An exchange says: Yes, well, girls are of few days, and full of mischief, and whenever is deceived thereby is not wise. When the fair one chivvied you with much haste, and stampeth her foot with vigor, then beware. She cometh forth in the evening with low neck and short sleeves, but in the morning she lieth in bed while her mother's young man's system, and partake with vedged young man's system, and when the gentle spring cometh she winks her other eye and goeth with a new breast.

UNSEENLY STRUCTURES.—In the matter of antiquated, tumbled down, ramshackled fences well-travelled people say that Lindsay has the province. An old house and a remnant of a fence may go well together but new buildings, nice gardens and languid looking fences are decidedly ill matched. In some parts of the town efforts have been made to improve matters by tearing down all the fences towards the front and clearing up the lawns. In cases where this has been done the streets assume a bright, clean and smart appearance. Let the good work go on. Our town has its share of advantages and beauty if only citizens would but show a little taste.

LETTERS.—The matter of minor decorations. Let us hope that our fences will grow so thick that they will fall down altogether and that our lawns shall become things of beauty, for a thing of beauty is a joy forever.

ALBERT JEWETT'S liver, back and boarding stables, York street, Lindsay, in the rear of Simpson house. Everything first-class. Special attention given to funerals and weddings. Hawk meets all trains. Hawk stands east side of walk up to the station platform.—74-17.

Children Cry for Pitcher's Castoria

WHEN DIPHTHERIA is in the neighborhood use "Pikie's Diphtheria," and prevent its spreading. An ounce of prevention is better than a pound of cure.—15-14.

FUNCTION OF OFFICERS.—At the last regular meeting of Hope division No. 174, E. of L.E., the following officers were elected for the current year: E. D. Clarke; F. E. L. Mcintosh; S. E. J. McMahon; F. A. E. T. Wilkinson; S. A. E. R. Wallace; T. A. E. Geo. Pratt; guide, J. Jones; chaplain, A. Miller.

WANTED.—A good general servant. Highest wages paid to a suitable person. Apply at 46 Russell street, west.—38-14.

THANKS.—Mr. George Ingle desires to thank the firemen, and citizens generally, for the prompt and hearty assistance rendered in subduing the recent fire at his factory, the former for the manner in which they worked to get the fire under control, the latter for assistance in removing finished work from the factory, the thanks of the fireman were better handled.

CANNED CORN, peas and tomatoes, 3 for 25c., at Geo. Fox's; also preserved pineapples, peaches, plum and berries. Best biscuits and oysters.—33-14.

PROF. MOUNTBURN DEAD.—Prof. Mountbourn, electrician, who has been conducting classes in Lindsay and Toronto, died at his residence in Toronto on Friday, April 17th, of diphtheria. In February a child of Mr. Mountbourn was taken with diphtheria, but under the care of a capable physician recovered. Since then several of the other children took the disease and lastly the father. At the time of the father's illness a Miss Rice, a trained nurse, who was visiting with the children, volunteered to act as nurse. Miss Rice did so and called in a young man named McKenzie to aid her. It now turns out that both Miss Rice and McKenzie were Christian scientists and under their care Prof. Mountbourn died. The authorities of the city of Toronto, who were called in to hold a post-mortem on the body, were held at the house. Further developments in the case may be expected.

A PATRIOTIC BALLAD.—Father, dear father, come home with me now, for me has some carpets to beat; she's got all the furniture out in the yard, from the front door clean out to the street. The stove must come down and be put in the shed, and the yard must be cleared of some grass, for it's time to clean house and the devil's to pay—and the front window need some new glass. Father, dear father, come home with me now, and bring some bologna and cheese, it's most 12 o'clock and there's nothing to eat—I'm so hungry I'm weak in the knees. All the dinner we'll have to eat standing up, too, for the table and all are out in the back yard, with the house-cleaning was through. Father, dear father, come home with me now, for me is so mad as a Turk; she says that she'll put you to work; there's painting to do and paper to hang and the windows and eaves to scrub, for it's house-cleaning time and you've got to come home and revel in suds and cold grub.—Hutchinson (Kan.) Clipper.

ELMOTON.—We understand the present mayor and aldermen will be re-elected by a large margin. Robt. Farmer, Markham, Ont. Sold by E. Gregory, Lindsay.—65-17.

BASE-BALL.—The committee formed to draft out a schedule of the games have not completed their work. Roughly speaking, however, some of the games will be played. To leagues of four clubs Spalding Bros. offer trophies, hence the Lindsay league will come in for their share, there being four clubs, the dry goods, the Watchman, the druggists and the team. The games will be played in town, Sturgeon Point or other places. In occasions of demonstrations at other places or the scene of excursions from town the clubs interested in getting a crowd on wheels may offer their services.

