Politics.-We have had all the different candidates for election amongst us this week. On May 12th Sam Hughes held a meeting here and was most enthusiastically received. The old hall was packed to overflowing to hear Sam. explaia his views on the school question and in fact all the questions of the day politically speaking. Sam is evidently the ladies' man as they turned out in full force and as one of them explained that shough she had no vote she had two or three voters and they were going to poll for Sam sure. Mr. Sam Suddaby occuppied the chair and the speakers were Mr. John Bailey, reeve of the township; Mr. H. Southern, an old and much respected resident of the place; Mr. Hughes, and Mr. Suddaby who happened to be here posting the proclamations. Sam invited any opposition speaker who might be present to come to the front, but you can't get them at Head Lake without importing them. On the next paper. Fig. The following accounts were passed evening Mr McLaughlin, and we think it must be his first lieutenant, Mr. Delamere, held forth in the same place. Mr. Delamere tried to explain why he had left his old party and was coming out an independent but one old gentleman told him he was a straddle the-fence and a disgrace to the country he came from, and he felt sorry they both came from the Old Sod. Mr. McLaughlin delivered his usual address and was courteously received, with perhaps one exception when one young man told him he was stating what was false in regard to work on the canal. R. H. enquired if he meant to say he was telling a lie, when said young man told him he did. The people around here have all respect for a reformer who comes out like Mr. McLaughlin as a reformer, but still I think they made is plain to him that he was not the boy for Galway. Mr. Hughes never was more popular around here.

LYNX KILLED .- Mr. R. Peel shot a very large lynx on the shore of the lake last week, the hide measuring, when stretched and feet cut off, over four feet. Dick is a hunter and no mistake,

THE BEST OPINIONS!

Scientific Men Say Diamond Dyes Are the Best.

The best analytical chemists in the corld affirm without hesitation that Diamond Dyes are the purest and best dyestuffs for home dyeing. All the colors are fast to light and to washing, and will color more goods, package for package, than any other dye in the world. As there are many imitations of the

popular Diamond Dyes, ladies should beware of dealers who attempt to recommend the worthless goods. It should be remembered that the imitation dyes are made up of poisonous and dangerous adulterations, and the hands are often suined by their use. Diamond Dyes are so easy to use that even a child can work with them successfully. See that you get the "Diamond," and refuse all others.

Has the Mational Policy Made

The Globe each day has a song to sing, The tune is played on a single string; The song to all is the same old lay, And it never varies from day to day:
The bore; the dude,
The cad, the prade, The society swell, the drunk in the ditch

The working man with the horny This query is put to all the land; "Has the National Policy made you rich?",

And the answer comes in soft refrain, From country side-road and city lane. From the man at the plow and the man as the loam. To the mescure of industry's steady hum :

Poor Globe ! how sad ! You've got them bad! How long is it since you felt the pain? Let us look in your head! yes, wheels you have many! Then babble away if it eases you any, We're busy supporting the N.P. again.

An Alarming Increase.

THE PREVALENCE OF FEMALE COMPLAINTS FOUND TO RESULT LARGELY FROM THE KIDNEYS.

SAGINAW. Mich., May 19-Doctors are beginning to turn their attention more exclusively to the causes for the great increase of what are known as female complaints during the past ten years, and to the remedies for the same. Many cases have been investigated. and emong others that of Mrs. Reany, of Ashland, Wis., who was cured of this form by the use of a kidney medicine known as Dodd's Kidney Pills, which orginated in Canada but has now become widely known and used throughout the Western States. This and other similar cases go to show that these troubles are largely due to the kidneys Mrs. R. Political Notes.

The Quebec liberals are at a disadvantage this year as compared with 1891, in a very important matter. Five years ago they controlled the Quebec treasurer, and when ten or twenty or fifty thousand dollars was needed to help Mr. Laurier, she provincial minister just issued a letter of credit, or too a shave off a railway sub OF THE KIDNEYS-SOUTH AMERICAN sidy, or sold a transfer of a charter, and KIDNEY CURE WILL POSITIVELY sent the proceeds to Mr. Laurier's campaign treasurer. Now the money in the provincial treasury is kept to pay the pro-

many men and women. Attributting the trouble to something else, they forget Edinburgh has the following brief reference to Canadian politics which although affections of the kidneys, that eventually not quite accurate, shows that they are may develop into serious trouble. How the Grits Increased the Debt.

The local liberal journal tells us that the debt of Canada has increased since the defeat of the Mackenzie government so much per hour. But if it has increased at all it must have been by the day. week and year, as well as by the hour. Why, then, speak of the hour, except to convey a false and exaggerated impression? Why, also, does the liberal organ not say what the debt of Canada was when the Mackenzie government came in and when it went out, or rather was

kicked out by an indignant people? The increase in the debt during Mackenzie's time was very marked. Sir Richard Cartwright was three times in England for loans during the four years and a half that he held office, and the following was the result on the public

debt :-1872 3. 1873-4..... 141,163,500 1874 5 151,663,400 161,205,000 1875 6. ... 174,675,800 Total increase in the debt of Canada under Mackenzie, Cartwright, Blake and

All my joints were swollen very much and I was not able to leave my bed, and could get neither sleep nor rest. Hearing from a neighbor that she got your Burdock Blood Bitters for her daughter, who had the same disease and it cured her, I purchased a bottle, and after taking about half of it I found myself recovering, and after continuing it for some time I recovered, but when the cold weather set in this winter I found it returning again. So I commenced to take the B.B. B. again, when I found, after taking it about a week, that all pein and swelling of the joints had disappeared, and I consider that I am entirely cured,—48 3.
