CANADIAN FLOWERS—There will be several short stories in our national magazine, "The Canadian," for August; these will be illustrated by a special staff of artists. There will also be several flower poems and many floral illustrations, the leading Canadian flowers being thus treated. This midsummer number will contain nothing about icebergs, Indians or snow drifts, but will represent Canada's summer beauty as no other issue of any periodical has done. Among the contributors are F. H. Holland, Jean Blawie, Charles G. D. Roberts, W. E. Hunt, Jan Macleagan, Frank L. Follock and Theo. Swift. As a Canadian souvenir, nothing equal has ever been attempted in this country.

QUEEN ST. CHURCH—Ornamentation collection taken up in the Queen st. Methodist church on Sabbath, July 13th, has been forwarded by Rev. J. W. Thomas, one of the trustees of the Methodist book room, Toronto, to be added to the fund for the relief of the Armenian sufferers. If any members of the congregation would at any time desire to aid in this charitable work, the pastor of this church would act as a complete intermediary and forward any amount that might be handed to him. Amidst the great and terrible sufferings they may endure for conscience sake, would it not be well to try to give them a little comfort as we have opportunity? A special temperance meeting will be held in the Queen st. Methodist church, Friday, July 31st. Doors open at 7.30. There will be a social half hour, after which an interesting programme will be rendered.

EXPERIMENTAL LINDSAY—While writing on the departmental examinations at the college here last week, Miss Kennedy was taken seriously ill and had to be taken out of the room. Miss Kennedy has been ill ever since and has been compelled to go to her home at Boboyogon thus losing her examination. Miss Kennedy's many friends sympathize with her in her misfortune.

Mrs. YOUNG'S DEATH—The many friends of the cause of temperance will learn with pleasure that Mrs. Letitia Young, one of the best known of Canadian temperance workers passed away on Saturday evening at the ripe age of sixty nine. Mrs. Young was well known in this town having delivered temperance lectures here at various intervals.

UPPER KENT STATION—On Saturday morning while Mr. Sam Brown and a friend were driving up Kent street down Robert Chambers, who was galloping down street, failed to get out of the way in time to allow Brown's rig to turn in to the sidewalk as Smyth's corner near the market where the comrade was to alight. The result was Chambers' rig was knocked over, Robert crashed on his hands and knees, after a while the horse lay down, a crowd gathered, Robert got up, put on his rig and had to look the buggy with a bent back off for repairs. Who is to blame the question? Some claim that Brown is, for turning in as he did; others affirm that Chambers was not looking and drove right on in face of Brown's rig. The accident, though trifling, is so regretted, but as no damage of note was done all parties take a sensible view of it, each blaming himself rather than the other.

STEAMBOAT INSPECTION—The steamboat inspectors, Mr. S. Thompson and Mr. J. H. Hill, in company with Capt. Donnelly, inspector of fittings, were in town this week. The Grandella, Stranger, Myrtle, Marie Louise, Greyhound and other boats were inspected.

ANOTHER BARN RAISING ACCIDENT—Another of those lamentable barn raising accidents has occurred in Victoria county. While at Mr. Ed. Smith's barn-raising, South Mariposa, Mr. Robt. Dickson of Manilla was fatally injured by a pile-pole falling on him. Drs. Yrooman and Gillespie, the latter of this town, were soon in attendance but the patient was beyond medical skill, expiring during the evening. Mr. Dickson was a young married man, held in the highest esteem by all the community, and the unfortunate accident has cast a gloom over all the locality.

ANOTHER HALF-HOLIDAY—As the WARDER staff cannot take advantage of the Thursday half holiday, Thursday being publishing day, Saturday afternoon has been granted to them as a weekly half-holiday during the months of July and August. This applies only to the mechanical department, as the office will be open for receiving dues and overdue accounts, the latter of which are too many. Those whose accounts are overdue will kindly bear this in mind.

ROADS—On the poorest of earth roads, not muddy but sandy, a horse can draw twice as much as he can carry on his back, on a smooth plank road twenty times as much; and on a stone roadway thirty-five times as much, and on metal rails fifty-four times as much.

CAMPERS—Messrs. W. Tew and E. Beall returned last Monday from a two weeks' camp at Boboyogon. While at Boboyogon the boys made friends with the Indians and what they do not know about Indian lore, the best methods of hunting, fishing, fighting etc., is not worth knowing. When leaving, the Indians loaded them up with Indian relics in the shape of bones, weapons and other specimens of the primitive life.

