IN ONE OF OUR TOWN contemporaries we notice letters against the captain of the fire brigade. Of course as long as there is a capable man holding office so long will somebody kick. Mr Sinclair in his admirable handling of the fires in the last few years has no need to vindicate his ability as a competent fireman. It is a well known fact that the onlock r can always do better than the one who tries to perform his duty. If the one who wrote the letters gives the town his name probably the ratepayers might consider him eligible for cap ain of the brigade.

# Golden Medical

Cures Ninety-eight per cent. of all cases of Consumption, in all its Earlier Stages.

Although by many believed to be incura-le, there is the evidence of hundreds of living witnesses to the fact that, in all its disease. Not every case, but a large percentage of cases, and we believe, fully 98 per cent. are cured by Dr. Pierce's Golden Medical Discovery, even after the disease has progressed so far as to induce repeated bleedings from the lungs career lives in the lungs. bleedings from the lungs, severe lingering cough with copious expectoration (including tubercular matter), great loss of flesh and extreme emaciation and weakness. Do you doubt that hundreds of such cases reported to us as cured by "Golden Medical Discovery" were genuine cases of that dread and fatal disease? You need not take our word for it. They have, in nearly every instance, been so pronounced by the best and most experienced home physicians, who have no interest whatever in mis-representing them, and who were often strongly prejudiced and advised against a trial of "Golden Medical Discovery," but who have been forced to confess that it surpasses, in curative power over this fatal malady, all other medicines with which they are acquainted. Nasty cod-liver oil and its filthy "entalsions" and mixtures, had been tried in nearly all these cases and had either utterly failed to bene-fit, or had only seemed to benefit a little for a short time. Extract of malt, whiskey, and various preparations of the hypophos-phites had also been faithfully tried in vain. The photographs of a large number of those phites had also been faithfully tried in vain. The photographs of a large number of those cured of consumption, bronchitis, lingering coughs, asthma, chronic nasal catarrh and kindred maladies, have been skillfully reproduced in a great Family Doctor Book of 1000 pages, giving names and addresses; sent on receipt of address and 61 cents in stamps to prepay postage and duty only.

#### One Honest Man.

Dear Editor :- Please inform your readers, that if written to confidentially I will mail in a sealed letter, particulars of a genuine, honest home cure, by which I was permanently restored to health and manly vigor, after years of suffering from nervous debility, sexual weakness, night losses and weak shrunken parts. I was robbed and swindled by the carelle artill I reach less fidely by the quacks until I nearly lost faith in mankind, but thank heaven, I am now well, have nothing to sell, and want no money, but being a firm believer in the universal brotherhood of man, I am desirous of helping the unfortunate to regain their health and happiness.
