

Mr. Geo. T. Gorrie, 67 Yonge st., Toronto, says:—It is with pleasure that I can testify to the good effect secured by using Dr. Williams' Pink Pills for Pale People in cases of cough and cold. I took a box of the pills from the time I was laid up by a cold and after taking three boxes I feel the good effect immediately. I recommend it highly to all my friends.

conditions

In some conditions the gain from the use of Scott's Emulsion of cod-liver oil is rapid. For this reason we put up a 50c. size, which is enough for an ordinary cough or cold or useful as a trial for babies and children. In other conditions gain must be slow, sometimes almost imperceptible, health can't be built up in a day. For this Scott's Emulsion must be taken as nourishment, food rather than medicine, food prepared for tired and weak digestions.

Mr. Adam, of Port Perry, was in town this week. The bicycle club will celebrate the 25th on Saturday the 25th. "Our people hope for a liberal victory."—Washington Post. Early rises Wednesday morning say that there was a slight frost. The bicycle club support the red and black, and the Y.M.C.A. the blue and white. It goes without saying, that the Cobocook celebration on the 25th will be a success. Mrs. Wilfred of Cookshire, Que., is visiting her parents Col. and Mrs. Deacon of town. Stone is being freely broken on the streets in the hope that it will make the roadway better. Mr. Fred Bryson, of Port Perry, spent a few days in town, visiting his parents, this week. Mr. Oland Preston of Dundas & Favelle Bros., is spending a week's holiday in Peterborough. Alf. Field's big minstrel show played here Monday night. The show is one of the best in the line. Four car loads of hogs were shipped from town on Tuesday to the Geo. Matthews Co., at Peterboro. Mr. D. Moore of the east ward, left Saturday for Port Haron, having secured a lucrative position. Wheelmen and others are carrying on a vigorous fight against the toll gates throughout the province. Burglars Tuesday morning again forced an entrance into Batabun & Co's. office, but secured no money. Mrs. Rankin, wife of Mayor Rankin of Mathews, is visiting her parents Col. and Mrs. Deacon of town. The Alvin Joslin company did not show here last Saturday night as billed, owing to the illness of their head man. Mr. Ernie Weldon of Osgoode Hall law school is home for the vacation, having just finished writing on the 3rd year exam. McMaster University of Toronto, has conferred the degree of B.D., on Rev. L. S. Houghton of the Lindsay Baptist church. A local grit paper said recently that "liberal victory is in the air." Just so, and it will stay there—all wind, so to speak. Tupper's manifesto is highly praised in England; Laurier's policy and utterances are regarded with enthusiasm in the United States. The fence surrounding the union school grounds has been strengthened up, and trespassers on the grounds have now a high fence to climb. Old prods had better watch himself, for if he allows a few drops of rain to eke down to earth on the 25th, there will be a row—nothing about it. Two band concerts a week, the town council and the board of education meetings keep the town watch dogs (whoever they may be) on the hustle. Miss M. Houghton, M.D., who has been visiting her sister-in-law Mrs. A. M. Houghton, north ward, left for her home in South Paris, on Saturday. If the grits flourish the American emigrants in all their processions as they did at Montreal, they are liable to receive their stripes and see their stars on the 23rd prox. The Methodist and Presbyterian Christian Endeavor societies gave socials last Monday evening. As usual a pleasant and profitable time was spent at both places. Mr. E. J. Walsh of Freeport, Ill., passed through town Monday on his way to his home in Boboysgon. Mr. Walsh will enjoy a month's vacation in Boboysgon and neighborhood. Mr. Laurier said, "Thank God there is no orangean among us (liberals)," but he is depending upon Mr. Carby to capture the orangeman for the grits. Nice man, Mr. Laurier. Messrs. Robert Irwin of Cambay and Mr. Wm. Brown of West Ops left Thursday for Kensington, Co. Cavan, Ireland. They sail from Montreal, via Allan line steamers, Parisian. A new baggage regulation has promulgated on all Canadian railroads but the Intercolonial. Bicycles cannot now be checked through, but must be paid for according to the number of miles to be taken. It appears from a recent report that four out of five nations in the U.S. say are foreign born. That is not a good thing. A line of defence maintained by mercenaries is too often liable to fall at a crisis. After chalking down gullies citizens for subscriptions to baseball, lacrosse, cricket and other games, Fort Hope boys have exercised their ingenuity, and are now on the hunt for subscriptions to a junior boys' fire brigade. Provincial Detective Murray proposes putting forth in book form an account of his own life. For thirty years back he has carefully kept a diary of his doings, and he therefore has gathered together lots of material for a readable work. Nordheim's "greatest sheet of music is the 'Madoc March,' composed by a young lad, Herbert O. Flynn. The composition shows evident talent on the part of the composer. The music may be obtained from any local bookseller. Price 40 cents. The pleasant summer evenings have set in and quite frequently one may see the so-called fakir holding forth to an eager audience, telling them wonderful tales of adventures by land and sea and of the most wonderful remedies on earth, for the man who was blown to pieces and was cured by one bottle etc., etc. Mr. Harold Richardson, of the Dominion Bank, has accepted a responsible position as assistant accountant with the Standard Accident Insurance company, with head office in Detroit. Mr. Richardson left for Detroit Monday morning, accompanied by the best wishes of his large circle of friends in town. A remarkable feat in telegraphing has just been completed. A telegram has been transmitted, in four minutes, from New York via Chicago, Los Angeles, San Francisco, Vancouver, Winnipeg and Canso to London and back via Boston to New York. A slight fire at the Point, Sunday, kept Lindsay citizens in constant alarm till the facts were learned. The fence north of the hotel caught fire and fanned by the strong wind the blaze reached the drawing pavilion. The few cottagers present aided by Mr. Graham, who drew water with his team, soon managed to extinguish the blaze and averted what might easily have been a serious conflagration. There is more than sentiment in the saying of Sir Walter Raleigh to his executioners, "What matters it about the head if the heart is right?" The trouble is that in this high pressure age the heart is seldom kept right. By careful attention it is realized that one person out of every four or five has a weak or diseased heart. Think for a moment the important work that the heart has to perform, and it is not difficult to realize what a derangement even to a slight extent, of this organ means. Dr. Agnew's cure for the heart is a cure for heart troubles, and nothing else. It is a mistake to suppose that remedies that are given out as panaceas for all the ills that flesh is heir to can effectively cure heart disease. Within 30 minutes after taking the first dose of Dr. Agnew's Cure for the heart relief is secured, and eventually complete restoration is effected. Sold by F. Morgan, druggist, Lindsay.—46-12.

