A MARRIAGE LICENSE for \$2.00 at Porter's bookstore.—2-11.

THEY WANT OUR FISHERIES.—Hence the sympathy of the Americans for the so called "Canadian" Liberal party. Our people hope for a liberal victory.—Washington Post.

VICTORIA COUNTY LIQUOR LICENSES.—Statement of the amounts received by license inspectors Short from licensees, transfers and fees in the county of Victoria for the year 1895-'96: From licensees \$ 7,212 50 From transfers 100 00 From fines 542 00 Total amount \$ 7,854 50

READ THE NEW CARD of Mr. Gross, dentist, and see what he can do for you.—5-11.

UNFORTUNATE ACCIDENT.—A very unfortunate and accident occurred in Bobay-goon Monday by which Roy Hughes, the ten year old son of Mr. David Hughes, lost his life. The father was forking hay in the barn when Roy ran in unseen by his father who, in the act of throwing the hay, ran a tine of the fork into the boy's left eye, penetrating the brain and killing him.

WON HONORS.—The following report which appears in the Toronto papers this week, will interest Lindsay people. The K. D. McMillan referred to is a brother of Rev. J. W. McMillan of town, and a gentleman well known to Lindsay people, having visited here on various occasions. "Two well known graduates of the university of Toronto, distinguished themselves at Princeton during the recent examinations. They are C. W. Williamson, graduate of '93, and K. D. McMillan '94, each of whom passed the second examination in theology with high honors. Besides this Mr. Williamson won "the Mattland prize" in the new testament department and Mr. McMillan the prize for the best essay on the doctrine of atonement in his class. Both gentlemen are now in their final year."

A MARRIAGE LICENSE for \$2.00, at Hughson & Co's jewelry store, 63 Kent street, Lindsay.—17-17.

BOARDERS WANTED.—Two gentlemen boarders wanted at No. 2 Daly's terrace.—36-11.

CHILDREN'S AID SOCIETY.—An adjourned meeting of the Children's Aid society will take place in the council chamber, Friday, 15th inst, at 8 o'clock. A full attendance is suggested as important business will come up. The cases of about a dozen neglected children will be considered.

BIYOCLE CONCERT.—The bicycle carnival, billed for the 21st of May, is a new thing in its line and promises to be a success. Fancy drill, fancy trick riding, club swimming, tumbling by a class of collegiate boys, and other features will make a very interesting entertainment. The affair will take place in the skating rink, May 21st. Admission 10c.

TESTIMONY UNDER OATH.—Michael H. Dwyer, well-known in Hamilton, tells a story that reads like a miracle. He suffered untold pain and was told only removal to a warmer climate could benefit him, but Kootenay Cure did what the doctors could not do, and now he is well. He volunteers a statutory declaration which will be forwarded by addressing, S. S. RYCKMAN, M.P., Hamilton.—43-1.

FOR SALE.—Victoria carriage, in good order. Price very low. Apply to E. Ross, Lindsay.—4-4.

ANOTHER BAND.—In spite of the number of bands we already have in the town another one has started with headquarters on Kent street, where they may be heard any night after eight o'clock. We make reference to the frog bands in the Kent street clinic by Spivaker's. It is a case of carrying a tune of a howling wilderness into the midst of civilization.

KEEP OFF THE BOULEVARD.—With a cheerful disregard of the propriety and the feelings of others the public tramp over the freshly turfed boulevards and the open lawns in different parts of the town. A little reflection should remind them that these beautifications were made by individuals who go deep down into their pockets for the same and that they deserve special consideration for the same. Keep off the boulevard.

WEATHER.—The Dominion meteorological service has just issued the weather map for the month of April. It states that in the province of Ontario the mean temperature of the month has been decidedly above the average. The weather in Ontario was generally cool up to about April 15th. At this time, however, the temperature suddenly rising from 15 to 20 degrees vegetation made exceptionally rapid strides, more especially in the districts bordering on the Georgian Bay, where the mean temperature for the month was about 10 degrees above average.

McKAY'S WOOLLEN MILLS, KIRKFIELD.—Probably no better establishment of a similar nature can be found in Canada than the woolen mills of Mr. McKay at Kirkfield. Farmers from near and far are learning the advantages of the mill and are taking the wool thither. If for carding none can do it better; if for manufacture all are ever satisfied. Mr. McKay also operates a rag-carpet loom, the only one of the kind in the province. Ladies can have their carpets repaired and very cheaply made. The loom itself is remarkably neat and rapid working. Mr. McKay is pleased at all times to explain its working. Bring along the wool and rag carpet material to McKay's mill.

TARRANT INSURANCE Co. Newland last from 20 to 25 years. Prices to please everyone. Painless extraction.—19-11.

