be able to be present at the distribution in the famine stricken districts of Russia of the Christian Herald relief cargo, consisting of three million pounds of flour and other supplies which goes out this week on the steamship Leo, chartered for the purpose. He congratulated the American people on the generous spirit evinced by this magnificent gift to the starving people. His sermon was from the text, Ephes. 6:11: "Put on the whole armor of

There is in this text a great rattle of shields and helmets and swords. Soldiers are getting ready for battle. We have had recently in this church new enlistments, and I shall address myself to those in this and other churches who are putting on the armor of God, and who may feel themselves to be as you only raw recruits.

word of counsel is, hold before your same a very high model. Do not say, "I wish I could pray like that man, or speak like this man, or have the consecration of this one." Say: "Here is the Lord Jesus Christ, a perfect pattern. By that I mean, with God's grace, to shape life." In other words you will any more a Christian than you If you build a coundation thirty feet you will only have If you build a foundation ed by one hundred feet, you will have a large house. If you resolve to be only a middling Christian, you will only be a middling Christian. If you have no high aspiration in a worldly direction you will never succeed in business. If you have no high aspiration in religious things you will never succeed in religion. You have a right to aspire to the very highest style of Christian character. From your feet there reaches out a path of Christian attainment which you may take, and I de-liberately say that you may be a better man than was Paul, or David, or Summerfield or Doddridge—a better woman than Hannah More or Charlotte Elizabeth. Why not? Did they have a monopoly of Christian grace? Did they have a private key of the storehouse of God's mercy? Does God shut you out from the gladness and goodness to which they were introduced? Oh, no. You have just the same promises, just the same Christ, just the same Holy Ghost, just the same offers of present and everlasting love, and if you fall short of what they were—ay, if you do not come up to the point which they reached and go beyond it-it is not because Christ has shut you out from any point of moral and spirit-ual elevation, but because you deliberately

and the hurricane upon it-sails rent, riggings spliced, pumps all working to keep her afloat, bulwarks knocked away. I see such a vessel coming and get out my small boat and push towards her, and I shout: "Ahoy, captain! What are you going to do with those shivered timbers? That was a beautiful ship when you went out, but you have ruined it." "Oh," says the captain, "I have a fine cargo on board, and by this round trip I have made ten fortunes." So I believe it will be when the bor of heaven. It will come bearing upon it the marks of a great stress of weather. You can see by the very looks of that soul as it comes into giory that it was driven by a storm and dashed in the hurricane; but by so much as the voyage is rough will the harbor be blessed. suffered with him on earth, ye shall be glorified with him in heaven." Aim high. Do not be satisfied to be like the Christians all around about you. Be more than they

have ever been for Christ. My second word of counsel to those who have recently entered upon Christian life is: abstain from all pernicious associations, and take only those that are useful and Stay out of all associations that would damage your Christian character. Take only those associations that will help you. A learned man said: "If I stay with that man Fenelon any longer I shall get to be a Christian in spite of myself."

In other words there is a mighty power in Christian associations. Now, what kind of associations shall we, as young Christians. seek after? I think we ought to get in company better than ourselves, never going into company worse than ourselves. If we get into company a little better than ourselves and there are ten people in that company, ten chances to one we will be bettered. If we get into company a little worse than ourselves, and there be ten people in that company, ten chances to one we will be made worse than we were before. Now, when a young Christian enters the church, God does not ask him to retire from the world. The anchorite that lives on acorns is no nearer heaven than the mag who lives on partridge and wild duck. Isolation is not demanded by the Bible. A man may use the world with the restriction of not abusing it. But just as soon as you find any surroundings pernicious to your spiritual interest, quit those associations. This remark is more especially appropriate to the surrounding of the surrou propriate to the young. Now it is impossible that the young and untroubled should seek their associations with those who are aged and worn out. As God intended the aged to associate with the aged, talking over the past and walking staff in hand along the same paths they trod, thirty, forty and lifty years ago, so I suppose he intended the young chiefly to associate with the young. The grace of God does not demand that we be unnatural. I do not want you to take this caution I have given you as that of a growling misan-turope, hating hilarity. For you must have a spring bow if you want to make the arrow fly. But while this is so, I want you to be especially on guard in this matter, and let the religion of Jesus Christ control

you in all your associations.

My next word of counsel is that you be actively employed. I see a great many Christians with doubts and perplexities, and they seem to be proud of them. Their entire Christian life is made up of gloom, and they seem to cultivate that spiritual despendency, when I will undertake to say that in nine cases out of ten spiritual despondency is a judgment of God upon idleness. Who are the happy people in the church to-day? The lusy people. Show me a man who professes the religion. gion of Jesus Christ and is idle, and I will show you an unhappy man. The yery first prescription that I give to a are lifted up asking for your help. Ge organized charity and "the General" cerand help. Here is a wood full of sumand help. Here is a wood full of sum-mer insects. An axeman goes into the wood to cut firewood. The insects do not

of the axe makes them fly away. But let a man go and lie down there and he is bitten and mauled, and thinks it is a horrible thing to stay in the wood. Why does he not take an axe and go to work? So there are thousands of Christians now in

there are thousands of Christians now in the church who go out amid great annoyances in life—they are not perplexed, they are all the time busy; while there are others who do nothing, and they are stung and stung and stung and covered from head to foot with the blotches of indolence

and inactivity, and spiritual death.

