FENELON. To the Editor of The Warder. .

Sir:—Please alow me space in your valuable paper to refute the charge of a certain correspondent from Powle's Corners. In the issue of the 22nd ult. I was charged with having attempted te do the said correspondent a mean trick and also a great injustice. Now I deny the charge, for in doing as I did I was only doing my duty as pathmaster. His name was on my list and I simply went and warned him out and when he refused to do his work I told him I wou'd make him if possible. Now the correspondent goes right off to the township clerk and has his name transferred to another list. Then he comes and charges me with trying to do him a mean trick and a great injustice. And let me say that it might be advisable for the correspondent to be more discreet in what he writes to the paper or he might fall into less merciful hands than mine.

Jehn Rrewn, pathmaster,

Mr. Thomas Adam addressed the council on the necessity of improving Melbourne street which was in a bad state. The street and bridge committee were instructed to inspect the street and report. On motion of Mr. Crandell, seconded by Mr. Robinson, the town property committee were authorized to consult the town solicitor in reference to the proposed amendments to the market by-law.

On motion of Mr. Kylic, seconded by Mr. Keith, the fire and water committee were instructed to inspect the street and proport.

On motion of Mr. Crandell, seconded by Mr. Robinson, the town property committee were authorized to consult the town solicitor in reference to the proposed amendments to the market by-law.

On motion of Mr. Kylic, seconded by Mr. Keith, the fire and water committee were instructed to inspect the street and proport.

On motion of Mr. Crandell, seconded by Mr. Robinson, the town property committee were authorized to consult the town property of in reference to the proposed amendments to the market by-law.

On motion of Mr. Kylic, seconded by Mr. Keith, the fire and water committee were instructed to inspect the street and property of Mr. Robinson, the town property

Town Council.

Begular meeting of council. Present, the Mayor, Reeyo Kylie, deputy reeves Johnston and Crandell, councillors Robinson, Anderson, Gillogly, Staples, Killaby, Touchbourn, Keith and Blain.

From R. A. Pogue, seking permission to erect a small wcoden building 9x16 within the fire limits, to be covered with iron and shingles laid in mortar. Laid on the table;

ahingles laid in mortar. Laid on the table; subsequently a motion was passed giving the permission asked for.

From R. A. Douglas, sanitary inspector, asking that the reduction made in his salary at the commencement of the year be restored and that the salary be fixed at the same figure

The Capadian team as last year. Finance committee.
From John Head, on behalt of a Mrs. Hall,

asking the council to provide funds to send her husband to Kansas, from which place after some time he was to send for her. After some conversation on the matter it was decided to take no action. The communication From G. A. Gibson, in reference to an ob-

Burke Bros., in reference to an obstruction on Glenelg street. Both communications were referred to the street and bridge committee with power to act.

From J. J. Wetherup, secretary of the central charity committee, asking for a further

grant of \$200, also transmitting a statement of disburs ments since 1st January, amounting to \$613 90. Laid on the table. Later, on motion of Mr. Staples, seconded by Mr. Keith, the grant asked for was made. No further grants to be made during the summer

From H. J. Hill, sacretary of the Toronto industrial exhibition, asking the council to petition the three branches of the legislature for assistance to hold a Dominion exhibition in Toronto in 1895. As the government have decided not to grant the aid asked for the communication was ordered to be fyled.

From Britton Bros., and others in the jewelry and fancy goods business, asking the council to pass a by law that such places of business be closed at 6 o'clock during the summer months, except on Saturday evenings. By-law to be prepared for next meeting of

A number of accounts were read and referred to the finance committee. Monthly report from the fire company read, giving the number of fires the company had been called out to since last report; also asking that the waterworks company be requested when a fire occurs to have the gate at the stand pipe closed and pump direct from the engine house, as the pressure from the stand pipe is

f \$60 in hand. Referred to finance committee. Report of chief constable for Jane read, total amount collected by him for the month for fines, licenses, etc., \$137 90. Referred to

police committee.

The clerk informed the council that the collector's roll had not yet been returned. After some conversation on motion of Mr Kylie, seconded by Mr. Kelth, the time for returned to the clerk.