Miss Ada Dundas of Toronto, has been visiting Mr. and Mrs. J. D. Favelle, this week. Thirty lady bicyclists of Barrie will form a ladies' bicycle club. Where are our Lindsay fair ones? Forty-four Canadians were debarred from entering the United States at Detroit last month. It is pretty generally concluded that when the time comes their beautiful summer gear they put nearly everything else in the shade. It is not safe these times for a married man to bring home his fishing pole. His wife may ask him to fan the carpets with it for a spell. The eighth annual meeting of the Baptist convention of Ontario and Quebec will be held in Montreal from May 28th to June 2nd. Representatives from Lindsay will be present. Messrs. Ed. and Thos. Walsh, of Manchester, Ont., spent a few days of last week in town, the guests of Mr. J. J. Walsh, the general proprietor of the Windsor hotel. Instead of diminishing the contractility of the lungs, Dr. Laviolette's Syrup of Turpentine augments it, thus aiding consumptive and asthmatic to get rid of the secretions which oppress them. The presbyterians of town are now considering the proposition of getting a pipe organ. The management will hold a meeting shortly and decide on some definite move. My! what would the old Kirk followers say! On Thursday last week, Meldrum and McAllister's large flour mills in Peterborough were totally destroyed by fire. The mill had lately been fitted up with the most improved machinery and the loss will be heavy. Mr. E. McLaughlin, of the north ward, set sail for England on Thursday of last week, by one of the Allan line steamers. She takes the same steamer as Mr. and Mrs. Johnston of London, and Messrs. Greer and Richardson of Lindsay. Mr. Louis Jackson, of Cambay, had a bad runaway from the Cambay station on Friday last. Miss Jackson was in the rig at the time of the runaway, but fortunately escaped injury. Mr. Jackson will be laid up for some time from the injuries sustained. Laurier noise makers prevented Sir Charles Tupper being elected M.P. for Montreal last week. It was a high compliment to his ability. It is a compliment the liberal leader is not likely to receive. His opponents prefer that he should be heard when he speaks against him. While the Y.M.C.A. football team were practicing Thursday night Mr. W. Irvine had the misfortune to step on the ball, spraining his ankle. Irvine is one of the best players on the defence so that the accident means considerable to the team on the occasion of their matches in Barrie on the 25th. A Yankee paper gives the following description of the far West: "A few bunches of willows is a mighty forest, every frog-pool, a sylvan lake, every water fall a second Niagara, every ridge of rocks a gold mine, and every town a county seat." And he might have added, every man a liar.

