LINDSAY, ONT., FRIDAY, APRIL 10, 1896.

Vol. XL.—Whole No 2038

Clothing, Hats, Furnishings.

These are three very important departments with us, and this season we are endeavoring to make them more attractive than usual.

Our stock of **READY-MADE CLOTHING** in Boys', Youths' and Men's sizes, is now very full and complete. Our styles and values are correct; many lines which are confined strictly to ourselves will be found much lower than elsewhere. Extra values in Men's odd Pants, Overalls, Smocks, Cottonades, Pants, etc., etc.

Men's and Boys' Felt Hats and Peak Caps

is now complete. All the newest and noblest styles are found with us, at prices commencing at 50c. for our Leader Fedora in Black, Brown, Navy and Fawns. Better grades up to \$3.00 each.

Men's Furnishings

will be found unusually attractive. Full and complete range of White Shirts. We have two leaders in Unlaundered Shirts, extra value at 50 and 75c. each. Full assortment of Linen Collars and Cuffs, while our stock of Ties, in knots and four-in-hands, contains a display equal to that usually shown in a city stock. Special values in Men's medium and light weight Underwear. Extra values in Men's Sox in Cotton, Merino, Cashmere and Woolen. We claim to show the best 25c. Cashmere Sox in the trade.

We show an unusually handsome assortment of Regatta and Fancy Top Shirts, White and Fancy Lawn Handkerchiefs, Silk Handkerchiefs, etc., etc.

But us in mind when you think of buying Clothing, Hats or Furnishings. It will pay you to do so.

Warner & Co.

Lindsay and Woodville.

When You are Ready to Sell Your Wool Bear Us in Mind.

Our trade has doubled in the past year. This means that we require about 75,000 lbs. of Wool this season. We have been importing Wool, but prefer paying the wool-grower the top-top price and have it delivered at our warehouse. For those who live a distance more than 30 miles from Lindsay, and wish to ship their Wool to our address, we will pay express from any station on the G.T.R., providing 25 lbs. are traded for goods. We do this to introduce our goods. Write us for further particulars.

HORN BROS., Lindsay Woolen Mills.

ADVERTISE in the WARDER

FARMERS.

Opportunity to secure **WOOD**

For next few days offers are invited for the Wood on the lot known as the

DORGAN SWAMP, Township of Emily.

Shorthorn Bull Calves for Sale.

We have for sale three Bull Calves of good breeding from eight to thirteen months old, in fine condition. One color, "all red", at the rate of prices. **McGACHEN BROS.,** Box 27, Lindsay, Ont.

FARM FOR SALE.
Lot 8 and 9, con. 14, of Snowdon, county of Haliburton, containing 100 acres, situated on the main travelled road between Minden and Goggin, three miles and a half from the station. On the premises there is a new dwelling house, 18 x 26 inside, a barn and other outbuildings. The place is well watered. Ten acres cleared, some full ploughing done. The 11 acre, rest well wooded; plenty of deer still timber. I want to sell as I desire to move back where my son is at North Bay; the price is \$2000, half down and time for the rest at 6 per cent. interest. I will give a clear title, free of all incumbrances. For particulars, apply on the premises or address to **HUGH LIVINGSTON, Guelph, Ont.**
Feb. 18, 1896.—21-4f.

THE RATHBUN CO'S

Office, Lindsay.

For particulars apply promptly to THE RATHBUN CO'S foreman, Robt. Kennedy, at his shanty on the lot, or at

Privilege of purchasing one or more acres will be given.

ODOROMA IMPARTS
Beauties to the Teeth, Fragrance to the Breath, And that rosy, healthful color to the gums. O-D-O-R-O-M-A pronounced by expert chemists The Perfect Tooth Powder.

Notice to Creditors.
Pursuant to sec. 38, chap. 110, R.S.O., 1887, notice is hereby given to creditors and others having claims or demands against the estate of **JANE REID,** late of the village of Oneness, in the County of Victoria, spinster, who died on or about the 25th day of February, A. D. 1895, to send by post, present and addressed to **MICHAEL McLAUGHLIN, Esquire, Royal Dominion Mills, Lindsay, Ont.,** the amount of the last will and testament of the said deceased, or to the undersigned a statement in writing of the particulars of such claims or demands, on or before the TWENTY-FIFTH DAY OF APRIL, A. D. 1896. And further notice that immediately after said last mentioned date the said Executor will proceed to distribute the assets of the estate amongst the parties entitled thereto, having regard only to the claims of which he shall have had notice, and the Executor will not be answerable to any persons whose claims shall not have been so notified by him.