EXAMS—Those writing on the departmental examinations at the Collegiate finished on Monday last. It was a tired but pretty happy crowd of students that assembled at the trains Monday and Tuesday on their way home. That the midsummer reports may turn out satisfactory and that the students may put in a pleasant vacation is the sincere wish of THE WARDER.

Mr. John Keith, the well known saddler of Toronto, spent a few days of this week visiting his brother, Mr. James Keith of Lindsay.

Mr. James Wilson, of Inlay, was in town on Tuesday and gave THE WARDER a call. The Lindsay cricket club has a match on with their old rivals the Millbrook club, on Tuesday of next week. On August 6th they play Parkdale.

Full wheat is being harvested.

Miss Ethel Ferris of town is enjoying a visit with friends in Bowmanville and Enniskillen.

Miss Bryan of town is visiting her friends the Misses Galvin of George St. Toronto.

Miss Williams of Port Hope is visiting Mrs. Ewart of Kent st.

Mr. John A. Barker and daughter Florence are visiting friends in Lindsay.

Mr. Marshall Tripp, operator of the Toronto police force, is at present spending a week or ten days in town, the guest of Mr. and Mrs. Fred Reeves, south ward. Mr. Tripp intends to spend a portion of his holidays down the Songos waters.

Mr. Harriet A. Mark left on Tuesday for Cobourg and will reside in her new future, with her son-in-law and daughter, Rev. T. C. and Mrs. Brown. Mrs. Mark was accompanied by her daughter-in-law, Mrs. James Mark, of Kilmont, formerly of Lindsay, who is good to make a short visit to her friends in town.

It is a good idea to drop in once in a while upon the public school that your little ones attend.

Send THE WARDER to your friends that are visiting out of town.

The annual meeting of the Ontario Good Roads association will be held at the grounds of the Toronto industrial exhibition on Tuesday the 24th inst. in September. The interesting feature will be an exhibition of road-making machinery, culvert pipes, &c.

What has happened to the Lindsay cricket club? The cricket season is a long one and as yet few matches have been played.

Dr. Hart and wife of Bradford were visiting Dr. Hart dentist and Mr. J. Hart of town, last week.

Threshing machines men are out on the war path for the wheat.

Mr. Alf. Egan of Kendall, New York, arrived in town on Wednesday, for a few days' visit with his father. "Alf." looks well and hearty.

One of the amusing things in connection with the result of the election was the liberal cartoonist's effort to make a heroic figure out of Sir Oliver Mowat. The canny old chap, who would not give up his good job till a better one was ready for him to step into, not even for a principle or a variety of principles, is so good an example of one form of virtue that it is hard to find another.

Mr. Egan would rejoice the heart of his bankers. But as a hero, to use the expressive phrase of the day, "he isn't in it."

Mrs. F. P. Hinda, wife of the popular proprietor of the Mansion house, accompanied by her sons, Messrs. Edward and Lionel, left on Tuesday morning to visit her relatives at Cadillac, Mich. After a couple of weeks' stay there she will go to Chicago and other western points where Mr. Hinda's brothers and sisters live. Mrs. Hinda's visit will extend over a month or more, and her many friends here wish her a pleasant time.

Lindsay audiences will not be without mandolin guitar music next fall and winter, as the imperial mandolin-guitar club are steadily practicing these evenings. Messrs. Coombs, Drew, Lee and Parkie, some of the club, which will perform for the quality of the music to be played.

The Lindsay senior baseball club met the Peterbors in baseball on Thursday of last week, the game resulting in a victory for Lindsay. Score—21-9.

CANADA'S PRIDE—A little over a month hence the Fall Fair will be commencing, and first and foremost will be the Industrial at Toronto, which is to be held this year from the 1st to the 15th of September. Every Canadian is very properly interested in and justly proud of the success of this great Exhibition, because it brings forth before them, as well as the outside world, the vast resources and products of our country, and the progress which is being made from year to year in its agricultural and industrial pursuits, consequently the approaching Industrial Fair is being looked forward to with the greatest interest and expectancy. Arrangements are already making to visit it. By thousands it is made the occasion of their annual holiday outing, and it is usually a very enjoyable one. There is every indication that it will this year fully equal, if not excel, its predecessors. To meet the desires of the people, a large number of special attractions are being provided, of a new and interesting character. The live stock and all other exhibits, except out-floors and fruits will be on the grounds from Sept. 3rd so that the first week of the Fair will be equally as good as the second. All entries have to be made by the 1st of August. The Toronto Exhibition has now become one of the best and most popular educational and entertainment enterprises on this continent, and those who have never visited it would be surprised at its magnitude and attractiveness, being almost like a small world's fair. Prize lists and entry forms can be procured by dropping a post card to Mr. J. H. Hill, manager, Toronto.

