

FIFTY CENTS ON THE DOLLAR.

Having bought the Stock of J. & J. LUGSDIN, Manufacturing Furriers and Hatters, of Toronto, at 50c on the dollar, we are offering the citizens of Lindsay and vicinity an opportunity to secure EXTRA FINE FUR GOODS at an advantage that is but seldom given. The intention is to run this stock off at once at

A Reduction of 50 per cent. on the Selling Price.

The stock is one of the finest and largest in Toronto, belonging to a firm whose name was unsurpassed for fine goods.

They got into financial difficulties and were forced to sell. We were on hand and secured the bargain. The stock will sold at their old stand, Yonge street, Toronto, and also at our stores at Lindsay and Peterborough.

IT WILL PAY EVERY ONE TO CONSULT US AT ONCE RELATIVE TO FUR GOODS, AS PRICES WILL BE JUST ABOUT ONE-HALF.

FAIRWEATHER & CO.

Lindsay, February 26, 1896.—32-4.

your child

You note the difference in children. Some have nearly every ailment, even with the best of care. Others far more exposed pass through unharmed. Weak children will have continuous colds in winter, poor digestion in summer. They are without power to resist disease, they have no reserve strength. Scott's Emulsion of cod-liver oil, with hypophosphites, is cod-liver oil partly digested and adapted to the weaker digestions of children.

Scott & Bown, Belleville, Ont., 50c and \$1.00

GRATEFUL—COMFORTING.
EPPS'S COCOA
BREAKFAST—SUPPER.

By a thorough knowledge of the natural laws which govern the operations of digestion and nutrition, and by a careful application of the fine properties of well selected Cocoa, Mr. Epps has provided for our breakfast and supper a delicately flavored beverage which may save us many heavy doctor's bills. It is by the judicious use of such articles of diet that a constitution may be gradually built up until strong enough to resist every tendency to disease. Hundreds of subtle maladies are floating around us ready to attack wherever there is a weak point. We may escape many a fatal ailment by keeping ourselves well fortified with pure blood and a properly nourished frame.

One cent a dose.

There are twelve groceries in Lindsay. Mr. Bickle of Oakwood made a visit to town this week. On page three we publish Mr. Orest's (of East Durham) speech on the budget debate. Mrs. James Porter, Bayville, is at present visiting her sister-in-law Mrs. Sam. Henderson, town. Rev. S. J. Shorey was in Peterboro this week, dedicating the new Grace Methodist church there. Mr. Edison has patented some 600 inventions and yet the poor townsman has to shovel the snow in the morning. Many of the country schools have been closed for the last few weeks owing to the snow blocking the roads. Mr. Robert Bruce of Valentin, leaves for British Columbia next week. He contemplates an extended visit there. We have a few copies of the bulletin on butter in our office, which we will be very glad to give to any one desiring them. Misses Cornelia and Nettie Hood-ron have returned home after a six week's visit with friends in Montreal, Hunting and Malony. Master John Lee, son of Mr. Lee, caretaker of Francis street school, is at present very ill and not expected to live. Pneumonia is the trouble.

At the meeting of the Epworth League of the district recently held in Belleville a resolution was passed condemning Sunday bicycle riding. Those desiring to visit the "Home" may do so on Wednesday from 2 to 4. Of course special visitors or those going having business may visit at any time. Here is a subject for some of the debating societies in town and vicinity: "Resolved, that a city girl in the country is greater than a country girl in the city."

With a beautiful day, trains on time, and roads somewhat better, business assumed a brighter appearance in town last Saturday than for some time past. Miss Jamieson, Miss Bain and Miss Baker, of Miss Mitchell's millinery, dress and mantle rooms, left Monday morning for the grand millinery opening in Toronto.

Some one has been talking of introducing roller skating in town after the ice is over. It used to be very popular in Lindsay years ago. There's something for Manager Parkins.

How many people pass sleepless nights coughing! Let them try Dr. Laviolette's Syrup of Turpentine and sweet sleep will return at once. It is extraordinary but it is true.

At the Epworth League convention of the Bay of Quinte conference Rev. W. E. Fricker B.A. of Cobocook was elected third vice-president and appointed at the head of the literary department. The number of deaths during the past week in the town and county has been astonishing. As a rule it seems to be the older people who have been carried off, the trouble generally being a gripe, although not a few young men in the prime of life.

