OUR MAIL. Our mail brings us every day dozens of letters about Burdock Blood Bitters.

Some from people who want to know about it, and more from people who do know about it because they have tried it and been cured.

One of them was from Mr. J. Gillan, B.A., 39 Gould Street, Toronto. Read how he writes:

GENTLEMEN.—During the winter of 1892 my blood became impure on account of the hearty food I ate in the cold weather.

Ambition, energy and success forsook me, and all my efforts were in vain. My skin became yellow, my bowels became inactive, my liver was lumpy and hard, my eyes became inflamed, my appetite was gone, and the days and nights passed in unhappiness and restlessness.

For some months I tried doctors' and patent medicines of every description, but received no benefit. Being advised by a friend to try B.B.B., I am glad to have the opportunity of testifying to the marvellous result.

After using three bottles I felt much better, and when the fifth bottle was finished I enjoyed health in the greatest degree, and have done so from that day up to date.

Therefore I have much pleasure in recommending B.B.B. to all poor suffering humanity who suffer from impure blood, which is the beginning and seat of all diseases.