Dr. Burrows and Mr. Samuel Irwin, as a deputation from the board of health addressed the council in reference to a system of sewerage, urging the council to take steps at once in reference to this important matter. The board of health could not carry out the law, nor compel neuseholders to have proper drainage when there were no sewers for to drain into, the deputation urged the council to make a commencement of this important and necessary work as soon as possible. Mr. Irwin also reterred to the unsatisfactory state of the dumping ground, which he understood was caused by the nonappointment of a care-taker. Mr. Craudell, chairman of the property committee, gave an explanation in re-ference to the appointment of caretaker which was satisfactory; the Mayor stating that the sewerage question would receive due considera-

Report of finance committee read by the chairman, recommending the payment of several accounts. Report adopted. The chairmen of the street and bridge com-

mittee read a statement showing the amount of side walks laid in each ward and cost of same as follows :-North ward-502 rods, cost \$1040.39. South ward—330 ' 586 68. East ward — 202 ' 309 22.

Average cost \$1.87 per rod. Balance of appropriation unexpended \$1135.81, to build 652 rods of sidewalk. 652 rods of sidewalk.

Mr. Killaby objected to using old plank from other wards in building sidewalks in the east ward, he understood all old plank were to be used in the ward to which they belonged,

Mr. Blain also objected, as well in regard to the plank as to the place a particular sidewalk

had been put down.

Mr. Touchbourn explained that the plank had been used to the best advantage. It was a 3 foot sidewalk where the old plank had been put down, his object was to use all the material on hand for the best interest of the town, irrespective of wards, which he would do so long as he was a member of the council; that in reference to the compilaint of Mr. Blain, the sidewalk was put where the residents in the locality wished it to be put which was a better place than where it had been before. After a few words from deputy-reeve Johnston, who stated the same thing was done in the south ward on Melbourne street, but so far from he complaining, he considered if it was a mistake it was one in the right direction; he was glad to see that all the old plank were being so economically used, a remark with which the members of the council seemed to agree as the matter dropped.

If the steamer Lake Superior, from Montreal for Liverpool, struck an iceberg in the Straits of Belle Isie, seriously damaging her bows.

The Spanish Anarchist Jose, who recently threatened the life of President Casimir-Perior of France, was arrested at Gerena Monday.

The town of Plunjon, Russia, has been destroyed by fire, and upward: ot 2,000 inhabitants rendered homeless. Several persons lost their lives.

Kincardine electors voted on Monday in favor of by-laws providing for the purchase of the waterworks system and of a municipal electric light plant.

The joint convention of the Ontario Dental society will take place at Kingeton, Ontario lasting will take place at Kingeton, Ontario lasting Mr. Touchbourn explained that the plank had been used to the best advantage. It was a 3 foot sidewalk where the old plank had

ed to agree as the matter dropped.

Mr. Thomas Adam addressed the council on the necessity of improving Melbourne street which was in a bad state. The street and bridge committee were instructed to inspect

Mr. Finley at \$100 was approved of.

Four by-laws were introduced passed through the several stages and finally passed; one being to amend the circus by-law, one to appoint a caretaker of the dumping ground, one to amend the carter's by-law and one to regulate bathing in the Scagog within the bounds of the corporation. The license for a circus and menagarie was fixed at \$500; menagarie alone, \$100; side shows, \$100; other amusements such as merry-go-rounds etc., license fee to be at the discretion of the Mayor. Mr. Stewart was appointed caretaker of the dumping ground, and the houre for bathing are prohibited between 6 a.m. and 9 p.m.

Canada's Bisley 'I'eam

The Canadian team of riflemen, which is to compete at the meeting of the national rifle association at the rifle camp at Bisley, has arrived at the camp. Twanty of the Canadians have entered for the Queen's Cup and for the other Martini-Henry contests.

The Canadian riflemen occupy their former quarters at Bisley. They have been practising since Jule 4 on the Cambridge University From G. A. Gibson, in reference to an obstruction on Albert street north, and from Queen's prize distances.

Two Ideas.

The two ends of the grit party work badly together. The opposition at Ottawa are advising the farmers of Ontario that they are heing ruined because there is a duty on their hay going into the United States, and they metaphorically weep over the poor farmer who has hay to sell. Now the Ontario government have published their report of the department of agriculture, in which they devote a good nany pages to showing the Ontario farmer that the very worst thing he can do is to seil his hay off the farm at all. Gentlemen get together and agree on some line of policy.

Two of many Examples.