The Rev. Dr. McTavish, formerly pastor of St. Andrew's church, has been conducting revival services here all week. The earnestness and the success with which the doctor throws his whole soul into his preaching cannot fail to bring about some good results.

Miss Mabel Davidson, the well known fancy figure skater, gave an exhibition here last Thursday night. Miss Davidson is a very clever artist indeed and the way she can skim around on those skates gives one the impression that it is very easy; so it is when you know how.

The annual congregational meeting of the Cambridge St. Methodist church will be held Monday evening next when a report of the year's proceedings in connection with the church and its various organizations will be read. A light refreshment will be served at the close of the meeting.

S. S. Erekman, Esq., M.P., Dear Sir—I suffered from eczema for two years; tried different kinds of medicine. I was at the hospital for some time, and was told there that all had been done for me that could be done. I ceased treatment at Christmas. After leaving the hospital I was under the care of a Hamilton physician, but got no relief. I have taken four bottles of Kootenay Cure and I am now well and free from eczema. Yours very truly,

242 Barton St., East, Hamilton. In search of quiet; a country journal, May—July, is the title of a story by Walter Frith that Harper & Brothers publish this week. It was the unexpected that happened when a young London lawyer looked himself "in search of quiet" to a village near Oxford. He had it in mind to write a law book, and incidentally he kept an account of rural events from day to day. We are not told of the success of his graver work, but his "country journal," which makes a volume of moderate size, the reader will be pleased to discover a much more popular achievement. A love story of uncommon vigor—a drama, indeed—was enacted by the people he met during his sojourn here recorded. The book has a double charm: the deliberate and delicate observations of nature that the title suggests, and the vital interest of the story that took the narrator, as it takes the reader, by surprise.—Harper & Brothers, publishers, New York, Feb. 15, 1896.

UNDER OATH.
The following testimony of Mrs. Margaret Patterson, given under oath before W. F. Walker, Notary Public, marks the most wonderful cure in the history of any medicine.
"For six or seven years I was badly afflicted with rheumatism and severe neuralgia in the head. At times I suffered very much pain from violent headaches, and in order to stop same, and upon the advice of a doctor, I had a number of my teeth extracted, without deriving any advantage.
In May, 1894, I had a paralytic stroke in the left side of my body; this was followed by the total loss of sight of the left eye, swelling of both ears, violent headaches, severe fits, and do any work alone on account of my dizziness and general weakness.
"I consulted four different physicians, who attended me, and they told me that they would do what they could, but that I would never become well again.
"About two months ago I began using the medicine being put up by Mr. S. S. Erekman, M.P., of this city, and now known as Kootenay Cure, and am now taking the fourth bottle of such medicine.
"Before I finished the first bottle I noticed a great improvement in my condition. I was now relieved from the use of my crutches and my body, the headache has completely disappeared, my vision has come back, my fits have completely, and, in fact, though 40 years old, I feel almost a new woman. Mrs. Margaret Patterson, 31 Vine Street, Hamilton, Ont."

GRATIFICATION SALE

PREPARATORY TO STOCK-TAKING!

Our gratification for the successful business which our big store has been favoured during the year just closed, is oozing out of every pore.

Our bounding enthusiasm urges us—perhaps rashly—to making our January business something phenomenal—something better and greater than anything in the past! Besides—

IT'S PRICE-PRUNING TIME, PREVIOUS TO TAKING STOCK.

That usually means selling at about cost, but we mean to crowd business by crowding prices away below anything you've ever known before.

The whole of our immense stock of Men's, Youths' and Boys' Clothing, Furnishings, Hats and Caps, etc, have been marked down for immediate sale to prices that will make the whole Town and Country ring with the startling news!

OUR PRICES ARE DWARFS! OUR VALUES ARE GIANTS!

You lucky fellows who have been waiting for the cold weather, have struck it rich! Let go of that mighty dollar until you have seen what we are doing in the way of cutting prices on Suits, Overcoats, Underwear, Hats, Caps and Furnishings.

The season is almost over with us, but it is only beginning with you. Gough Bros. propose to permit an accumulation of stock from season to season—even if it should be

ANOTHER DYNAMITE EXPLOSION

to clear the decks. We reign to-day, sure! We are very much alive to the sacrifices are making, and we haven't lost our heads either.

Every table abounds with Bargains—every Price has been clipped a third or more—and can't find such Prices at other stores, because you can't gather figs off thistles.
