NECESSITY'S DEMANDS.

ANOTHER BIG DRIVE IN CLOTHING

We secured at a tremendous sacrifice, and opened up this week one of the best bargains we have ever shown since opening in Lindsay. It consists of a mixed lot of Men's, Youths' and Boys' Suits. Men's, Youths' and Boys' Pants and Vests, Odd Men's, Youths' and Boys' Cottonade Pants. Men's Blue and White Overalls, etc., with and without Bibs.

We will offer the lot at a big reduction on their regular values, and can make it very interesting to every intending purchaser of clothing

WE NEVER CRY WOLF. WHEN WE ADVERTISE A BARGAIN WE HAVE IT

Never before have we been in a better position to offer bargains in clothing than we are to-day.

If you want Men's suits, Youths' suits, Boys' suits, odd Vests or Pants, Overalls, Smocks, Light Weight Serge Coats and Vests, Alpaca Coats and Vests, Hot Weather Clothing, or Men's Waterproof Coats, do not think of purchasing without first seeing the special prices we are quoting for these lines.

Big Drop in prices of White and Grey Cottons

Prices of Grey and White Cottons have touched the lowest point ever known in the history of the trade. We are offering wonderful value just now, and a big saving can be effected by purchasing while present low prices are offered.

Archbishop Cleary.

Kinaston, June 4.—The following letter appeared in The News to-night over the signature of Rev. John Mackie, pastor of St. Andrew's Presbyterian church:
"While reading James Vincent Cleary's last effusion (which appears on page three of this week's 'Wanted') one could not help recalling the fable of the frog, which, for the increasing admiration of the beholder, kept inflating itself till it burst. Surely the point of catastrophe was almost reached when he laid the question to his soul, that his vulgar abuse of Kingston clergymen had taught them better behavior. Verily, the vanity of this individual is perfectly wonderful. Would that he could see himself as others see him; that his ears were open to hear the laughter of the Protestants, and his eyes the shame that suffices the faces of the Roman Catholics. No clergymen in Kingston care one jot whether he called them demons or cherubims. They treated his insolence at the time with that silent contempt which he deserved. They regard with disdain the teaching; it is certainly not in his pulpit example, that the protestant clergy of Kingston will find their stimulus to propriety of conduct not to speak of a truly apostolic life. He was trained to teach others very different lessons; let him stick to his text. If he likes to have dodges and glibbie disciples, what need for that ridiculous disquisition on demonology? The man might just as well have set himself to prove that James Vincent Cleary has a slanderous tongue as to prove to the people of Ontario the reality of demons. Everyone sees them going to and fro, and walking up and down in the provinces, and laughing at one another, that their favorite resting places are the pinnacles of the temple."

Town Council.

MONDAY, June 4th.
In the absence of the mayor and council, on motion, Mr. Deputy Reeve Crandell took the chair and called the council to order, some three or four seats being vacant when the deliberations of the town parliament commenced, but were shortly filled, the absentees including his worship the Mayor, who had just returned home taking their places.
The following communications were read: From Edward Macdon, in regard to a drain on Adelaide street which was defective, there by causing his lot to be flooded. Referred to street and bridge committee.
Two accounts one from H. Workman for work, and one from W. D. Hunter for an extension ladder for the fire brigade, were presented and referred to the finance committee.
Report of chief constable for May year, showing the amount of fines collected to be \$39 16. Referred to police committee.
Mr. Touchburn, chairman of the street and bridge committee, reported verbally in reference to the several applications that had been referred to that committee for tile, stating that the committee were opposed to granting any tile except in the manner laid down in the by-law, that is, when the tile is done by the satisfaction of the street and bridge committee, that the tile used will be paid for by the council. The chairman was directed to have the report presented in writing so it could be entered on the minutes.
On motion of Mr. Crandell, seconded by Mr. O'Halloran, the sum of \$5 was placed at the disposal of the chairman of the town property committee for the purpose of establishing a portion of the market building.
On motion of Mr. Johnston, seconded by Mr. Keith, the chairman of the town property committee was instructed to have the by-law to amend the market by-law.
Mr. Anderson also gave notice of a by-law to amend the fire by-law.
On motion of Mr. Keith it was agreed that when the council adjourns, it be to the first Monday in July, and from that date until October that there be only one meeting each month.
Mr. Crandell as chairman of the town property committee, very mildly, knowing that the matter complained of was something like the "mountain in labor bringing forth a mouse" asked the council to define the right of Mr. Touchburn, chairman of the street and bridge committee, in selling lime and sand from the gravel pits. Mr. Touchburn explained that the lime was sold, not of either being given away or sold but was necessary to remove to rest at the gravel pit. Mr. Touchburn, considering the large quantity of lime sold in the town, and the fact that the lime was sold without any expense to the town. After several of the members had spoken, some laboring under the idea that the lime was sold for the benefit of the town, Mr. Crandell wrote to the G.T.R. company in regard to the dangerous state of the culverts under their control within the corporation.
A motion was passed giving the usual guarantee of \$200 to the South Victoria agricultural society, Messrs. Staples, Gilgilly and Touchburn being appointed directors on behalf of the council.
Council adjourned.

Sir Charles Tupper Disatisfied With the Experts.

LONDON, June 4.—Sir Charles Tupper, being disatisfied with the results of the inquiry instigated by the Right Hon. Herbert Gardner, President of the Board of Agriculture, in regard to the condition of the lungs of slaughtered Canadian cattle, has decided to employ experts independent of those in the service of the Government, and in other ways shift the matter so as to present to the Government an absolute barrier to the freedom of Canadian cattle from disease.