A LINDSAY INDUSTRY.—Three years ago the proprietors of the Lindsay Woollen Mills introduced to the wholesale trade a very firm finely woven flannel sheeting, which has now become very popular. This year they have booked orders from four wholesale houses, while one of these offers to handle the entire output if allowed the exclusive right to handle this particular article. The wool used in the manufacture of the sheeting is of the best of the best and most beautiful kind so abundant and excellent in quality, and the condition of the crochets and gardens is one of the pleasantest of the season's signs of promise.

RUNAWAY.—A somewhat serious runaway, which might have occurred recently, occurred Saturday evening on Victoria avenue, when a horse driven by two young lads, sons of Mr. Simpson Brentnall, became frightened at the 6 20 train and dashed furiously away. Miss Brentnall, a sister of the boys was in the rig at the time. On its course up the street the buggy was thrown in front of the engine and destroyed; fortunately the occupants were thrown the other way and escaped serious injuries. The horse also escaped, although for the moment was partly smothered. A net fire was procured down street and the party proceeding homeward without further mishap.

MAY BELLS.—A very quiet and pretty little affair took place at the Methodist parsonage last Tuesday night, when Miss Mary Frampton, daughter of Mr. Fred Frampton of the town, and Mr. Fred Groves, a son of Brooklyn, N.Y., were united. The bride was attended by her sister, Miss Nellie Frampton, and Mr. Walter Innis supported the groom. The usual wedding supper, organizations and valuable presents were rendered the happy couple. Mr. and Mrs. Groves left the same evening for Brooklyn, where they will take up residence. They are attended by the best wishes of their many friends in town, to which are added the congratulations of THE WARDEE.

DR. VROOMAN.—Cammerton Glasgow says:—Dr. Vrooman is an old Brook boy, being a son of the late O. Vrooman, of Vroomanston. For twenty years he has practiced medicine in Mariposa, and to-day stands among the foremost of his profession in Central Ontario. His province during his early history, Dr. Hodgins, historiographer of the education department, and who has been connected with it for over 60 years, would be glad to receive any information with regard to the establishment of any high school that may be in the possession of trustees, secretaries, or that citizen known as the "oldest inhabitant," Brookville, Cobourg, Cornwall, Kingston, Niagara, Sandwich, London and Toronto were established by statute on the 13th day of March, 1807. Next year would be their 90th anniversary.

WANTED.—Cattle to pasture at the Adam estate ranch. For particulars and terms, apply to GEORGE FOSTER, Lindsay.—42-2.

MR. S. J. FOX shipped a large quantity of brick to Burke's Falls and Best's station this week.

MR. S. E. Ritchie of Lake Temiskaming, formerly one of Lindsay's merchants, was in town for a few days last week. Mr. Ritchie is situated on a large tract of farming land, and personally says times are good with him.

An Exchange says:—"Out upon the people who make remarks! There are various species of 2nd class snobs who are ever having been embarrassed by Elzura, almost invariably their woe upon their innocent friends. There are the rapid-minded, idle and empty-headed, whose talk is like the water-curt, sprinkling germs of disease and bad odor. The downright speakers are few, but they have specimens of them "in our midst"; the critical tongues, which dissect and poke holes in the actions, motives and words of others in the essence of impertinence and vulgar assumption, are also with us. Their victims are the kindly, candid and sensitive folk, who have neither the philosophy nor the epigrams to meet their attacks."

MR. J. PARNELL MORRIS, Toronto Conservatory of Music, organist and choir-master of St. Andrew's church, teacher of Piano, Voice and Harmony, will accept a limited number of pupils.—79-11.

Baking dishes that become burned in the oven and plates and platters that become blackened with the food scattered upon them, should not go through the tedious process of washing and scrubbing. Simply pour a little water and soda in the dish and let it become warm, and the burnt and discolored portions may be easily cleaned without injuring the dish.

TEA.—Don't forget to try our 25c. tea. You will be delighted with it. A. CAMPBELL.—38-11.

MR. T. C. MATCHETT, agent C. P. R'y., 52 Kent st., is now in a position to sell tickets by all lines of steamships, railway, coastwise and inland, and also to issue Dominion and Overseas Passes. A number of our citizens have already been booked for the old country this spring.

TRUST CANAL.—In the minutes of proceeding of the county council of Victoria, June session, 1884, the following paragraph appears in a report signed by W. Cunningham, chairman:—"That a canal from the Georgian Bay via the waters of the river Trent to the Bay of Quinte, would be of general benefit, and greatly improve a large tract of country, the inhabitants of which have at present no navigable water communication with Lake Ontario."

SHOW CASE FOR SALE.—Mr. Joe King, gunsmith, William-st., has for sale, cheap, a good glass show case.—11-11.

THE BOY'S BRIGADES of the presbyterian and Methodist churches of the town, will go into camp for a week or two next month down the river. Regular drill will be carried out every day and the strictest military discipline observed throughout. Needless to say the boys are anxiously waiting for the camp. It is likely that Messrs. Baxall and Anderson will be in charge of the camp.

