All the talk in the corridors of Parliament and the hotels to-day Wednesday, was regarding the budget. The conservatives seem pretty well satisfied, and the majority express the highest opinion of Mr. Foster's speech. The liberals on the other hand claim that the speech was very open to attack, and that Sir Richard Cartwright would make big holes in it to-day.

Undoubtedly however, the liberals are somewhat disturbed by the reductions in favor of farmers. They feel that the argument of a cut of nearly half in the duty on agricultural implements will be hard to meet on the stump.

MONTREAL, March 28.—There is not a doubt that the new tariff is not so hard on manufacturers as was expected and the consensus of opinion in Montreal today is that the measure is far from radical. Take cotton and woollen stock for instance. For several months these have been depressed owing to the uncertainty. Now the reduction of duty has been announced cotton stock has taken on a firmer tone and has not been so strong for the past year. A prominent sugar man professed to be so little interested that he did not think it worth while to read the paper. After learning that the yellows were free and refined reduced in duty, he said that would not affect his trade in the least. The iron and steel industry, however, has not been so liberally fulfilled, so much so that the Wilson bill, as it emerged from the United States House committee last December, is by comparison with the new Canadian duties an extreme protectionist measure.

It is stated here that local liquor dealers during the past few days have taken out of the bond \$250,000 worth of liquor expecting a rate in the duties on spirits. Now they lose the interest on the money by reason of the unchanged rates.

ST. JOHN, March 28.—Among farmers and mariners here there seems much dissatisfaction expressed that the government has not reduced the duties on Indian cornmeal and coal oil. The farmers wanted these items reduced so that there could be legitimate competition with the Canadian article and the vesselmen expected a reduction in oil duties would have given increased carrying traffic.

The Toronto Empire says: He (Foster) completely falsified the predictions of those who said the government admitted the national policy a failure and was prepared to abandon it. On the contrary he stood right by the policy which has done so much for Canada. That the new tariff will please everybody is not to be expected, but we believe it will give general satisfaction and if it does so the government has nothing to fear from the carpings of a few who would not be happy without a controversy.

F. Kevill, the earnest and energetic C.E. president who has accepted a call to another place in his capacity as chessmaker. Mr. Morgan Lewis, the newly elected president was appointed chairman and called on the following programme: 1 selection of music by choir, 2 reading by Rev. Mr. Motherell "The house top saint" very practical, 3 reading by Mr. Lewis "Henry Ward Beecher's advice to his son," 4 instrumental by Mr. and Mrs. Birch, organ and violin, 5 speech by Mr. T. Robertson in which he gave some very good advice, 6 selection by choir, 7 speech by Mr. John Lewis in which he gave young men some pointers in good reading, choice of wives and etc. 8 speech by Rev. Mr. Motherell, 9 chorus by choir, 10 speech by Rev. Mr. Birch which closed the programme. The ladies then opened their baskets which were laden with good things for the ladies and children of all present. The tea was an excellent one and entertained the company for the usual length of time. Tea over, music and singing followed, the company breaking up with "God be with you till we meet again."

UPHILL. special to The Warrier. A. M. LOVE, an IRISHMAN, Magistrate Bailey came here on the 22nd inst., for the purpose of trying Mr. A. M. Love of Sibiright on the charge of having stolen a pit of potatoes from the farm of Mr. L. Burton of Dalton. The charge was laid by Mr. "Old" Burton, a son of the proprietor of the farm from which the potatoes were taken, and he was instructed by the magistrate with the serving of the subpoena upon Mr. Love a duty he never performed consequently Mr. Love did not appear here Thursday. Mr. Burton on his way to Mr. Bailey's passing through here made no secret of his purpose and the many people acquainted with Mr. Love began to think that gentleman had been seized with an intense desire to possess all Irish (you know he cogan by marrying an Irish woman) and had decided to first take the "taters" and probably after that the "pothens" Mr. Love in his capacity of township assessor called on his assessor and don't seem at all in love with the ridesthe impudant case upon his heretofore fair reputation. He seems to think being "shown up" as an Irishman has too many disadvantages consequently he has armed himself with the necessary written proofs to show that the potatoes alleged to have been loaned were really bought from Mr. Chas. Burton another son of the owner of the farm. The proofs adduced by Mr. Love consist of a letter from Mr. Burton S., stating that his son Charles had full authority to dispose of the property in question and a letter from Mr. Charles Burton stating plainly that he had sold these potatoes to Mr. Love. If in these letters Mr. Messrs Burton are really truthful Mr. "Old" Love has been guilty of perpetrating a grave misdemeanor through carelessness and Mr. Love is undoubtedly innocent of any attempt to capture by unfair means these things that are Irish. Nobody believed Mr. Love guilty of such a charge, at least not after it was learned that the whole value of the potatoes was only \$1.50. People could not believe Mr. Love a thief unless a bank and all the management were missing. It is to be hoped Mr. Love will succeed in having the proper justice meted out to a person who with no foundation for the charges so maliciously smelt his character.