Y.P.S.O.E. Notes.

A meeting of the young people of Zion Methodist church, Fenelon Falls, took place Tuesday evening May 15th by Rev. F. J. Anderson of the Cambray circuit for the purpose of organizing a Y.P.S.O.E. There were present A. E. Bryson, Cameron, county organizer and J. E. Carmichael, Cambray. The former spoke on the work in general and the latter on the "pledge" after a thorough discussion on C.E. work the young people being favorably impressed with the importance of it, and besides feeling a responsibility upon them, decided to organize. In consequence on Tuesday evening, May 22nd, the Y.P.S.O.E. of Zion church was organized with eleven members—six active and five associate. These are the names of the officers, President—A. E. Bryson, Cameron; Vice-President—Miss M. Langford, Cameron; Secretary—Miss S. Wornley, Fenelon Falls; Treasurer—Miss M. Wornley, Fenelon Falls.

The Weather.

"Labor versus Capital."

LINDSAY, June 5th, 1894.
Dear Sir,—Your editorial of May 18th upon the strike at Pullman—entitled "Labor versus Capital" largely a fraud would lead readers to believe that the working people of Pullman have no cause for complaint.
Anyone unacquainted with the merits of the case might infer from your article that the strikers should be given the benefit of the doubt, and hence under the benign protection, generous and fatherly care of the Pullman company.
In this, as in other cases of strikes and labor troubles, there are two sides to the question and your editorial is extremely one-sided and unjust.
There is no place in the country where a strike would do more for the cause, to be less likely to succeed, than at Pullman, which was built some years ago on the most advanced principles, and was supposed to afford an example to the world of the way to settle a vexed problem of the relations between labor and capital. The town was laid out on the most approved engineering, architectural and sanitary principles. The houses were at first rented to the strikers, and an open house for them. The inspection of streets, sewers, and even houses, was strict, so that health and comfort would give away, the man was sold at 10 cts. sold, not of either being given away or sold but was necessary to remove to rest at the gravel pit. Mr. Touchburn, considering the large quantity of lime sold in the town, and the fact that the lime was sold without any expense to the town. After several of the members had spoken, some laboring under the idea that the lime was sold for the benefit of the town, Mr. Crandell wrote to the G.T.R. company in regard to the dangerous state of the culverts under their control within the corporation.
Council adjourned.

Grand Orange Lodge.

The following is a copy of the address from the town council presented to the grand orange lodge at its meeting here last week:—
To the Most Worshipful Grand Master and Sovereign and members of the Grand Orange Lodge of British America.
WORSHIPFUL GRAND MASTER AND SOVEREIGN, and MEMBERS—We, the Mayor and municipal council of the town of Lindsay on the part of our fellow citizens, without reference to religion or politics, beg to extend to you and your illustrious colleagues and brethren a hearty expression of welcome on this your first visit to the town of Lindsay in the county, bearing the name of our gracious sovereign lady Queen Victoria.

Report of the week ending Saturday night, June 2nd 1894, from Lindsay observatory:—

Victoria Road.

Special to The Wanderer.
At a meeting held at Victoria Road, agricultural grounds, Saturday p.m. June 3rd 1894, a foot ball team was organized with the following officers:—Pres., F. W. Anderson; Capt., D. Blanchards; Sec-treas., D. Loney; Man. com., A. Ryckman, J. Hinson, Walter Pres. The team is now open for challenge, which must be addressed to the secretary at Victoria Road P.O.

ZION—MARIPOSA.

Special to The Wanderer.
We are pleased to note that there is to be a celebrated union picnic of the Port Hoover and Fingerboard schools, on Friday, 15th June, in the grove belonging to Mr. Davidson, on the Star road, near Zion church. The programme commencing at 2.30 p.m., will consist of interesting readings, recitations, dialogues, music, etc., rendered by the pupils of the schools, and as a result, able aid is expected from Lindsay and adjoining places. The pleasures of the afternoon will be interspersed with games and other amusements. Parents and friends of the schools are cordially invited to attend.
Collegiate Institute Notes.
Owing to the continued wet weather the sports of Wednesday were unavoidably postponed until Tuesday afternoon, June 12th. This is a disappointment to all concerned, but the Literary society's excursion to Chemong, on June 14th will make up for everything.
"No changes" was the conclusion of the school board with regard to the petition of the students asking for a change of school hours from 8 to 10 instead of the present 7 to 10. This was to give the candidates an opportunity for reviewing the work of the term. The candidates have already started nearly \$700 for the examination, but this did not count for anything. However, the students are bound to get through and the seats are vacant in the afternoon already.

No Sign of the Fraser Valley Deluge Abating.

VANCOUVER, B.C., June 3.—The river still continues to rise. There is no indication that an abatement of the floods can be immediately looked for. Laney, Chillicothe, Harrison, Centerville and the water centres are completely isolated. The water being everywhere in sight. The only safe means of getting about is in boats. A Canadian Pacific trucker left Vancouver Mission and Ruby Creek. Passengers and mails are being transferred to the fourth in steamers.
This morning as the steamer "Mira Slough" departed from Victoria, passing Mira Slough the deck was of a father morn. The deck of the boat was found heeled to a raft floating in the water. This makes seven lives so far as known that have been lost since the flood began. It is estimated that the floods have damaged the railroad to the extent of three quarters of a million dollars up to the present time.
