REABORO.

ACCIDENT.—A very serious accident occurred about one mile north of here on Thursday night of last week by a passing freight train. Mr. Thomas Wilson, a farmer living about two miles north of here was returning home from Omenso, and as the night was stormy and cold Mr. Wilson was walking behind his sleigh, when the train came on him unawares; the team hearing the noise took fright, jerked the sleigh from Mr. Wilson's hands and made for home. They were just about over when the train struck them, killing one of them instantly, and carrying the other about a quarter of a mile up the track before the train could be stopped. On removing the animal from the train it was found that it had two of its legs broken, so that it had to be killed. The loss is a heavy one to Mr. Wilson, as he will have to buy another team in order to put in his crop in the spring.

FUNERAL.—Mr. John Calvert of this place is making preparations to build a new house. We are glad to hear that Mr. Robert Beattie's family are recovering from their illness. We are sorry to hear of Miss May Howden's illness. We hope that she will soon recover. What has happened to our Wabamun correspondent last week? Oh, I guess matrimony must have been the cause.

The Opening of Parliament.

Parliament opened on Thursday, 26th Jan'y and was well attended, nearly all the members being in their places. The usual dress display in the Senate, the usual dress display in the Commons were indulged in. His Excellency the Governor General and Lady Stanley of Preston, Lieut. Governor Kirkpatrick and his estimable lady, General Herbert, Judge of Supreme Court, and other notables in uniform were present and lent interest to the scene.

Before leaving for Ottawa we were favored by requests from young ladies and gentlemen attending the Normal school, not only from Victoria, but from Durham, Ontario, and other counties, for tickets of admission to the opening of Parliament. As the teachers everywhere know, nothing affords us more pleasure than to oblige them. In this instance it was a double enjoyment. Through the kindness of Col. Smith, the courteous Sergeant-at-Arms of the House of Commons, all the young ladies and gentlemen of our acquaintance at the Normal School were given tickets of admission. They were present at the opening and enjoyed it very much.

The House was shocked to learn on Friday of the death of Mr. Armstrong, the liberal member from South Middlesex. A handsome wreath was placed on his desk by the liberal whip Mr. Jas. Sutherland. Both sides of the House expressed sincere regret at Mr. Armstrong's death. He was a very worthy man and was very conscientious in all his acts.

Saturday night His Excellency Lord Stanley and the Lady Stanley of Preston held a reception in the Senate chamber. Thousands attended and the dresses were especially fine. It was our intention to be present, but having gone to Montreal on business that day we were late returning to Ottawa, the storm keeping the train late. The reception was over by 9:30 o'clock.

Sunday was rainy. The streets became thoroughly coated with ice and falls were numerous.

Hon. Mr. Wallace was indisposed through a severe cold on Friday but is himself again. He is doing remarkably well in the customs department.

The old denizens of room 27 have this session secured a much more commodious room in the old agricultural committee room in the south west corner of the main building overlooking the grounds and Oxtier's statue.

E. A. Hardy Esq., B.A., of Lindsay collegiate institute visited Ottawa on Friday, and it afforded us great pleasure to show him around the buildings. Friday evening he lectured to the young people's society of christian endeavor in the congregational church on Elgin street to a very large audience. Mr. Hardy created a very favorable impression, and will be welcomed back to Ottawa whenever he comes.

Among those from Lindsay district at the Normal school here are Miss B. Stewart of Valencia, Miss Silverwood of Oakwood, Miss Wards of Bobavaycon, Miss Delamere of Minden, Miss Ross of Osneston, Miss Christie of Port Perry, Miss O'Connell of Downsview, Mr. Carmichael of Woodville, Mr. Clappell of Cameron, Mr. Mills of Lifford. Many of them were trained in Lindsay Collegiate Institute.

Miss Laura Lovey of Lindsay is engaged as cashier at a good salary in an Ottawa manufacturing establishment. It is considered better than teaching.

Mr. Charles Cliff, an old Lindsay Collegiate Institute boy and a former clerk in the WARDEN'S office, occupies a seat in the reporters' gallery as representative of the Montreal Herald.

The debate on the address began on Monday, Mr. Laurier having been ill on Friday. The usual postlimine waltz of Laurier and Cartwright resounded through the Chamber.

The session has been so short and sweet. It is expected to be over about the end of March.

A fire occurred in the Ottawa Collegiate Institute on Monday night about half-past nine o'clock, which completely destroyed the interior and roof of the building. There is a lesson to be learned from it. The fire originated in the chemical department. It is supposed the students working in the laboratory had not been sufficiently cautious in removing effects of chemicals and that caused the fire.

The debate on the address was concluded on Monday night and the division took place before midnight. Messrs. Laurier and Cartwright with unusual want of judgment moved an amendment to the address, hoping to carry division and dismay among the conservatives. Though many from British Columbia, Manitoba and other parts had not reached the city, and some were in Montreal attending Mr. Davin's lecture, yet the majority was a round 50.

Dr. Sprule, chairman of the committee on Agriculture and Immigration, is moving to inquire into the recent scheduling of Canadian cattle in Great Britain.

Hon. John Doherty returned to the Capital on Tuesday morning, and gladdened his friends of the Commons with his cheery words and looks.

In Memoriam.

To the memory of dear sister Bessie, who died Nov. 19th, 1892.

Once more the joy hand of Death Has come within the door And taken our loved sister home To tread the heavenly shore.

Her lovely face we'll see no more While in this world of pain, But there's a nobler, happier clime Where we with her may reign.

That clime is Heaven, the home of those Who on the Lord believed; The mansion of the blood washed throng, Who have their crowns received.

While here on earth she suffered much, But never did complain; She bore it all so patiently, Although great was her pain.

A kind and loving mother she has been This past three years; Her sweet and gentle little girl, She loved her, oh so dear.

But now she's gone, her work is done, She's gone to join the best; Around the throne of God in Heaven In snow-white garments dressed.

Then let us who are left behind, Love and obey the Lord, Then we shall meet our Bessie, dear On Canaan's peaceful shore.

Farwell, Dear Bessie, oh farewell, For we shall meet no more, Till we are raised with Christ to dwell On Canaan's peaceful shore.

A Great Success.

Our new system of Cash, Produce, or short date accommodation assures the buyer the full benefits of a strictly cash business, while it affords the thrifty farmer the chance of exchanging his produce for goods at a cash value, whereas at a credit store he is forced to make the exchange at the price that is charged to the man who gets his goods charged for a year.

The matter is worth your consideration. Give it a fair trial and we will abide by your decision.

Stock is now well assorted.

Wanted, at highest market price, in exchange, all kinds of farm produce, white beans and dried apples.