A few years ago there was a bye election in the county of Halton. The candidates were Mr. David Henderson and Mr. John Waldie. Mr. Waldie refused to accept the platform of the temperance aliance. Mr. Henderson unhesitatingly and unreservedly accepted that platform. Not a grit temperance man voted for Mr. Henderson, but, in consequence of his pledge he lost some of his old supporters and

was defeated. In the recent local election in the county of Welland the candidates were Mr. McCleary and Mr. German. Mr. McCleary is a strong temperance man—a christian man—a member of the methodist church—and an abstainer. Mr. German is. what is known as, "an all not sufficient to throw water higher than the round sport." The temperance grits, howsole at the fire half be particulated off to stop the bad smell it possible from same. Referred to fire and water committee.

Report of band committee shows a balance of \$60 in band. Referred to fire and water committee to fire and water committee.

Something about Steam.

What is steam? If you look in the diction-Before and After. lants, which soon lead to Ined to July 16th, at which date the roll to be take exception to the word "invisible" coned to July 16:h, at which date the roll to be take exception to the word "invisible" contained to the clerk. A communication from F. L. Somerville can see steam pouring from the exhaust pipes boil. Now there is not the slightest suggestion of steam or vapor in the bottle, yet we know that all the space above the level of the water must be filled with steam because the water is boiling. Now if we pull out the cork and let the steam escens into the assessment on N₂ lot 23, con. 5, be reduced \$15; Patrick Duggen's let the assessment on N₂ lot 24, con. 5, be reduced \$15; Patrick Duggen's let the assessment on N₂ lot 24, con. 5, be reduced \$15; Patrick Duggen's let con., provided expend \$10 let the steam escens into the aimosphere. and let the steam escape into the atmosphere.
it will turn white because the cold sir will parted with its characteristics as steam, and instead of being a gaseous fluid it is simply water in small particles, like fog -Harpers

Young Peoply.

The joint convention of the Ontario Dental society and the eastern Ontario Dental society will take place at Kingston, Ontario lasting three days, July 25, 26 and 27. This will bring together the largest gathering of dentists ever held in Canada.

The Globe's London, England, correspondent cables that lighter arrivals have relieved the congestion in the London and Liverpool cattle markets. The strike in America has been an important factor in causing an advance to 5 pence 3 farthings and 6 pence for best Canadian cattle. Further improvement is expecced.

A report from Vienna says the physical condition of the pope is said to be alarming and the cardinals have been warned to be ready to assemble at the Vatican on a mo-

They have always been ready to oppose any scheme that meant Canadian development. Witness their opposition to the C. P. R. That they said could never be built. Go on gentlemen of the grit party, and oppose everything!
That is just what the conservative party
want you to do; you are making conservative

When the grits went into office the people of Canada had in the post office savings backs deposits to the amount of \$3 207,051. When they went out of office the people had reduced that amount to \$2,754.484 Last year there was in the banks \$24,153 194. This is a glorious rate at which to be getting poor under the policy of the conservative Government, but for heavens sake rather let us get poor that way then rich after the fashion that the people got rich from 1873 to 1878!

The Hamilton Times, before this session began, was fairly bubbing over with delight at the manner in which its friends were going to roast the government. It hinted at the minutes of last meeting were read and conlongest session on record-a session that firmed. would probably "see snow flying!" Well, the session has got along nicely; the government have introduced much progressive legislation; the grits have failed at every turn, and now their silly capering has tired even the Times itself, and so on 3rd of July it and this item in its editorial columns: "Come, Thompson, let the members go home! It is worse than cruelty to animals to keep parliament in session such weather as this." The Times knows something, and that something is that It is pretty tough treatment for the so called ed to call them off in the interests of its party.

JANETVILLE.

special to the Warder GARDEN PARTY. - It is proposed to hold a garden party in connection with the methodist church on the 16th inst., in Mr. Magilla orchard. After refreshments have been served there will be a lecture given by a converted chinaman on the state of China and the pro-

OAKWOOD. Inselal to The Warder

A LAWN SOCIAL was held af the residence of Mrs. Banks on Thursday evening 5th inst-The weather being favorable, a large number of people turned out. The grounds were utifully illumined by Chinese lanterns. On the whole the scene was the most beautiful ever represented here. The ladies of the presbyterian church who managed the affair are to be commended for their success. Having done so well they should try again. The Oakwood brass band was present, consequently the musical part of the programme was good. While many were sested at the tables satisfying the wants of the inner man, others were playing lawn tennis, croakinole or croquet. All appeared to be enjoying themselves. The number present was materially increased by the entrance of several members of the Lindsay bicycle club. The programme was brought to a close by a number of tableaux

representing scenes from Burns' well Fnown poem, "The Cottar's Saturday Night."
