

THAT OLD PLAN

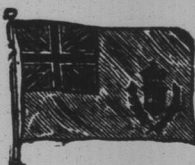

Of putting off until next spring what should be done now doesn't pay. It is a losing game. In no way is this better proved than by the neglect of one's eyes. If you wish to retain to the fullest possible extent the advantages and enjoyment afforded by good sight heed the warning nature gives when first you find your sight failing. It is our business to remedy or relieve defective or waning vision when it can be done by any kind of glasses whatever. We are prepared to help you in any case of eye trouble in which the use of spectacles will be beneficial.

We make no charge for examination. Whether you need or buy glasses or not our services are given free.

CLOSING OF CHICAGO FAIR.

On Oct. 31st the great fair at Chicago was formally closed. It was a great success, and has done much to advance the cause of civilization among all nations, as well as to advance the arts and sciences. Nearly four million people were drawn to the city by the various railways there centering, and considering such a vast number there were very few killed, though several deplorable accidents occurred. That so many attended from Victoria county is matter of surprise to careful observers. It is estimated that from twenty-five to thirty thousand dollars alone were spent by those from this district in attending the great fair. Surely this does not indicate very hard times. The question just arises, could not the money have been put to much better use at home. The fair indicates the great advance made in civilization. There people met from every nation under the sun and went home broadened and enlightened. The good conduct of the citizens of Chicago, too, is another pleasing feature of the fair. It has done much to remove erroneous impressions of that great city.

EXTENSION OF THE IRONDALE, BANOCROFT AND OTTAWA RAILWAY.

This week another ten miles of the Irondale, Banocroft and Ottawa railway were opened up for regular traffic; and "Pine Lake," or Gooderham is now the terminus of the line. The road now extends from Kinnoult on the Haliburton branch to Gooderham away in Monmouth. This may seem unimportant, but really it is of great interest to Lindsay. It means that persons who formerly were too remote to drive to Irondale for the train are brought within easy reach thereof. It means that new country is opened up to Lindsay trade. It also means the development of rich mineral resources, and hardwood timber industries. In many other respects it is of importance to Lindsay. Let the people of the town and township cast their eyes to the fact that this is an act of progress. If this district does not move some other will and enter the benefits that properly belong to Lindsay. Railway extension to

A Bright Lad,

Ten years of age, but who declines to give his name to the public, makes this authorized, confidential statement to us: "When I was one year old, my mamma died of consumption. The doctor said that I, too, would soon die, and all our neighbors thought that even if I did not, I would never be able to walk, because I was so weak and puny. A gathering formed and it gathered and threw out pieces of bone. If I hurt myself or cut my finger and it was sure to become a running sore. I had to take lots of medicine, but nothing had done me so much good as Ayer's Sarsaparilla. It has made me well and strong." R. D. Noctor, Kans.

hardwood forests would be one of the best moves possible for the prosperity of the railways, the towns, and the farming districts. Mr. O. J. Pusey, president of the Irondale, Banocroft and Ottawa railway deserves the hearty congratulations of the public for his indomitable pluck and enterprise. His able staff too should not be forgotten, nor will they be.

DEATH OF HON. SIR JOHN ABBOTT.

Canada is once more called on to mourn the death of one of her brightest and bravest citizens and statesmen. Hon. Sir J. J. C. Abbott, late Premier of Canada, died at his home Montreal on Monday, 30th Oct., and was buried yesterday. In another column will be found a record of the career of that noble citizen. His life was one of great usefulness, and the nation will never forget his self-sacrifice in accepting the Premiership and saving Canada on the death of his illustrious predecessor, the Right Honorable Sir John A. Macdonald.

EDITORIAL NOTES.

A fine statue of Sir John Macdonald was unveiled at Hamilton on Wednesday with imposing ceremonies. Sir John Thompson, Sir Adolph Caron, Sir Charles H. Tupper, Hon. J. C. Patterson, Hon. T. M. Daly, Hon. N. C. Wallace, Hon. John F. Wood, besides Sir Oliver Mowat, Hon. J. M. Gibson, and many members of parliament and leading citizens of Ontario were present. Those representing the government left at night for Montreal to attend the funeral of Sir John Abbott on Thursday.

FENELON FALLS.

The LOCAL UNION of Christian Endeavour held its regular quarterly meeting in the Baptist church on Tuesday evening Oct. 31st. Short addresses were delivered by the presidents of the three different societies, and also by the resident ministers. The attendance was good and the proceedings were enlivened by singing from a union choir. The addresses were followed by a consecration meeting led by the Rev. G. McColl, in which a large number of members renewed their vows. On Monday morning one of the most valuable of Mr. J. D. Naylor's celebrated Southdown sheep, came home with one leg worried up to the shoulder. It looks as if some of the dogs of sheep worrying propensities were still at large. Mrs. W. Logan, wife of the Rev. Canon Logan of Toronto, is spending a few days in the Falls, the guest of Mr. Thos. Roberts. The many friends of this worthy lady are delighted to see her looking so well.