ROBERT A. JACKSON, Executor for the Executors.
Dated, April 2d, 1896.—28-1f.

Get Wiggling and Wobbling.

The girls wigged and wobbled With Outright and Bake; They are always willing to wobble For a political stake.

They wigged and wobbled With Peas and Tarts, For as wigglers and wobblers They could both set their part.

And they wigged and wobbled With all kinds of polka, For they were wigging and wobbling To catch McCurdy and Wallace.

They wigged and wobbled Themselves down at the heel; They thought by wigging and wobbling To catch hold of McNeil.

And they wigged and wobbled Like fish in a hole, For they thought by wigging They would catch Dr. Spruce.

They wigged and wobbled Along on their upper, But their wigging was failure; They could not catch old or young Tapper.

Of all the wigglers and wobblers Any country could hold, There is nothing like the Wigglers in Laurier's grid-fold.

—DIED IN THE WOOD.

The Weather.
Report for the week ending Saturday night, April 4th, 1896 from Lindsay observatory—

Snow fall on 2 days.
Total rain and melted snow, 1.13.

T. BRALL.

HE WANTS OTHERS TO KNOW.

Dear Editor:
Please state in your valued journal, that if any suffer from Nervous Debility, Seminal Weakness, Lack of Energy and Ambition, Loss of Memory, Night Sweats, etc., will write me in confidence, I will inform him by sealed letter, free of charge, how to obtain a perfect cure. I ask for no money, having nothing to sell. I know how to sympathize with these sufferers and am only too glad to be able to assist them. I promise expressed absolute recovery and as I do not, of course, wish to expose myself either, I do not give my name. If you desire to get well, send stamp and address promptly, P.O. Box 189, London, Ont.

Town Council.

