OLD OFFICERS MEET. — At the special Orange meeting at Kinmount on Monday night 9th inst., two old volunteers of Fenian Raid days met for the first time in many years. Lieut. Batty of Norland, an ex-member of the famous 13th Hussars, part of the "gallant 600" at Balaclava, and Capt. Swinton, greeted each other again. The former had been on Sarnia frontier and the latter on the Niagara, but met later in the campaign and served together. They still have young

and daring hearts, though years are creeping

HOCKEY MATCH.—The first hockey match of the season will be played next Monday night at the Lindsay rink, between "C" school of Intantry, Toronto, and the Lindsay club. After the match they will be entertained at a supper. It is expected that this match will be a very exciting one, as undoubtedly the home team is very much improved, and we have four or five of our first seven exceptionally good players. On the other hand "C" school has the advantage of meeting continu-ally with foreign clubs; but we expect the

home seven to give a good account of them-

Hop. Mackenzie Bowell's appointment to the Senate, there is a very large methodist vote, fully one half the riding being of that influential church, very many being staunch orangemen. There the reformers circulated the tirade by Rev. Dr. Douglas against Sir John Thompson, while the Manitoba school case was flounced in its worst imaginary aspect before the overgence. before the orangemen. The letter from Dr. Douglas was left in every house, and given to every man, woman and child of the protestant faith. But all had no effect. In L'Islet on the contrary, the reformers shricked another note. There Sir John Thompson was charged with having subscribed quietly to build sundry with having subscribed quietly to build sundry orange halls, and was going to crush out separate schools in Manitobs. Let us see the result. Methodists, presbyterians, and anglicans, as of yore in North mastings voted largely conservative, while the bulk of the roman catholics with odd protestants were firm in their adhesion to the grit standard. The methodist polling divisions especially were stronger "tory" than ever, despite the abusive letters and speeches against Sir John Thompson; and the conservative candidate was elected by an increased majority. In L'lalet, always a close riding and only recently won over by the conservatives, the result shows that the old lines were adhered to except in one polling sub-division. There the shows that the old lines were adhered to except in one polling sub-division. There the cries against Sir John Thompson and his party won over to the reform candidate a few votes and Mr. Tarte was elected. Thus the public may see how little stock the intelligent electorate take in fanatical cries against men. There must be some cause of action. The intelligent public loyally back Sir John Thompson and his cabinet, and will continue to do so until their actions call for censure. That, we celieve, will be a long time hence.

Wm. Fielding Esq., was elected reeve of Minden township last week. Wm. Gainer Eq., resigned, and warned the electors he was not running. J. Mooney Esq., made a good run against Mr. Fielding.

Congratulations to our old friend but political opponent J. J. Tarte Esq., of Montreal and Quebec, on his victory in L'Islet last week. We regret to see him advocating the cause of romanism in demanding remedial legislation in Manitoba.

A SPECIAL ORANGE MEETING was held at Kinmount on Monday night, 9th iust, to consider the formation of a new orange district. There were present Grand Master J. H. Delamere of Ontario East, of Minden; County Master Jas. Mortimer of Haliburton. of Minden; Sam Suddaby, Alfred Townshend, J. Dodd, and S. Martia of Burnt River; Lieut.

J. Boad, and S. Martin of Burnt River; Lieut.
J. Beatty and J. Wakelin of Norland; J.
McKee of Coboconk; Fred. Dittman of Galway; Sam Hughes, County Master of Victoria, of Lindsay; besides J. Lyle, R. Scott, R. Cottingham, Geo. McKee, Jos. Quinn, Geo. Train, J. Martin, and many others from Kin-mount. Silver Lake was also heard from. After the business had been satisfactorily settled a luncheon was given the brethren. The meeting was a success, and orangeism is THE PRICE OF BARLEY. - Annexationists

are wild in their appeals to Canadian farmers because barley is a low price this year. They shrick "Give us free trade with the United States and we will then have a good price for barley." And this hard year farmers as well as townsmen are inclined to listen to any tune played to raise their hopes. Last week it is selves.

A VISIT TO HARTLEY.—Last Friday night without notice other than that day, in company with Mr. J. Scott of Valentia, we visited Hartley orange lodge, There our good friend Mrs. Myles, a true loyalist, one of the Leith family formerly of Hope township, made us comfortable. That night we had the honor of conferring the Bine degree on two worthy in disguise one of the lack of free trade. in disguise one of the lack of free trade. METHODISTS AND ORANGEMEN stand firm for the Conservative party. Recently there was a bye-election; in each, Ontario and Quebec. In each case the conservatives used the same broad platform and the speeches in each instance were identical. How was it with the reform party? In North Hastings, vacated by Hop. A MIDLANDER TO THE FRONT -The complaint is sometimes made that graduates of Canadian colleges too often fail to make pro-Cavadian colleges too often fail to make proper use of the education largely given them by the nation. But in the case of Lieut. Geo. Laidlaw, recently elected reeve of Bexley by a handsome majority over a very strong and popular opponent. Mr. E. Lytle, there is an example, the first on record, we believe, where a distinguished graduate of the Royal Military College, having settled down to farming, the grandest of all professions, has been elected to be chief magistrate for his municipality. That Lieut. Laidlaw gave his country meritorious military service in the North West rebellion where while leading his men in the charge through the rific pits he was severely wounded, is exemplified by his brilliant military record. That he will well and truly serve his county, the one his honored father loved to well, is unquestioned. The WARDER congratulates the distinguished Royal Military College graduate on proving himself a true citizen soldier, in time of war the first in the field, and in time of peace advancing the nation's best interests.