CONTRIBUTIONS TO THE HOME.—The following donations to "The Home" during the month of Jan., Feb. and March: Mrs. E. Griffith, Mrs. B. Blair; two pictures, the Misses Poir; head-cheese, Mrs. Thos. Allan, Fenelon; gem of jelly and custard for Mrs. Griffith, Mrs. Goldie; jelly for Mrs. Poir; gem of jelly and custard for Mrs. Griffith, Mrs. Dr. Clarke; gem of jelly for Mrs. Poir; gem of jelly and custard for Mrs. Griffith, Mrs. W. L. Russell; gem of fruit and muffs, Miss McLennan; butter, Mrs. Roach; gem of fruit, Mrs. E. Williamson; parcel of clothing, Miss Cowdry. Mrs. SMITH, Sec.

BOVELY TRACK.—There has been considerable talk during the last week about getting the town are doing all they can to help on the movement and a number of the citizens are willing to help them. The whole matter hinges on a satisfactory answer to their questions, and will it be the town? Will it pay those who invest? Can the money be raised to build it? There should not be any doubt about the answer to the first question, for any one who has noticed other towns that have built a track must be left to the town. But it will also encourage our own riders to greater efforts that will bring the name of our town into prominence. The track, if built, should not be left to the fast riders we have, but should be taken advantage of by a good many who try some speeding that cannot be done on the roads around here. In orkist or baseball every player does not become a "star" but that does not prevent him from getting some credit and leading from the game, and in creating a great many would do some speeding on the track to get exercise and to become proficient in guiding their wheels. The next question depends for its answer almost entirely on the money to be raised. It will certainly pay and well, too. A good many ways might easily be suggested to raise the necessary amount. We believe that \$10,000 would be about the amount required. It would be a first-class one-third mile track. If this \$10,000 was divided into 1,000 shares it would not be a very difficult matter to raise the amount and the shareholders could be paid off in three or four years. Lindsay will no doubt wait to build this track until every other place of the same size in Ontario has one and then they will wonder why it doesn't pay. Build the track now and let it be first-class, and for once let our town be among the first in this part of the province to have a track and reap some of the money that may be secured in this way.

A lover loves poetry and sweet breath—Odorless scents both.—15-20.

RIZVA ASSOCIATION.—The following are officers for the ensuing year of the Victoria Rifle Association: President, Mr. J. J. Farnell; Vice-President, Major Sam. Hughes, M.P.; 1st vice president, Lieut. J. A. Williamson; 2nd vice president, Capt. E. H. Spivester; sec.-treas., P. G. Pilkie.

TRAM.—Don't forget to try our 25c. tea. You will be delighted with it. A. CAMPBELL.—38-14.

ART SCHOOL EXAMINATIONS.—The drawing examinations in connection with art schools and public libraries will be held in the collegiate institute as per the following time table:—Wednesday, April 24th, 3 to 4 p.m.; Thursday, April 25th, 3 to 4 p.m.; Friday, April 26th, 9 to 10.30 a.m.; Saturday, April 27th, 9 to 10.30 a.m.; Sunday, April 28th, 1.30 to 3.30 p.m., blackboard. The time table for the advanced course will be made to suit the candidates.

WHEN COMING TO TOWN call at Jewett's restaurant and get a warm lunch.—29-14.

OPS SPRING SHOW.—The spring show of the Ops agricultural society will be held in Lindsay at the agricultural park on Saturday, May 2nd. Valuable prizes are offered, and all entries must be placed before 10 o'clock on Friday, April 26th, at the secretary, James Keith. The following gentlemen will assist the judges:—Messrs. Currie, Logie, Hopkins, Cunningham, Bryans, Brown and J. Moore. Admission to the grounds, 10 cents.

MR. W. J. NOTT, Port Perry correspondent to the Chronicle, very vigorously writes, disapproving as he claims, several factories connected with the long hair of fire since 1884. He openly accuses merchants of setting fire to their business places, which were heavily insured, to meet large payments. If we mistake not the letter will make quite a sensation in Port Perry and vicinity. Certainly such charges as Mr. Nott makes are too serious to pass lightly over.

SHOW CASE FOR SALE.—Mr. Jos. King, gunsmith, William-st., has for sale, cheap, a good glass show case.—11-14.

CAUTION AGAIN.—It has just now leaked out that a certain young man (name withheld) some time ago answered a United States advertisement which stated "that any person sending a three cent stamp would be taught how to do stunts in writing or learning of shop windows." On Tuesday last he received a reply and was rewarded by being told (taught) to go to the local artist and learn how, and then pay the charges demanded. We have yet to learn if he has done so.

THE MISSING WATCH.—About the last and most important link in the chain of evidence in the case against John Kearney was completed Monday morning when Kearney's watch, the one which he said he traded with, was found in Logie's field. The watch was that of county constable Foster and the watchman and Logie home-steads daily since the trial in hopes of finding something connected with the murder. Besides the watch Foster has found some 32 calibre shells and several trinkets supposed to belong to Kearney.