MONDAY, April 6th.
Present, the Mayor, Reeve Ray, deputy Reeve Touchbourn and Keith, councillors Jarvis, James Graham, Gilluly, Sootheran, Fedler, Thurston, Brady, J. D. Graham.
On the minutes being read, Mr. Thurston objected to that portion referring to the court of revision, claiming that there should be a representative from the east ward, a member of the court, as he would know the value of property in that locality.
The Mayor stated that the objection was not well taken, the question being for the minutes correct. Mr. Thurston could move later on that an additional member be added. The minutes were then confirmed.
Reeve Ray called attention to the matter in which the Mayor had been entered, being written and pasted into the minute-book, he considered the minutes should be written out as a leaf could be torn out of the book, which would be a serious matter.
The clerk explained that it was immaterial in what way the minutes were entered, the method now adopted was considered the neatest, every page of the minutes were initialed by the Mayor, as to any portion being destroyed, the objection would apply in either case.
The following communications were read: From Mr. Ouff of Vetch's hotel, asking the council to purchase chemical fire extinguishers, for which he is agent.—Fire and water committee.
From A. G. Gough, on behalf of the risk band, thanking the council for the offer to bring about a reconciliation with the Ottawa's band, which they did not receive aid from the town treasury from the citizens. They were in the business to stay. Received and filed.
From P. Nicol, applying for the position of tax collector for 1896. Laid on the table.
From James Duncan of Midland, asking for a rebate of taxes on his hotel, the Grand Union, it being assessed as an hotel, but vacant for some time. Finance committee.
A number of accounts were read and referred to the finance committee.
A report from Mrs. Trew, dispenser for the Home of expatriates for the past three months was read: January \$25 02; February, \$23 28; March \$27 04; outside charity, \$7; total \$83 33. Referred to finance committee.
Report of chief constable for March read: Fines imposed and collected \$8; Billiard houses, \$180; rents, \$6; total \$144. Referred to police committee.
Report of the market clerk, giving a statement of receipts from 16th March to 1st April read, weigh scale fees, \$28.15; market tolls, \$9.45; total \$37 60.
Councillor Fedler enquired why the report had not come from 1st January in Ontario.
Reeve Ray stated that the report covered from the time it was ordered by the council. Councillor James Graham was well pleased with the report, it was well and carefully made out, and supplied all needed information. Referred to finance committee.
Councillor Sootheran presented the report of the band trustees detailing the efforts made to reorganize the citizens' band, recommending that an interim grant of \$50 be made to the band for the year.
Reeve Ray objected to the grant of \$50 and moved, seconded by councillor Grant, that the amount recommended be struck out.
After some discussion in which deputy-revee Keith stated he was opposed to the grant unless the band would pay in public one or two weeks same as last year, which as far as he could see the band was not bound to do.
After some cross firing between the members the report was on the decision of deputy-revee Touchbourn referred to the finance committee. An objection of Mr. Ray to this course as he wished to have the year and days taken on the question, was withdrawn on Mr. Keith pointing out that the year and days could be taken when the finance committee reported.
Mr. John A. Barron and Mr. W. Flaville addressed the council on behalf of the Lindsay bicycle club, requesting the council to amend the by-law prohibiting riding on the sidewalks. The club did not ask permission to use the sidewalks on Kent street, but considered the by-law should be amended as to the other streets. The department made out a strong case. Mr. Barron stated that he was informed by Lindsay, where the by-law was in force, that had such a stringent by-law. Referred to street and bridge committee.
Mr. W. H. Stevens and Rev. J. W. Macmillan on motion, addressed the council on the subject of the building by-law. Mr. Stevens stated that the by-law was very stringent, as it prohibited boys from swimming when even attired in a proper bathing suit between 6 a.m. and 9 p.m. Swimming was a favorite and health giving pastime, and the council should be asked to amend the by-law so as to allow boys to swim in the morning. A resolution was made by Stevens, where men, women, boys and girls bathed without offending the fastidiousness of any one.
Rev. Mr. Macmillan said he was only there to put Mr. Stevens on the back, he had only been a resident of the town for so short a time that he could not speak in respect to the personal regard point. It looked to him like class legislation in favor of canoeists, who could paddle away better than the boys could walk outside of the bounds of the corporation. He looked on the boys as divided into three classes, one incorrigible, another who were easily led away, and the third who were honest and well behaved. Now he thought that it was hard to deny the two latter classes of a healthy amusement when properly situated in bathing suits because a few incorrigible boys would violate the law. Referred to police committee.
Mr. Stevens and Rev. Mr. Macmillan to attend the meeting.
Mr. D. J. McIntyre, chairman of the management board of the Home, addressed the council in reference to that institution as to admit alone. Mr. McIntyre pointed out that the board did not consider the Home a place to shelter tramps, it was as he understood for the aged men infirm poor of the town. If the doors were opened to every one that came along the town would be infested with tramps when they knew they would be well and comfortably kept for two or three days. The rules of the board were fully explained, and a request that those members of the council who were entitled to a seat at the board would attend the meeting. Mr. Connelly followed, endorsing all that Mr. McIntyre had said.
Messrs. James Graham, Brady and Touchbourn expressed their approval of the manner in which the board acted.

A motion by Mr. Ray, seconded by Mr. G. Graham, that the matter of the Home be referred to the finance committee, was carried. A communication from Mr. D. Eggleston was read, thanking the council for the appointment of a delegate to the meeting of the Home Association at London on the 25th inst. Mr. Eggleston stated that he would be glad to see a salary of \$20. If the council would decide to have a monthly audit he would be willing to undertake the duties for a reasonable remuneration. This would be a much better plan than that now carried out. The council agreed to read and refer to the finance committee.

