His many Manvers and Victoria friends will be glad to learn in a railway case of several years standing for fifty-six thousand dollars. When the kidneys are clogged, good health is an impossibility; but when working properly the reverse is the case. That dull backache is the kidney's cry for relief. If Dodd's Kidney Pills are used the result will be marvellous. We emphatically state that we have never known a case of kidney disease that a persistent use of Dodd's Kidney Pills will not cure.—46-2.
