The Victoria Warder. FRIDAY, DECEMBER 22, 1893. DUNSFORD

PRESENTATION OF ADDRESS.—At the regular meeting of the I.O.G.T. Lodge on Friday, Dec. 16th, the following address was presented to Messrs. McFadden and Hay, previous to their departure from this community to continue their educational pursuits in the Lindsay Collegiate Institute.

INGOLDBY. DIPHTHERIA.—This much dreaded disease has made its appearance in this locality again. It visited the family of Mr. Alex. Anderson and carried off three members of his family.

CHINA'S CURSE OF OPIUM. "Seven-tenths of the people of China are opium smokers, and 3,000,000 of them die annually from its effects," said a Chinese missionary recently, who has spent 22 years of his life in the Flowery Kingdom.

CHILDREN CRY FOR PITCHER'S CASTORIA. When Baby was sick, we gave her Castoria. When she was a Child, she cried for Castoria. When she became a Girl, she clung to Castoria. When she had Children, she gave them Castoria.

The popular name "Paine's" is now a household word all over this great North American continent. When the name is heard or mentioned, it instantly recalls health, strength and a new existence that is always brought to sufferers who use Paine's celery compound.

The Cause of Diphtheria. Diphtheria is due to a fungoid growth. Yet its mode of dissemination is still among the obscurities of science. Water does not seem to spread it, and contrary to the general impression, it is uncertain whether bad drainage, unless by producing a low condition of the system, favorable to attacks of any malady, has much connection with it.

CONSTITUTION CURED. This rolling extract from a letter from Mr. Owen, Bury, N. W. T., will speak for itself. "I have been troubled with constipation and general debility and was induced to use your B.B.B. during a recent visit to your place. I now take great pleasure in recommending it to all my friends, as it completely cured me."

Prohibition Pointers. There were 2,100 distilleries opened in the United States last year, but like notice there was not one opened in Kansas. A lady, who is the wife of a rector in England, asked permission to speak on the temperance question in the church, and the authorities of the church were glad to have her do so, but the place was consecrated!

Dr. McKay Criticizes Principal Grant. In a recent address given at Watford, Dr. McKay says: "I see in day's Globe a letter from Principal Grant, in which he vows himself opposed to prohibition. I yield to no one in my admiration and respect for Mr. Grant as a politician and a man of letters, but I do not do so in regard to his views on the liquor traffic."

Both Sides of the Question. An interesting controversy has been taking place in the Globe, between Mr. W. T. B. Preston and Mr. Frank S. Spence, on the subject of prohibition. Mr. Preston wrote a letter to the Globe reporting the impressions made on him against prohibitory laws by what he has seen and read in the States. It was under a partly a partial and one-sided letter. His main point was that the law was extensively broken, and Omaha, under the license system, was held up as an illustration of a far better state of things.

Unlocks all the clogged avenues of the Bowels, Kidneys and Liver, carrying off all the impurities and foul humors of the secretions; at the same time Correcting Acidity of the Stomach, curing Biliousness, DYSPEPSIA, Headaches, Distinct Heartburn, Constipation, Dryness of the Skin, Dropsy, Dimness of Vision, Jaundice, Salt Rheum, Rheumatism, Gout, Stuttering of the Heart, Nervousness, and General Debility; all these and many other similar Complaints yield to the happy influence of BURDOCK BLOOD BITTERS.