A GOOD IDEA.—Several of the public school teachers of the town, who have recently enjoyed a trip to the woods last Friday. It is the intention of the Principal that the scholars shall be taken for a ramble through the woods at least once a week. The idea is a good one. It is hoped that by this Lindsay boys and girls shall learn something about their own forests. It is a lamentable fact that Canadians know so little about their own products, and this is a land where nature gives exceptional advantages for her study.

OBITUARY.—Tuesday morning Mr. W. V. Vetch, manager of Vetch's hotel, received word of the very serious illness of his sister-in-law, Mrs. W. Smith, of Toronto. Mrs. Smith has been ill for some time, but was taken alarmingly ill on Tuesday, death coming Wednesday. The deceased, formerly Miss Aggie Stepien, was well known in town, having resided here for a number of years with her mother, Mrs. G. Stephenson of Peel street. While here she made and retained many warm friends; by her kind and generous nature, winning the respect and friendship of many. Burial took place in Toronto.

QUEEN ST. CHURCH NOTES.—Rev. Newton Hill of Omeene will preach next Sabbath evening. An evangelistic service will be held next Wednesday evening instead of the usual gospel service. Rev. H. Malloch will preach on "The Cross" at 7 o'clock in the service of song, and aid in the meeting. The service will be held in the church instead of the basement, thus securing seating accommodation for all who may come. All welcome.

TEETH made by Mr. Gross over 20 years ago, are still being worn, and in good serviceable condition. He is now making a set of the same quality for \$8.—43-11.

THE BEAUTIFUL month of June, get married, boys, and get the ring at W. F. McCarty's. Beauties they are. If not just ready, get the engagement ring now. We have the rings the girls are in love with.—42-11.

OUTLOOK.—In a general sense the outlook for fruit and garden vegetables is exceedingly good, in this part of the country. Most of the small fruits will be extremely common and good. If the weather does not sharply change for the worse, the gardeners could not ask better conditions than have existed so far, and if the unusual warmth and moisture continues the early vegetables will be wonderfully abundant long before the usual time. It means a good crop of early vegetables.

FOUNDATION DAY.—The education department is making an effort to ascertain the exact date at which each high school in the province of Ontario was established, in order that those who are interested in its maintenance and particularly those who profited by its instructions might hold an annual reception with a view to preserve the traditions of the school and cultivate an esprit de corps among the pupils and ex-pupils. Many of the most prominent men of Canada received their education at some of our high schools, and would gladly join in festivities such as the occasion would suggest. Many able men who were teachers in such schools have passed away, and unless such gatherings are held their names and memory might be forgotten. Ontario owes a great deal to its public and high school masters, and to recall their services would be a well merited tribute to the memory of those who gave direction to the educational life of the province during its early history. Dr. Hodgins, historiographer of the education department, and who has been connected with it for over 60 years, would be glad to receive any information with regard to the establishment of any high school that may be in the possession of trustees, secretaries, or that citizen known as the "oldest inhabitant," Brookville, Cobourg, Cornwall, Kingston, Niagara, Sandwich, London and Toronto were established by statute on the 13th day of March, 1807. Next year would be their 90th anniversary.

BANKRUPTCY

of the physical being is the result of driving incessantly upon the reserve capital of nerve force. The wear, tear and strain of modern life are concentrated upon the nervous system. The young men of our day become sufferers from nervous debility or exhaustion, nervous prostration or weakness. This may be the result of too much mental worry and excitement, or the result of bad practices and excesses, or pernicious habits, contracted in youth, through ignorance. They feel irritable, weak and nervous with such distressing symptoms as backache, dizziness, shooting pains in head or chest, sometimes indigestion. The middle-aged men, as well, suffer from exhaustion, loss of many powers, low spirits, impaired memory, and many derangements of mind and body. The ill-used brain is morbidly wide awake when the overworked business man attempts to find rest in bed.

The physicians and specialists of the Invalids' Hotel and Surgical Institute devote their best energies to reclaiming and restoring such unfortunate to health and happiness. A great Doctor Book of 1000 pages, profusely illustrated, treating of these maladies and explaining a rational means of home-treatment for their cure, is sent on receipt of thirty-one (31) cents for prepaid postage and duty only.

ATLANTIC DISPENSARY MEDICAL ASSOCIATION, No. 663 Main Street, Buffalo, N. Y.

NEW REGULATIONS.—Hereafter medical health officers will be required to forward the names of those guilty of breaches of the law to the provincial authorities who will prosecute. Hitherto the matter has been left in the hands of local officers and few convictions have resulted. The appointment of a division registrar is also to be made, who shall make returns of all births, marriages, and deaths twice a year. Every physician is now required to report the death to the medical health officer of the town or district before giving a death certificate. The latter shall make investigations and report to the division registrar who will in turn, without charge, issue a permit to bury the deceased. The law applies to all deaths and puts heavy penalties on any undertaker, pall bearer, clergyman or grave digger who permits a burial without a certificate from the division registrar. An doctor found to have furnished a false report as to the causes of death is subject to a \$50 fine and discipline by the medical council.
