It is, indeed, a question whether the proposes that the closed season should committee of the International fishing association, should not be adopted. He proposes that the closed season should commence in December, the object being to
stop the slaughter of fish which is carried

replenishing the lakes. Peterboro Examiner, May 14.

The boat passed rapidly up without having to pause for the swinging of the bridge, which was immediately awung back to receive the incoming train. The dexterity with which the swinging of this massive structure was managed, reflects great credit on those in charge, The "Water Witch" has since taken two return trips to Cameron lake, and on two return trips to Cameron lake, and on Monday night the Hamilton H, came down to the head of the canal,
