Physicians

prescribe Scott's Emulsion of Cod-liver Oil and Hypophosphites because they find their patients can tolerate it for a long time, as it does not upset the stomach nor derange the digestion like the plain oil.

Scott's Emulsion is as much easier to digest than the plain oil as milk is easier to digest than butter. Besides, the fishfat taste is taken out of the oil, and it is almost palatable. The way sickly children, emaciated, anæmic and consumptive adults, gain flesh on Scott's Emulsion s very remarkable.

Don't be persuaded to accept a substitute!

From our regular special correspondent. last Friday; a large number of people drove out to the banket social at Mr. John Chambers', and a very pleasant evening was spent and a good sum realized on the sale of the baskets. THE building lately occupied by Mr. H. J.

Lytie as a drug store has been re-fitted and a very handsome plate glass window placed therein, the latter very greatly improving the appearance of the store. The Toronto mancial compeny will occupy the premises with their branch bank, and the safe of the company was placed in the building this week. It is expected as Mr. Lytie and Mr. Dartneil are both here, that the bank will be opened this week.

The "merry-go-round" left as on Monday.

During its brief atay it was considered the attraction of the village by a number of peractions, but others think that a certain locality in a different direction has been and is, fully

ORGANIZATION OF FARMERS. A FEATURE OF THE DAY.

James Rogers Speaks Earnestly. of his work. The most successful ones are not, as a rule, those who do the greatest amount of nanual labor, but they are found ranking first as prize-winners on all agricultural products. James Rogers, a resident of Tilsonburg, Oxford Co., Ont., for 45 years, has taken numerous first prizes during the year. A successful, reliable nan, his statement will be of interest to many: "I have suffered for seven or eight years with Itching Piles; the torture and agony I cannot here find words to describe. Night after night was kept awake with the painful itching. I tried all the physicians and every known Thomson, our well known druggist, he recommended Chase's Cintment. To my wonder and surprise, I got relief from the second applicaany case of Itching Piles no matter of how long duration. I would not be without it for ten times its cost. In volunteering this testimony and my consent for the manufacturers of Chase's Ointment to use it as they wish, it is that like sufferers may know they can be cured." Price 60 cents, sold by all dealers. Edman-