Our Trade With Great Britain. In 1879, the Grits said: "If you check imports from Britain into the interest of Canadian industry, you will check our exports to Britain; buying less you must sell less." This formula, like a good many others, has been knocked on the head by the actual results. In 1878 our exports to Britain were \$30,000,000. In 1879-80, after five years of Grit mixing and muddling, they had dropped to \$28,000,000. In 1880 they had risen to \$33,000,000, an increase of 70 per cent. The National Policy did it. For months before the elections of 1891 the Liberals talked of the "sixty-million market," that is, the market of the United States. They were prepared, when they got the power that they sought and that the people withheld from them, to discriminate against England and in favor of the United States. Their ex-leader, Hon. Edward Blake, said so in his address to the electors of Westmount on British imports. He remembered that Mr. Blake refused to run because he considered the Cartwright-Laurier combination to be composed of men who had not the interests of Canada at heart. If he had had confidence in the present Liberal leaders, Hon. Edward Blake would have remained in parliament. Said he: "Reciprocity without an agreed assimilation of duties is an unsatisfactory dream."

These men, Cartwright & Co., talk about being loyal! They could not have secured reciprocity, for James G. Blaine's idea was to starve Canada into annexation. He would have had the invaluable aid of Laurier, Cartwright & Partners, if the Liberals had been victorious. Since 1891 some of the Grits have denied that they want reciprocity. Some of the more sensible members of the party say they are not good Grits—they may want it, but they don't want it mad with love for the States, do want it. At Sarnia, March 6, 1896, Sir Richard Cartwright said: "We must find you better markets, and we don't propose to look for them in the Antipodes. We do propose to look for them in the world as our ultimate goal, but we will be very glad to secure for you free trade with the Rest of This Continent. An exceedingly comfortable instalment on the way."

Not a word as to England, or as to furthering Imperial trade. Not a word as to the increase of our exports to Great Britain of grain, of timber, and of all the rest of the United States. All is "looking to Washington." To use the favorite expression of Mr. Edward Farrar, the paid writer of Grit literature. "The Yankees and the Grits. What do the Americans think of their friends Laurier and Cartwright? Every body has heard of the New York Sun, the most rabidly Anti-British daily newspaper in the world. The other day it contained an eulogy of the Liberals, and a denunciation of the Conservatives. This is what it said:—"The Tory party is the party of British connection and the 'Old Flag.' Its sentiments are always vociferously proclaimed. Hatred of Yankees is its-boss and its watchword. The Liberal party is in its fundamental tendency continental, and inclined to American connection. But the Liberals, or rather the Liberal politicians, are afraid to show their feelings, and perhaps disguise them from themselves. They even allow themselves to be morally coerced into using their quavering voices to the roaring demonstrations of Tory loyalty. This is their coming struggle, and against them once more. The struggle, however, will be at bottom one between the Annexation and the Anti-Annexation idea. If the Liberals win the Government of Canada will be friendly to the United States. If Sir Charles Tupper, and the Tories win it will be hostile to us. Canadians, beware of the friends of the annexation New York Sun! Thwart the designs of the men 'who are inclined to American connection.' Show them at the polls that this is a British Country and that the party that looks to Britain and not to Washington is the Canadian party."