ONE MOMENT.

FARMERS are busy now teaming out their grain, as ploughing is about completed. Buckwheat is paying well, also oats, and the prices please. THE SUNDEN DEATH OF Mr. C. McLean, agent, cast quite a gloom over our village, as he was present a short time ago at the military entertainment. THE REV. MR. McCANN of Christ's church is very popular, and building up a large congregation. The rev. gentleman delivers very practical discourses, denouncing all kinds of evil existing in our midst, and not excepting men for idleness, describing the lazy man as a terrible bad example to the public, besides being a great burden to himself. Last Sunday he spoke of the ill-fated train at Battle Creek, and the special providence, while many christian people were victims yet he was thankful that his good brother the Rev. R. Johnston, of Lindsay, did not take that train, and that he was still spared to continue in his good work. Rev. Dr. Smith who recently was here from Queen's university Kingston, visited our high school there being a number of students at present attending Queen's who obtained their training here. As the Dr. is from a military city he expected the pupils of the high school to rise and acknowledge him, which they neglected, but will know better the next time. ROBT. JOHNSTON has returned from Carbery, Man., to finally reside in Ontario after two trials there, and intends now settling down and taking a better half to himself, thereby becoming a wiser and happier man, and have some one to close his eyes when he departs from this world. It is to be hoped other bachelors will follow his good example. Our fishing operations are going along well. R. Graydy hopes to soon occupy his new post office. W. Curry's new

house is rapidly approaching completion. John Beatty's new residence is about ready. Our village is looked upon as being one of the most busy during the "so-called dead times." C. O. TAYLOR has been here settling the life risks on the late George Lamb in the Canada life. WE REGRET to lose one of our most estimable and talented young ladies, Miss English, captured by E. Scarlett of Montreal. No man, place, riches, or attraction is any too good for her, is the universal opinion here. Y.M.C.A. Notes. On Sunday, Nov. 5th, the meeting in the Y.M.C.A. Rooms at 4.30 will be addressed by Rev. R. Johnston. This meeting is open to all ladies as well as gentlemen. Boys' Bible class, Sunday morning at 10 a.m. Topic—"Call of the first Disciples." The entertainment to be given by the ladies auxiliary on Thursday evening last has been postponed until further notice. The new board of directors will meet on Friday evening Nov. 3rd, at 8 p.m., to appoint officers and committees for the year. Peterboro and Victoria Prime Cheese. The Peterboro Examiner of Tuesday, 31st Oct., says:—A regular meeting of the cheese board was held in the town council chamber this afternoon. Only one factory present was Messrs. Cook and Wrighton, McLeod, Fitzgerald, McCargar, Knapp and Cluxton. The bidding was started by Mr. Cook offering 10¢ for selections (both months make to be sold). Mr. Knapp raised this to 10¢ and Mr. Cook went 11¢; Mr. Knapp jumped to 12¢ and Mr. Cook raised the figure 10¢ to 13¢. He offered this for Shearer and Lakefield, which was refused. Mr. Knapp offered 10¢ to 13¢ for selections and Mr. J. G. Galvin, of Lakefield, who presided in the absence of President Drummond, after waiting for some minutes could not obtain a higher bid, and Mr. Knapp's offer which was made to all the factories, was refused. It was expected that Tuesday's meeting would be the last one of the board, but on account of none of the factories accepting the offer, it was moved and seconded by Messrs. Cook and Knapp, that the board adjourn for one week.—Carried.

Repeal Passes the Senate.

WASHINGTON, Oct. 30.—Shortly after 3 o'clock Senator Culquith of Georgia was wheeled into the senate chamber in his invalid chair in anticipation of a vote this afternoon, but there were still several senators who desired to be heard. The debate was continued until 7:40 o'clock and was closed by Senator Stewart, and then the Vice-President stated that if no further amendment was offered, the vote would now be taken on the engrossment and third reading of the bill. That was agreed to without a division. Then the vote was taken by yeas and nays on the passage of the bill as amended, and it was passed—yeas 43, nays 32. As soon as the vote was announced Mr. Voorhees made a motion to adjourn and the Senate adjourned till to-morrow at noon. Senators are counting upon an adjournment or a recess by Thursday. Which it shall be will depend wholly upon the wishes of the committee on Ways and Means. Prominent members of the House assure Senators that the House will disapprove the repeal bill in one day. SEN HOUSE READY FOR THE BILL. When the repeal bill comes to the House Mr. Wilson will be recognized to move concurrence in the Senate amendment. The silver men show no disposition to filibuster, but if they should try such tactics a rule will be brought in by the committee on Rules that will force an immediate vote. Although Mr. Bland and the extreme silver men, and indeed even some of the repeal men, would like the declaratory clause of the Voorhees' substitute stricken out, they will be outvoted. The repeal men have been telegraphed to be here, and they expect 250 members present when the bill comes to the House. The bill was also passed by the House and signed by the President.