The first thing, then, you have to do, O
Christian young man, Christian young woman, is to go to work in the service of the Lord it you want to be a happy Christian. When an army goes out, there are always stragglers falling off here and there, some because they are faint and sick, but a great many because they are afraid to fight and too lazy to march. After awhile the lazy men on the road hear the booming of the guns for hours, and they hear the shout of victory, and a man on horseback comes up and says: "We have won the day!" Then they hasten up. How brave they are after the battle is over. Poor at fighting but grand at "huzza!" So there are stragglers going after the Lord's host. There come days of darkness and battle. Where are hydrophobia. they? We call the roll of the host. They make no answer, but after awhile there time, as he does not come of age until he is comes a day of triumph in the church, and they are all about. "Huzza! huzza! Didn't we give it to them !"

I have another word of counsel to give those who have just entered Christian life, and that is, be faithful in prayer. You might as well, business man, start out in the morning without food and expect to be strong all that day—you might as well abstain from food all the week and expect to be strong physically, as to be strong without prayer. The only way to get any strength into the soul is by prayer, and the only difference between that Christian that is worth worth against that the strong with the strong physically, as to be strong without the soul is by prayer, and the only difference between that Christian that is worth worth against the strong all that day—you might as well abstance to be strong physically, as to be strong with the strong physically, as the strong physically as the strong physically as the strong physically as the strong physically as the strong physical ph is worth everything and that who is worth nothing is the fact that the last does not pray and the other does.

Another word of counsel I have to give. Be faithful in Bible research. A great many good books are now coming out. We cannot read half of them. At every revolution of the printing press they are coming. They cover our parlor tables, and are in our sitting rooms and libraries. Glorious books they are. We thank God every day for the work of the Christian printing press. But I have thought that perhaps the followers of Christ sometimes allow this religious literature to take their attention from

God's Word, and there may not be as much Bible reading as there ought to be.
Read the Bible and it brings you into the his meekness, beside Job and learn his patience, beside Paul and catch something of his enthusiasm, beside Christ and you feel his love. And yet how strange it is that a great many men have given their whole lives to the assaulting of that book.

I cannot understand it. There is a ship at sea and in trouble. The captain and the crew are at their wits' end. You are on board. You are an old you out from any point of moral and spiritual elevation, but because you deliberately refused to take it.

When the war-vessel of Christ's Church comes into glory bringing its crew and its the only compass that is on board and pitch compassorers it will not come in the midst of all the trouble, you pick up the only compass that is on board and pitch compassorers it will not come in the midst of all the trouble, you pick up passengers, it will not come in like a North it over the taffrail? Oh, you say, that is River yacht, beautifully painted and adorn-dastardy. But is it as mean as this? Here ed, swinging into the boat house after a is the vessel of the world going on with pleasure excursion. Oh, no. It will be sixteen hundred millions of passengers, fike a vessel coming with a heavy cargo tossed and driven in the tempest, and at the time we want help the infidal comes the time we want help the infidal comes and he takes hold of the only compass and he tries to pitch it overboard. It is contemptible beyond everything that is contemptible. Have you any better light? Bring it on if you have. Have you any better comfort to give us? Bring it or if you have. Have you any better hope? Bring it on if you have, and then you may have this Bible and I shall never want it again.

But I can think of a meaner thing than that, and that is an old man going along on the mountain with a staff in one hand and Christian soul at last comes into the har- a lantern in the other. Darkness has come on suddenly. He is very old, just able to pick his way out amid the rocks and precipices, leaning on his staff with one hand and guiding himself with the light in the other. You come up and say, "Father, you seem to be lost. You are a long way from home." "Yes," he replies. And then you take him by the hand and lead him home. That is very kind of you. But suppose instead of that you should snatch the stafffrom his hands and hurl it over the rocks, and snatch the lantern and blow it out? That would be dastardly, contemptible until there is no depth of contempt beneath it. If you have a better staff, give it to him.

If you have a better light, give it to him. When God has put the staff of the Goswhen God has put the stan of the God-pel in our hands and the lamp of God's Word to light our feet, are you going to take from us our only illumination? I love the sting of the wasp and the rattlesnake better than I do the man who wants to clutch the Word of God from the grasp. There are people here who have been reading it a good while. It is a precious book to their souls. It has been so in times of darkness and trouble. There was a soldier who fell in battle, and after he had fallen he said in a feeble voice to his comrade. "Give me a drop." His comrade replied, "There is not a particle of water in my canteen." "Oh," he said, "I don't mean that. Look in my knapsack and you will find a Bible there. Get out that old Bible and just give me a drop out of that. And his comrade found the

out of that. And his comrade found the Bible and read a few passages. The dying soldier said, "Oh, George, there is nothing like that for a dying soldier."

Cling to your Bible! If this Bible should be destroyed, if all the Bibles that have ever been printed should be destroyed, we could make up a Bible right out of this audience. From that Christian man's experience I take one cluster of promises, and from that old Christian man's experience. and from that old Christian man's experience another, I put them all together, and

I think I would have a Bible.
