C. A. Description of the work.
Daputy reeve Usandell went for the chairman of the fire and water committee, for not doing as he was pleased to say, his duty.

Reeve Kylie in reply, took the ground that the fire and water committee should not under take any increased expenditure, in regard to the fire department unless directed by the council, pointing out that when the fire team council, pointing out that when the fire team was purchased he was the most abused man in was purchased he was the most abused man in town. Any changes that were remissable them be originated in acci, and referred to the committee did not acc, they were liable to censure, but not until then. He as chairman could do nothing alone. Finally on motion, the communication was alone to the table for inture consider.

The report of the chief constable for October read, amount of fines, licenses etc., collected \$41.65. Referred to police committee. The following accounts were read and referred to the finance committee:

Light, heat and power company for Dundas & Fiavelle Milling Co'y ... A. Primeau, charity orders... Jos. Staples Watchman aco't, printing.....

for twelve months at \$180 and taxes, and moved the adoption of the report.

Mr. Kylie thought the report was not full enough, information was wanted as to the number of old people now receiving aid and what was the cost. It was recommended in what was the cost. It was recommended in the report to rent a house containing twenty-five rooms, yet gave no information as to the number of poor people that they were required product of the report.

The may retail the districted Dr. Kempt to write for terms but no reply had been received; he, however, thought the rate would be \$2.80 on motion of Mr. Crandell, seconded by Mr. Contin, Messrs. Robson, Brady and product of poor people that they were required product.

the evening as several ladies of the central charity committee were to be present, when the information asked for by Mr. Kylie would likely be given by them, which suggestion killaby, that the chairman of the fire and likely be given by them, which suggestion was agreed to.

The chairman of the fire and water com-

The chairman of the fire and water committee read the report of that committee, recommending that the resolution of council directing the extension of the waterworks and placing a hydrant in or near the Rathbun Coyard be rescinded, and that no action be taken at present. It was recommended that the appointment of a person to look after the electric lighting be left in the hands of the committee with the understanding that little extra cost be incurred.

extra cost be incurred.

Mr. Killaby moved, seconded by Mr. Bryan, that the first part of the report be struck out and that the resolution of council directing a hydrant to be placed in a suitable place in order to give better protection to the Rathbun Co. property be substituted.

The Mayor expressed himself as surprised at the action of the council, eight members out of ten had supported the putting in of a hydrant Mr. Begbie, the superintendent of the water works, had been over the ground and was in favor of putting in the hydrant, but now opposed it. He, the mayor, supposed if there was any chance of water takers on the line of the extension the superintendent would not have changed his mind.

Mr. Graham said the committee had come to the conclusion that the mill would have no better protection if one hydrant was put in better protection of the council asking for a two plank sidewalk on the southern boundary of the town, if the plank was given him he would lay the side-walk. Street and bridge committee with

to the conclusion that the mill would have no better protection if one hydrant was put in than it had at present, another hydrant would increase the safety of the stock in in the yard, but the hydrant had not been asked for that purpose. It the council would put in two hydrants at a cost of \$90 per year the reduction of the premium of insurance would be only one quarter per cent., or \$10 on an insurance of \$4000. He, Mr. Graham, learned from the underwriters that if four hydrants were placed in the yard, that the rate of insurance would not be lowered one cent, therefore he did not think the Rathbun Co. would ask the council to spend \$90 per year to save ask the council to spend \$90 per year to save

ask the council to spend \$90 per year to save them \$10 insurance.

A sharp discussion followed in which Messrs. Killaby, Robson, Touchbourn, Curtin, Brady. Gillogly, Orandell and Kyiie took part, during which the question was well threshed out, some claiming the requests for hydrants in the north and south wards had been refused on the ground of want of funds, and that it was unfair to make exceptions, others considered that as the season was far advanced the question should be left to the incoming council. On a vote being taken the amendment was lost, Messrs. Orandell. Killaby, Curtin and Bryan only voting in favor of it. The report was then adopted on the same yote.

high \$180 per year and taxes was equal to

\$230 per year.

The report was finally adopted.

Mr. Graham. chairman of the finance committee, presented the report of that committee recommending payment of the following Mrs. Hopkins, nursing Lucy Alger Thos. Killaby, repairing east ward 1 00 Wm. Kenny, V.S., attendance and 5 00

John Makins, valuing old pumps, lamp posts, road scraper, etc.. Matthew Carlin, carriage, reception of Premier Bowell. B. Gunnigle, 2 carriages at recept'n James Twohey, three carriages at 6 00 A. Jewett, rig for Mayor and Coun. Brady.....

1 00 W. A. Jewett, team for hospital cab on Mayor's order single rig, Col. Deacon, premier's recepfive carriages and 1 buggy, for J. L. Winter's funeral.... 2 carriages premier's reception .. Co., 52 lamps from Aug. 

fire hall lights ..... .. clerk's office lights ... town hall lights ..... acc't from Sept. 1st to curing the year, the vouchers being filed in the clerk's effice, but which were passed by the committee without any examination; Police courts ..... Market house repairs. Postage and telegraphing.

health .... Mr. Pedlar presented the report of the police committee, reporting that the report of the chief constable for September had been examined and found correct; also that the sum of \$16 each be granted the chief constable and assistant to purchase overcoats. Report adopted.

The report of the street and bridge committee was read by the chairman recommending that the following tenders be accepted for

cleaning snow off the sidewalks for 1895 96: 

nve rooms, yet gave no information as to the number of poor people that they were required to make provision for in the building.

Mr. Graham suggested that the consideration of the report be postponed until later in the evening as several ladies of the central already, but the captain pressed his motion of the report was to be present when a which was carried.

water committee be instructed to store the hook and ladder wagon in some convenient

Council then adjourned.

Whips a Boy for Eating Onions. Rockford, Ill.,—Miss Foster, a school teacher at Pecatonica, severely whipped a pupil. the son of editor Nate Colby of the Pecatonica News, last Friday, because the

odor of onions was on his breath. She does not like onions, and had so expressed herself, and last Friday took more vigorous measures to show her disapproval.

The children in the school promptly rebelled against the introduction of the rod as punishment for eating onions, and all have eaten raw onions at every school day meal since. The parents of Pecatonica have taken up the

sacred cause of liberty, even to the liberty of going around enveloped in the odor of onions, and the town of Pecatonica is shaken to the core over the matter.

[Teachers in Victoria county rather like onions. It is one of their plans of testing the sincerity of the young men. ED WARDER.]

Religion and School Funds.
