

# The Entering Wedge for Public Trade. We Split Prices in Half.

The Big Clothiers are booming along, sending out their goods to the distraction and mortification of the long established trades, who hate to see what they think their reservations encroached upon.

We are here to encroach, and will drive out of sight competition or know the reason why. We don't care how rich and great some firms claim to be we can pull the wool over their eyes and sell right under their noses to people they call their customers.

## Stacks of Suits, Stacks of Overcoats, Stacks of Pants.

Every Line a leader. Every price a killer for our competitors.

Be not deceived by people who trade under false colors. The other day a person looking for our place got into another store; when he asked "Is this Gough's?" he was led to believe it was. Buyers should take every precaution to look us up for we rely on the invaluable advantage of square dealing in an honorable and square way, and with prices 50 per cent. below all competitors is the ironclad basis on which we are doing a triumphant clothing trade.

Don't forget the Baby Show. \$25 prize for the finest baby.

A Victoria Road bride of recent date has the honor of having in her possession a wedding dress which enjoyed an express trip to the Pacific Coast and return. The dropping of the word "road" in the address on the parcel was the cause of its going to the British Columbia capital. The French husband and his brother made it quite lively in town on a couple of occasions, as they wanted to get out a search warrant in order to find out what had become of the wedding garment.