Mr. Ray presented the report of the management and light committee, recommending that the finance committee be requested to recommend payment of the light account less \$7 50 for lamps unlighted during the month; that a meter be placed in the old opera house, and that the chairman be empowered to negotiate with the light and power company with a view towards cancelling the present contract and reducing the number of lamps to that first contracted for. Report adopted.
Mr. Ray, chairman of the street and bridge committee, reported against paying the demand of Mr. William Midland for damages claimed for falling into a ditch on Sussex street. Report adopted.
Mr. Sootheran, chairman of the town property committee, presented a report in reference to the insurance carried on town property, recommending a rearrangement; the town hall and market building are insured for \$9000 to be reduced to \$6000, contents \$1500, which includes the old opera house, which is not now owned by the corporation, being sold over one year since. As the building is insured for \$1500, it is recommended that the money in the old opera house be removed at once so as to reduce the rate to \$8 for the building and \$10.50 on contents for each \$1000. After an explanation by the clerk in regard to the renewal of the policy the report was adopted.
Report of finance committee read by the chairman, Mr. James Graham, recommending the payment of the following accounts:—
Bell telephone company.....\$ 10 00
Coke or treatment, Feb'y and March..... 150 35
Gutta percha rubber company..... 74 17
Joseph S. Spies..... 2 85
Joseph M. Underwood..... 1 00
Spratt & Killeen..... 13 44
J. R. O'Neill..... 1 00
Coke or treatment, Feb'y and March..... 23 75
The committee had a meeting with the finance committee of the school board, the only result of which was that the latter promised to execute the most rigid economy. Report adopted.
Councillor Sootheran moved, seconded by Mr. Sootheran, that the chairman be empowered to collect \$1500 under the circumstances owing to the late storms, he had only been granted the time for collecting the balance being extended to 30th April.
Mr. Sootheran moved, seconded by Mr. G. G. G. G., that the Mayor, Reeve Ray, Council, James Graham and the mover be a special committee to try and secure better steamboat and train arrangements to and from the town during the summer. Carried.
The Mayor referred to the Fenelon chemical works stating that he understood from a conversation with Mr. E. Ross of the Dominion Bank, that the company were not satisfied with the offer made by the town and were negotiating elsewhere.
A motion was passed instructing the clerk to notify the council when any insurance policy was about to expire at least two weeks ahead.
Mr. G. G. G. G. moved, seconded by Mr. Touchbourn, that the council devise some plan whereby citizens may improve their premises by bonavarding or grading the streets.
Mr. Fedler gave notice that at the next meeting he would introduce a by-law to amend the bathing by-law.
Council adjourned.

AT DEATH'S DOOR.
Friends Thought the End Was Near.
A CONDITION THAT WAS ALMOST HOPELESS.
Failure Followed Failure.
UNTIL PAINE'S GELERY COMPOUND WAS USED.
Mrs. Irvine Cured by the Great Medicine.

At death's door owing to kidney trouble, Mrs. Irvine's friends realized that she was nearing the grave, and did not hesitate to express their fears. Doctors and their prescriptions could not break the power of the disease, and the ordinary advertised medicines of the day proved useless.
A resolve was at last made to give Paine's Celery Compound a fair and honest trial. Note the glorious results, ye doubters and skeptics! Four bottles of Paine's Celery Compound effected a cure, and saved from death a wife and mother who was thought to be incurable. A forcible reason why every sick man and woman should use Paine's Celery Compound.
Mrs. Wm. Irvine, who resides in St. John, N.B., writes thus:—
"I have been troubled for the past ten years with kidney complaint, and have tried a great many preparations and doctors' prescriptions with little or no benefit. For the last six months I have had a great strain upon my system from night watching and overwork. I was breaking down, and my friends said 'I was going fast to death.' I resolved to try Paine's Celery Compound, and used four bottles. My kidney troubles disappeared; nervousness and sleeplessness are troubles of the past, and my general health is greatly improved. In a word, I am cured, and I wish you to publish this for the benefit of others."

Society Notes.
MONDAY 13th.—Meeting of Home Circle, No. 84. A full attendance is requested, as the report of the delegate to the conference circle will be submitted.
THURSDAY 16th.—Regular meeting of Midland Royal Arch chapter No. 94.
SHOW CASE FOR SALE.—Mr. Jas. King, Greenwald, Williams-st., has for sale, cheap, a good show case, etc.—11-4f.

