There are some things a fellow can't do without, other things he won't do without-if he can help it. One of Britton Brothers "Midland" or

"Victoria" watches comes within the latter category. They are our special watches. We have besides many other varieties, all the most

desirable grades and kinds in fact. Whether your idea of what is suitable in a watch is an extravagant or a modest one, whether your purse be long or short, we can suit you.

You can have either key or stem-winding, hunting or open, with Gold, Gold Filled, Silver or Nickle cases in styles and prices so varied that if you really want a watch at all there is no reasonable excuse why you should be without one, and a good

You should see our stock of Ladies' gold, and gold filled watches. It would be difficult to imagine anything in this line pret-tier or more tasteful. The styles are in most cases new and unique.

We have not said much lately about it but our optical business is receiving its full share of attention as heretofore. We SELL spectacles, anyone can do that, but the main point, the thing that concerns the purchaser most, is that we FIT spectacles. Fit them to your especial needs. Fit them to your particular eye complaint so to speak.

If there is anything about which you ought to be particular surely the care of your eyes is one of them. Neglect in this has been the rule in the past and is only too common at present. Most people don't use as much care in getting spectacles as they do in buying gloves and will purchase from any smooth-tongued peddler who, ignorant of everything relating to the matter but the price of his goods, is utterly indifferent as to the injury he may inflict upon his customer's eyes. That there was a real need for better methods than used to prevail here has

been fully proved by the public appreciation of our efforts in this direction. Thoughtful people who find their sight defective come to us for advice. In all cases it is given free.

BRITTON BROS. Foot of Kent-St., Lindsay.

A union of homes and a union of Lands And the flag, BRITISH UNION, forever

COMPLIMENTS OF THE SEASON.

THE WARDER wishes its readers and the public generally, a "Merry, Merry Christmas and a Happy New Year."

TWO ROWED BARLEY AND CANA. DIAN HONOR

Last year and the year previously tworowed barley of all varieties was a success in Ontario; and the price was good.

Last winter and this summer, however, grains, wild-oats and vetches moulded the United States." and spoiled the flavor.

in Great Britain this year, saw samples of the States only means annexation and Canadian two-rowed barley; and he states every Yankee knows that, but the Canait made him ashamed of Canada. Mixed dians are afraid to say so openly yet. with six-rowed, broken grains and other When you fellows are annexed you will refuse, the shipments brought discredit then see the prices you will get. Pork on the Canadian farmers and dealers, and and beef will be worth almost nothing, reflected on the honor of the country.

There is no truth in the report that the seed was not tested on the Experimental Farm before being given to the farmers. It was tested, and samples sent to England were pronounced the very best for malting. THE REASON WHY BRITISH BUY-ERS WILL NOT BUY IT AT HIGH PRICES AGAIN THIS YEAR IS BECAUSE SOME PERSONS INJURED THE HONOR OF THE COUNTRY BY MIXING THE GRAIN LAST YEAR. The attempt to get for the six-rowed the high prices prevailing last year for two-rowed has ruined the sale this year.

The duck-bill has proven the best of the two-rowed varieties but it must be kept free from six-rowed, or British buyers will not touch it. We hope the mixing was accidental, for we do not believe any farmer or dealer would be dishonest enough to mix in the six-rowed in order to get the extra price.

enough to mix in the six-rowed in order to get the extra price.

British malsters are trying Canadian six-rowed and another year will yield results But above all things the honor of the country must be kept up Six-rowed must be sold as such, and not palmed off as two-rowed. The British malster will not be fouled more than once.

This year spring wheat, barley and any

grain caught in the milk by the blistering hot weather of late July and early August were ruined. The weather was the warmest for eighteen years. Such years are exceptional and should warn farmers to sow early. However, with cheese, pork, cattle, peas, eggs, chickens, butter, clover seed, potatoes, etc., at good prices, progressive farmers are well off despite the low prices over the world for wheat and

\$104 IN THE BANK IN LINDSAY.

