The secret is this: South American Nervine treats with the nerve centres, from which flows the life blood that keeps the system in perfect health. That is the way we do business. We aim at giving you the very best goods at the lowest prices.

SIR,—As there has been some grumbling with regard to the bicycle contest here last Monday, I ask space in your paper to give the true facts of the race. I received my orders at the starting point of the race which orders I carried out promptly. At the turning point for the home stretch, any other orders given to the wheelmen after that I'm not responsible for. The first man to come up to the turning point was Magee, closely followed by turning point was Magee, closely followed by Griffin, the orders were given by me to turn which they did. The next, far in the rear, was English, followed by Richards, they also were ordered to turn, but did not and went straight on. Where these men went to I cannot say, but came back in a short space of time and demanded first and second place. These men had no right to demand any such thing. Wagee should have first place and Griffin second. English and Richards were not in it and therefore took advantage of the situation. This statement is true. Yours,

[Our correspondent did not state the place of the contest, but we presume that it is Omemee. Ed. WARDER.]

UPHILL,

Special to The Warder UPHILL seems to be returning to its bygone wild days. Last winter one could stand in its streets and hear the wolves howl, and last Friday night an immense bear passed through the village. Incidents like these make our veteran hunters feel young again, and revive many a long gone memory of stirring adventures "in the brave days of yore."

TRULY the grit policy is one of concilliation, Mr. Laurier is going to create sameness of opinion between the factional parties in Manitoba and throughout the Dominion, while Mr. McLaughlin grapples with a great problem-how to amalgamate the P.P.A. and catholicism in the grit party. Mac. will be quite a twisted phenomena when he succeeds.

MR. G. Porter, of Longtord Mills, paid Uphill a business call....Mr. D. A. McRae took in the Barrie 24th celebration.....Mr. and Mrs. T. Strachan, of Carden, spent the 24th with friends here.....Dr. Blanchard of

Victoria Road, paid Uphill a flying visit.....

Mr. T. Sadler is the guest of Mr. J. Porter.

WHEN Mr. McLaughlin was speaking here
he attempted to explain Mr. Laurier's position re the school question. This proved too in-tricate even for Mac's fertile brain, and to over his retreat he began to quote Scripture, but he is not a born preacher, and getting rattled, retired. How different was Mr. Sam. Hughes' open, manly, straightforward address.