SOCIAL AND CONCERT.—A very enjoyable time was spent at Bishop's School, Madocross last Thursday evening, March 22nd, the event being a social and concert for the children, but which ultimately proved to be for the older children. The usual dances of tea-meetings were served up in great abundance as well as the most interesting and enjoyable of all, the grand old-fashioned dances. (We wonder what happened those dances that were packed away among the dishes? A certain young man, who got home the next morning, would miss them considerably, no doubt.) A very good programme of singing and reciting was carried out. Mr. Will and Miss Ethel Hodgins, and Miss L. May and T. R. Vallentyne of Cambridge, helped in the singing. As near as we can find out, the object of the arrangement was to get a dictionary for the school. Total receipts about \$13, expenses \$13. Net surplus—Our chairman kept excellent order. There were over 130 boys, Thursday evening! I guess they weren't in it.

AGRICULTURAL implement agents report their business to be very dull at present. A good many farmers could get their grain out cheaper by hiring a binder than they can by buying. There is one great trouble in the way though; they are not sure of getting one just when they are ready to out.

"AT HOME"—The members of the Y.P.S.C.E. of this place, together with some invited friends spent a very enjoyable time at "at home" given by that society in the baptist church here, it being the anniversary of the society's organization a year ago, also the eve of the departure from our midst of Mr. C. F. Kevill, the earnest and energetic C.E. president who has accepted a call to another place in his capacity as chessmaker. Mr. Morgan Lewis, the newly elected president was appointed chairman and called on the following programme: 1 selection of music by choir, 2 reading by Rev. Mr. Motherell "The house top saint" very practical, 3 reading by Mr. Lewis "Henry Ward Beecher's advice to his son," 4 instrumental by Mr. and Mrs. Birch, organ and violin, 5 speech by Mr. T. Robertson in which he gave some very good advice, 6 selection by choir, 7 speech by Mr. John Lewis in which he gave young men some pointers in good reading, choice of wives and etc. 8 speech by Rev. Mr. Motherell, 9 chorus by choir, 10 speech by Rev. Mr. Birch which closed the programme. The ladies then opened their baskets which were laden with good things for the ladies and children of all present. The tea was an excellent one and entertained the company for the usual length of time. Tea over, music and singing followed, the company breaking up with "God be with you till we meet again."

Mr. Richard Murdoch is home for Easter. Dick looks well.

SWEAT MAKING is all the go now, taffy being at a premium amongst the young ladies. There is a change has been made lately for the transmission of love letters. The new system adopts a hymn book as mail bag.

QUERRY—Who is the young man from a distance, on whom two of our young ladies smiled so kindly last Sunday. Nuff said.

UPHILL. special to The Warrier. A. M. LOVE, an IRISHMAN, Magistrate Bailey came here on the 22nd inst., for the purpose of trying Mr. A. M. Love of Sibiright on the charge of having stolen a pit of potatoes from the farm of Mr. L. Burton of Dalton. The charge was laid by Mr. "Old" Burton, a son of the proprietor of the farm from which the potatoes were taken, and he was instructed by the magistrate with the serving of the subpoena upon Mr. Love a duty he never performed consequently Mr. Love did not appear here Thursday. Mr. Burton on his way to Mr. Bailey's passing through here made no secret of his purpose and the many people acquainted with Mr. Love began to think that gentleman had been seized with an intense desire to possess all Irish (you know he cogan by marrying an Irish woman) and had decided to first take the "taters" and probably after that the "pothens" Mr. Love in his capacity of township assessor called on his assessor and don't seem at all in love with the ridesthe impudant case upon his heretofore fair reputation. He seems to think being "shown up" as an Irishman has too many disadvantages consequently he has armed himself with the necessary written proofs to show that the potatoes alleged to have been loaned were really bought from Mr. Chas. Burton another son of the owner of the farm. The proofs adduced by Mr. Love consist of a letter from Mr. Burton S., stating that his son Charles had full authority to dispose of the property in question and a letter from Mr. Charles Burton stating plainly that he had sold these potatoes to Mr. Love. If in these letters Mr. Messrs Burton are really truthful Mr. "Old" Love has been guilty of perpetrating a grave misdemeanor through carelessness and Mr. Love is undoubtedly innocent of any attempt to capture by unfair means these things that are Irish. Nobody believed Mr. Love guilty of such a charge, at least not after it was learned that the whole value of the potatoes was only \$1.50. People could not believe Mr. Love a thief unless a bank and all the management were missing. It is to be hoped Mr. Love will succeed in having the proper justice meted out to a person who with no foundation for the charges so maliciously smelt his character.