A Set of Teeth.—Upper or under gum or plain, best quality, White or Just. Sold by E. Gregory, Lindsay.—65-17.

THE STORM.—A severe storm passed over the town and vicinity last Friday night. A little west of the town the new barn of Mr. J. Jordan, who occupies the McAlpine farm, was blown down, the huge beams being scattered in every direction. About the middle of the storm, owing to the severe lightning, the electric light system running in the houses became demoralized, remaining so till the next day. In many cases the telegraph wires were blown out. Reports from other sections say that many old buildings were destroyed by the wind.

S. S. RYCKMAN, M.P., Dear Sir—My health was run down; had running sore on my hand for years. My hand is completely cured, and I feel like a new man! I can now recommend the medicine too highly. Mrs. Ross, House of Refuge, Hamilton.

THE REV. JAMES STEPHENS, M.A., of the church of England parochial mission society of England, will begin a mission in St. Paul's church, Lindsay, on Sunday, May 4th. Mr. Stephens was with the Rev. W. Hay Alkin in his missions at St. John, N. B., Halifax, N. S., Montreal and Ottawa, which were so richly blessed last autumn and winter, and lately he has had missions also at London, St. Thomas and St. Mary's, and is at present at Orillia. He is expected to remain about twelve days in Lindsay, and as his work has been very much honored and blessed elsewhere, no doubt it will be in Lindsay. There will be services afternoon and evening on week days (except Saturdays), and morning, afternoon and evening on the two Sundays.

THE BINK HOLE.—After a long weary time of fighting the sink hole at the Lindsay Link foot by foot and inch by inch the railway men believe they have conquered the monster. The hole, which has been in existence for many years, and which has been heaped in during the past few years, but regularly every spring this piece of the road gave trouble. After the trouble last week the railway men went in with a determination to conquer the monster. The hole was filled with stones in together with three hundred carloads of old ties. Roadmaster McNab of Peterboro now considers the road in a safe condition. It is now thought that the dangers and perils of the famous "Missing Link" will become tales of the past.

CREMATION MEET.—The officers held their annual meeting in the club rooms last Friday night. All the reports showed a most satisfactory season had been completed, the financial report being particularly encouraging. Resolutions were passed and suggestions were made for enlarging the rink and the club rooms. The matter was placed in the hands of a committee. The following is the record of the club during the '96 season: 1. Curling, 1,118; 2. Other clubs, 957; 17 different skips and 70 players took part in these games.

WILLIAM KENNEDY'S DEATH.—The following is the manner of death of a well-known citizen of Lindsay. Deceased left Lindsay on Easter Monday, April 21st, to work in Rochester, N.Y., and his sudden death came as a shock to his many friends here.—William Kennedy, the laborer who became ill while at work in a sewer at the corner of West avenue and Brown street, died at the City Hospital on Tuesday afternoon after 5 o'clock last evening. Death was due, it is thought, to apoplexy, but it is probable that the illness was superinduced by the heat. It appears that during the day of his illness he was at the City Hospital, and at 1.30 o'clock was seen to fall while at work. It was not thought at the time that his condition was critical, but he continued to grow rapidly worse at the hospital till he died. Kennedy was 51 years of age, married, and his home was at 100 Magna street.—(Mrs. Kennedy and family, with the exception of one daughter, reside in town. Mr. J. Kennedy, a son of the deceased, is in the Dominion Bank. The family have the sympathy of all the community in their bereavement.)

And now the cry is "Keep off the grass."

BOARDS WANTED.—Two gentlemen boards wanted at No. 2 Daly's terrace.—30-14.

MUSIC.—Mr. J. Farnell Morris, Toronto Conservatory of Music, organist and choirmaster of St. Andrew's church, teacher of Piano, Voice and Harmony, is prepared to accept a limited number of pupils.—70-14.

THE PUZZLE of St. Joseph's convent gave a very successful entertainment, both in point of attendance and musical quality, in the attendance of Music last Tuesday evening. The chorus of all well rendered, and also the solos. Miss K. Malone especially, admirably acquitted herself on this, her first public appearance as a soloist, her rendering of "Erin my Country" being very creditable to her. The musicians, who in solos and duets were all well received by the large audience.

AN EXCHANGER has the following rather good suggestion: "Hanging is too good for Holmes, the murderer. He should be locked in a room for the rest of his life and condemned to read the Globe's editorials. He would want to die there, sure."

A drowning accident will soon be in season we quote the following, which may be of use to some one.—It is not generally known that when a person falls into the water a common felt hat may be made use of as a life preserver, and by placing a hat upon the water, rim down, with the arm around it, pressing it slightly to the breast, it will bear a man up for hours.
