

Thirty Days of Solid Selling.

Our Fire and Water Clean-out has lowered the Stock.

But the Low Water Mark is not yet reached. There's more to come.

Since our big sale, put on to get rid of goods after the big fire, we have done a rushing trade. This is easily explained, for in addition to our regular selling we have had a throng of customers drawn to our counters to get a share of the benefits of our forced sale. The inducements were there--are there yet for that matter.

We had in our Spring Stock. We had a lot of our Winter goods. Fire and water never discriminates; they damage alike what ever is in reach. We had to put up with results, and found ourselves with a train load of goods to get rid of. We now begin to realize our actual loss. Then we have attempted to turn into money the damaged goods left on our hands. We get what people will pay, and they won't pay too much. It's not a question of value, but what we can get. Some thousands of dollars worth have gone to waste and protect the yeoman of the county. There are some thousands of dollars left yet. We are anxious to push this out. Our reasons are plain. All that is left over at the end of two weeks will be shipped away to be sold under the hammer for what it will bring. It won't be sold in Lindsay. So, buyers had better hurry up and buy what they fancy before the exportation commences.

May we remind you that OUR COATS, MEN'S SUITS, BOYS' SUITS, YOUTHS' SUITS, UNDERCLOTHING and FURNISHINGS are all included. Whatever has been damaged by smoke, fire or water must be cleared. There are only two weeks to do the clearing. But there is enough money in Victoria county ready for solid bargains, to sweep the lot off our shelves.

Haven't you a little money that you would like to buy big with. If so try our Big Fire Sale. No reasonable price refused.

FENELON FALLS.

From our regular special correspondent.

On Wednesday evening, the 17th inst., the residence of Mr. E. Edwards was destroyed by fire and most of the contents consumed. As Mr. Edwards had only six hundred dollars insurance on the dwelling and three hundred on his furniture, his loss will be heavy. The inhabitants of our village deserve great credit for saving the adjoining buildings from destruction as they are in close proximity to one another.

This orange social given by the ladies' aid of the Methodist church on Friday evening last was a first-class entertainment and the large hall was crowded. The refreshments were unique and recherche and the programme fine, particularly the instrumental quartette.

Those of our citizens who are judges of good workmanship should take a walk down Bond street east, and view the roof being placed on Martin Vaner's house by Messrs. T. Johnston and R. Rutherford. The shingles are some of a car-load brought from Vancouver, British Columbia, for Mr. M. Boyd of Boboysagon, and cannot be equalled in Ontario, while they were placed in Lindsay from the Pacific coast for two dollars and sixty cents per thousand. Mr. Boyd kindly allowed Mr. Vaner sufficient from the load to shingle his house and the roof reflects the greatest credit both on the products of British Columbia and the skill of the workmen.

The auxiliary society of the ladies' aid of the Presbyterian church has been so fortunate as to secure the Rev. J. H. Hector, "the Black Knight," for the evening of May 1st, in Dickson's hall. This gentleman will lecture on "Reminiscences of the war," one of his most interesting subjects. All who have heard Mr. Hector will not require to be told of his talents, and those who have not should not miss this opportunity of hearing speakers of the day. The admittance has been placed at the low sum of fifteen cents.

PERSONAL.—Miss A. Ellis who spent Easter at home returned to her school at North Toronto on Saturday. Mr. J. Mars spent a couple of days last week with his uncle, Mr. Wm. McArthur. Miss A. Dickson and Miss K. Austin returned to their work at the Lindsay collegiate after spending the Easter vacation with their parents. Mr. Wm. Sanderson, who has been living for some time in Uncle Sam's dominion, returned home last Saturday.

First Trip.

The steamer Estorion made her first trip Wednesday, being eight days later than last year, her first trip in 1894 being on 16th April. Capt. Lane reports a good deal of ice in the lake, but expects a day or two will see it all gone.

Young Girl (going through jail).—"Poor, poor man. May I offer you these flowers?" Convict (from behind the bars).—"You've made a mistake, miss. The fellow that killed his wife and children is in the next cell. I'm here for stealing a loaf of bread."

EDMANSON, BATES & CO.

Gentlemen.—About three or four weeks ago I had an attack of Itching Piles. I tried two or three different remedies recommended by druggists as "the best and only cure," etc., but got no relief. About the time I was beginning to despair of finding any relief, with some slight misgivings I bought a box of your pill cure, which I am pleased to say gave me almost instant relief and permanent cure. I consider your "Orilla's" a God send. ALEX. J. DEAN.—45-1.