In a State of Bankruptcy

—is the condition of healthy pros-
perity when the liver becomes inac-
tive, so that the germs and poisons
can accumulate within the body.
Keep the liver and
bowels active and
we're in a condition
of healthy pros-
perity and have
sufficiently well in-
vested capital to
draw upon in the
hour of need. The liver filters out the
poisonous germs which enter the system.
Just so surely as the liver regulates the
system, so do Dr. Pierce's Pleasant Pellets
regulate the liver. Keep this in mind, and
you solve the problem of good health and
good living. The "Pleasant Pellets" have
a tonic, strengthening effect upon the lin-
ing membranes of the stomach and bowels,
which effectually cures Biliousness, Sick
Headache, Constiveness, or Constipation,
Indigestion, Loss of Appetite, Bad Taste
in Mouth, Sour Risings from Stomach,
and will often cure Dyspepsia. The "Pel-
lets" are tiny, because the vegetable ex-
tracts are refined and concentrated. Easy
in action, no griping as with old-fashioned
pills. As a "dinner pill," to promote dis-
gestion, take one each day after dinner.
To relieve the distress arising from over-
eating, nothing equals one of these little
"Pellets."

Mrs. MELISSA ATWATER, of Steuben,
Washington Co., N. Y., writes: "As regards
the little 'Pleasant Pellets,' I think I
could not do without them in the
house. I have spoken to my friends and
neighbors of them, and many are tak-
ing them through my advertising.
I will say they are the best pill I can take, es-
pecially for an after-dinner pill, I think
they have no equal."

One Honest Man.

DEAR EDITOR:—Please inform your readers,
if it will be confidentially I will mail in
sealed letters, particulars of a genuine, honest
home country, in which I was permanently re-
stored to health and many vigor, after years of
suffering from nervous debility, sexual weak-
ness, night losses and weak shrunken parts.
I was robbed and swindled by the quacks
until I nearly lost faith in mankind, but thank
heaven, I am now well, vigorous and strong
and wish to make this certain means of cure
known to all sufferers. I have nothing to sell,
and want no money, but being a firm believer
in the universal brotherhood of man, I am
desirous of helping the unfortunate regarding
their health and happiness, I promise you
perfect secrecy and as I do not wish to expose
myself either, please address, simply: P. O.

Wilson and James L. Rowatree, four of
Toronto's prominent cattle exporters, have
just returned from a short fishing holiday,
which they spent at Seven-mile Island in Lake
Sturgeon. Between them they caught 123
fishes, mackalongs and bass, weighing from
one pound and a half for the lightest bass up
to sixteen and a half for the biggest "lunge"
in their string. They brought all these fine
prizes back with them and presented the most
of them to their confederates at the western cattle
markets. They were the guests of Mr. Albert
Seyens at Seven-mile island, to which place
they were rowed after leaving the train at
Port Perry.

The Fishing Season.

Now the merry, merry campers,
With their tents and well filled hamper,
Steer way for river, mountain stream and
lake.
In romantic nooks and valleys,
Fit for piscatorial sallies,
For a season they will give life's cares a
shake.

Soon there'll be an awful slaughter
Among the denizens of the water.
For the fishes work from dawn until it's
late;
And when banks they are not hugging
Can't be seen by the men hunting
Many kegs and boxes plainly labeled
"Bait."

'Mis a life sometimes exciting,
For when fish are not a biting
Wild mosquitoes may contribute to the fun;
Or some hornets, long neglected,
May call round when not expected,
And it's then you'll see how fishermen can
run.

And sometimes a big fat chicken
Fish-palated appetites will quicken,
For the cook will serve it up so nicely fried.
And to the table come steaming
And, although it seems quite shocking,
All agree 'twas just a case of suicide.

Then sometimes, when all are sleeping,
Old J. Pluie will get to weeping,
And arouse them by the thundering
din;
But it's not a time for joking,
For each camper gets a soaking,
And he cannot find a dry garb to get in.

Thus the campers pass the season
Till there comes an urgent reason
For dispersing with a speed precipitate;
The soft homeward they hurry,
This the reason for their hurry—
They've expended all the money saved for
"Bait."
