Mining Horror.

Cardiff, Wales, June 25.—A terrible explosion occurred at 3 3/4 p.m., to-day in the Colliery at Cilydd, three miles from Pontypridd. It is estimated that 200 miners were killed either by the explosion or by falling earth and rock.

A Snake Among the Bananas.

Harry Burr, a carter, who probably handles as many bananas as any carter in the city, has had an experience which will be likely to remember for some time.

A Fort Erie Baby.

Was Pining and Fretting Away. LACTATED FOOD MADE IT FAT, PLUMP AND HEALTHY.

The Right Infant Diet for Hot Weather.

WILLIE THOMPSON.

The tender infant cannot be neglected during the hot weather. It is diet is the most important matter for the mother's attention and consideration.

Thousands of little ones die yearly in June, July and August, through the carelessness of mothers and nurses in feeding the helpless and innocent babes.

State and watery cows milk, and poorly prepared and indigestible foods are used in too many homes. We know the terrible results. Dysentery, diarrhoea follow when such foods are administered, and there is little hope for the weak babe.

At this season baby's security and salvation depends upon a daily diet of Lactated Food, the only prepared food that can take the place of mother's milk.

Lactated Food is the only infant nutriment that fully promotes baby's growth and healthy development; our best physicians are prescribing it daily, and sound its praises to every mother.

Mr. Geo. B. Thompson, of Fort Erie, Ont., tells how his infant son was saved by Lactated Food. He writes as follows:

"When our boy Willie was two months old my wife was unable to nurse it owing to illness. Baby declined in health, and although attended to by a doctor, it grew weaker and seemed to pine away. After trying everything we could think of, we heard of Lactated Food, and gave it a trial. Before half a 25 cent tin was used baby was quite improved. Willie is now one year old, and has used a great deal of Lactated Food. His out two teeth during the hottest part of the summer, and we hardly know he was cutting them; he has had no dysentery and is very fat and plump; all these good results we ascribe to Lactated Food. We wish you much prosperity in your work."

2 Neglects and the Result. Neglect cold in the head and you will surely have catarrh. Neglect nasal catarrh of the stomach with its disgusting attendants, foul breath, head aches, and vomiting. Stop it all by using Dr. Chase's Catarrh Cure, 25 cents a box cures.—48-1.

To destroy worms and expel them from children or adults use Dr. Low's Worm Syrup.—46-4.

Biliousness and Liver complaint, Headache, etc., are cured by Burdock Pills.—41-5.

Dr. Butler's Golden Pills have earned a reputation wherever employed. As a nerve tonic and blood builder they are unrivalled. They increase the appetite and promote healthy performance of all the functions of the body. A thoroughly scientific preparation, they never fail to effect a cure if directions are faithfully observed. Nothing harmful in their composition. The most delicate system will be benefited. Ask for Dr. Butler's Golden Pills and take no other.—49-1v.