Collegiate Institute Notes.
The closing of the school has made a considerable increase in the number of town and country pupils around town. The few pupils left are doing their best to pass a dreary holiday.
The principal topic of discussion apart from final examinations is the athletic association concert to be held in a few weeks. As Fred Smeal, an ex-student who has obtained considerable celebrity in the scientific world, has consented to deliver a lecture, great interest is manifested in the coming event. Students as well as townspeople may expect a treat.
Farmers' Institute.
Mr. F. W. Hodgson, provincial superintendent of the Farmers' Institute, resolved on introducing a system in connection with the one hundred institutes which are in existence, and in order to draw up a set of rules and regulations for government by week-end workers, obtaining the views and wishes of the members of every institute. Not having the time to carry on this work himself, he has appointed six prominent agriculturists to help him, Mr. A. W. Ford was assigned to the district composed of the three ridges of Hastings, East Northumberland, East and West Peterborough and the two Victorias, and has already completed his round, having held meetings at Belleville, Walkerton, Newport, Peterborough and other places.
Monday afternoon he met the representatives of North and South Victoria Farmers' Institutes at the Beeson house with the object of obtaining their views as to the adoption of a set of rules to apply to all institutes and to receive from them any suggestions towards promoting the end in view.
Those in attendance from East Victoria were J. F. Dick, president; A. Davidson, vice president; Jas. K. E. Kitch, secretary. East Victoria was represented by Messrs. John, president; W. H. Oulter, vice president; Wm. Thurston, secretary; Messrs. J. Willock and J. Skene, directors.
In a brief address Mr. Ford pointed out by means of a chart the rapid growth of the Farmers' Institute throughout the province and stated that the interest in them had evidently taken a deep hold on the farming community. Last year's total membership of the institutes was 9 500 and this year over 11 000 names were on the roll. As a whole some 11 000 attended meetings last year, 100 000 had been present at gatherings this year.
A number of resolutions were passed which together with those passed by other institutes would be carefully investigated, grouped and so arranged as to meet the rules and regulations mentioned above. The new code will probably be sent out at the beginning of next year.
Mr. Ford expressed himself as much pleased with the hospitality shown him wherever he has been, especially in Victoria county. Everywhere it seems to be the object of the people to further the interests of the society in every possible way. With such enthusiasm and interest throughout the province there is no doubt but that Ontario will have the best, if she has not at present, system on the continent.
WOODVILLE.
Special to The Warbler
THE VILLAGE COUNCIL met on Saturday, 4th inst.; members all present. The tender of Mr. Brown for painting and kaolinizing the hall at \$19 50 was accepted, and the revee and Messrs. Cameron and Deguerre are to execute the work. The revee and Mr. Cameron were appointed to secure the best instrument, Accounts to the amount of \$7 00 for shovelling snow were ordered to be paid. J. C. Gloriot, clerk.
OMEMCA.
Special to The Warbler
Those who attended the concert last night by the Harvard Quartette under the auspices of the Y.M.C.A., Lindsay, came home delighted and their most sanguine expectations satisfied. They speak in the loudest praise of the thoughtfulness of secretary E. Johnson combined with G. T. R. officials and conductor P. White for their accommodating efforts. Street making began.
Very little sickness.
David Corneil, who has quite recovered, and hopes of seeing him again visit Omemca at his advanced age of 85 are anticipated for this summer.
The respectable citizens of Omemca are amused at reports in circulation that the "Widow" house under the management of Mr. Cammings is doing business unlicensed. Omece and accommodation was never better at this house than now.
Easter services at Christ's church last Sunday were very interesting.
FERRISBURG FALLS.
From our regular special correspondent.
With the spring work accidents are beginning, and last week a young man by the name of Savannah had the misfortune to lose three of his fingers from one hand.
The village schools were closed this week for the Easter vacation, and the semi-annual examinations were held last week.
The building preparations for the spring are proceeding rapidly. Messrs. Chambers and Maybes in particular are rushing matters, and will no doubt commence operations as early as the move is gone.
Miss Kate Austin, who spent Easter with her parents, returned to her school near Kilmount on Monday. Mr. B. H. Maybes left on Tuesday morning to spend a few days with friends in Belleville. Mrs. C. McArthur returned to Belleville on Tuesday after spending Easter with friends at the Falls. Mr. G. H. Darnell spent Easter at home in Whitty.
Mr. W. Brewer is back at his old post after spending the winter in Utah. His dominion.... Miss Martin returned on Tuesday from a week's visit to friends in Belleville.
What people are saying: That our youthful sports made the city lively on Tuesday evening of last week. That all looks lovely. That our city fathers should see if the snow still on certain streets. That D. M. can "knock out" anyone in this town as a polo player. That navigation has opened—on Francis street. That "There are moments," etc., etc. That three can play at cross purposes now as in the days of yore.
Mr. J. Lee has bought out the bakery business of Mr. W. Manning and will carry on the business in the old stand next to the institute. The public generally wish Mr. Lee every success in his undertaking, while respecting that Mr. Manning was obliged to cease his stock owing to bad health, and trust the rest he now takes will restore him to his former health.
TALBOTVILLE.—Mrs. Scouthern intends opening a tailor shop in the Adams block, on Queen street, F. Taylor's restaurant, on Wednesday, March 13th. Ready made suits for boys, coats, suits, etc., will be kept in stock.—24-4f.