Some days ago Mr. Geo Sisson of Manvers added to his account in one of the Lindsay banks the sum of \$104, the proceeds from milk supplied from four cows for six days each week for about four and one-half months to Manvers cheese factory.

The same story can be told by hundreds of farmers all over Ontario. There are very few now who depend on the old plans of spring wheat and barley growing. Every school section in Victoria should have a cheese factory. Then in the fall,

PORK \$7.50 PER HUNDREDWEIGHT.

be run as a butter factory.

"This is simply awful," said a Canadian townsman some six weeks returned from residence in the United States, on Saturday last "I have to pay the Canadian farmers \$7.50 for my pork, besides high prices for potatoes, cheese, eggs, butter, beef, fowl and everything we eat except flour. I can live cheaper in large cities like Chicago or Des Moines, than in Bowmanville, Oshawa or Lindsay. No wonder you boast your Canadian tarmers are well off, as compared with the Yankees. They get more for every article they sell than the Yankee does." We excepted barley, but he said, "No! The Yankee farmer sells to the elevator men, who knowing the almost prohibitory duty against Canadian barley, hold their barley and make the malsters pay good prices. But the Yankee farmer in his home station market gets little or nothing." He further explained that the prices to compare in the two countries are those of the country stations, i.e. those paid the farmer, before the elevator, railway, insurance and other exorbitant rates are

In answer to our inquiry whether or not our farmers were as well off as the Yankee, he looked at us and said "As WELL off? Why, the Yankee farmer is a pauper compared with yours. You see the Yankee tariff is not PROTECTIVE; it is it was found by British maisters that Ca- PROHIBITORY. That shuts out competinadians had allowed six-rowed barley to tion and allows the monopolists to charge be mixed with the two-rowed; that the just what they like. With you in Canada threshers had kept the cylinders too tight it is different. Your tariff is protective, thus breaking many of the grains; while not prohibitory. With the exception of wild-oats and vetches were also a draw- coal oil, or as they call it out west 'keroback. The six-rowed barley did not malt sene,' and hardware, the Canadian tariff evenly with the two-rowed; the broken is very low compared with the lowest of

the farmer sells will be cheap if you annex, and almost everything he buys will be dear Just write any of your friends farming off a distance from big cities like Chicago, or St. Louis, what prices they

get and it will surprise you " In the face of facts do Canadian farm ers want competition with Yankee pork, beef, and all other farm products? Do they want to pay the high prices paid by the Yankees for machinery?

Wheat is cheap the world over. Let the Canadians aim for preference in Britain, and thus secure first chance and nighest price in the world's markets. We are ready for fair trade with the Yankees; every offer in decency has been made them, but advised by the Canadian ring of conspirators they hope to force Canada to ask for admission. In this they will be discovered. will be disappointed. The next ten years, mark our words, will witness greater prosperity in Canada than it has ever yet

Y.M C.A. Notes.

The 23rd annual convention of the Young Men's Christian Associations of Ontario and Quebec is announced to be hald in Montreal January 26-29 1898.

towards the government. At the different nominations excellent speeches were made.

MARRIGE BELLS—On Wednesday afternoon a pleasing event took place in St. Andrew's church being the marriage of Miss Helen Skinner daughter of Mr. Alexander and Mrs Skinner, and Mr. James Low despatcher in the G. T. R. station here. A large number were present in the church to witness the interesting ceremony which was performed by were present in the church to witness the interesting ceremony which was performed by Rev. Robert Johnston B. A. the popular pastor of St Andrew's. The bride was dressed in white bengaline silk, with bridal veil and the customary orange blossoms. She was attended by her sister Miss Luzzie Skinner, who was dressed in pale blue, while Mr. Archy McIntyre supported the groom. After the ceremony the invited guests which comprised only relatives of the interested parties, repaired to the residence of the bride's parents to partake of the wedding dinner. Mr. and Mrs. Lowe left by the evening train for Toronto enroute for Saginaw, Mich., where they will spend the honeymoon.
