tic condition of the system not only makes life miserable, but it is sure to lead to something worse, unless promptly taken in hand, and corrected. It is foolish to attempt to dodge such troubles by any mere temporary expedient. The only sensible way is to get rid of them for good and all by a thoroughly rational, scientific medicine like Dr. Pierce's Golden Medical Discovery.

It cures all disordered, debilitated conditions by its direct action upon the liver and

It cures all disordered, debilitated conditions by its direct action upon the liver and digestive organs; it gives them power to make fresh, healthy blood free from bilious impurities; it drives all disease-germs out of the circulation; it creates solid, museular flesh and constitutional power.

Lung and throat affections, which are often simply the result of impaired nutrition, are reached and cured by this wonderful "Discovery" in cases where cod liver oil emulsions are useless, because the "Discovery" is readily assimilated by delicate stomachs. It is far superior to malt extracts, because its beneficial effects are permanent.

permanent.

"Dr Pierce, I am one of your most grateful patients," wyltes Mrs. Annie M. Norman, of Roulmunk, Wayne Co., Pa. "I have taken 'Goldan Medical Discovery,' also 'Favorite Prescription' and 'Pellets' with wonderful results. I am, as many of my friends tell me, like the dead brought to life. The doctors said I had donatumption and death was only a matter of time. That was six years ago. I concluded to try your medicine. I continued until I had taken nine bottles of 'Discovery' and several bottles of 'Pellets.' I got well and have done a great deal of hard work since."

When the liver and bowels don't work, the body and brain won't. Dr. Pierce's Pleasant Pellets are a sure, safe, speedy and permanent cure for constipation, and a torpid liver. One "Pellet" is a gentle laxative and two a mild cathartic.

war Declared.

EVERYTRING IN A PLUTTER OF EXCITEMENT. As we go to press there appears to be no doubt that war is waging all along the line and the question most interesting to Uncle Sam just now is how is it going to effect him. He is scenting all Europe to strengthen his position, but for once he has been caught napping. Gough was too quick for him and in one swoop captured the entire Army and Navy at 53ots on the dollar. It was a master atroke and took energy and pluck, but then the wonderful cheap man has got lots of that and staying power too, but it requires no staying power to clean out the superb stock of the great Army and Navy Clothing Co., Ltd., Toronto, at such prices. It beats all, "Did you see that boy's suit for \$1.47 worth three times the money." is heard on every side. It's great, and great is Gough, but greater still are the plame to be had during the sale of the Army & Navy bankrupt stock now rearing at the wonderful cheap man's store, corner Kent and William Sts., Lindsay. FAMILY GROCER

Lindsay, February 9th, 1898.

Another klondiker.

My name is Aleck Smarty. I am going to make a party of men both hale and hearty, for the Klondike's golden strand. Every man most be self feeder, but I will be the leader (I need hardly tell the reader) and the bose of all the band. I think the first manceuver in this elegant treasure-trover is to strike for old Vanceuver, thence to Teslin in the plain; there we'll board our little galley and we'll sail continu-ally till we reach the Yukon valley, when the robins nest again. Then my men will go prospecting, and, a proper place selecting, they will finish soon, erecting our modest little shack; then in gold before our hovel we will "waller" and we'll grovel, and we'll dig it with a shovel and we'll put it in a sack. Then I'll pay each man in reason for his labor of the season, and, before it starts to freezin' on the Yukon's rocky shore, and the wintry blizzard hollers, I will pack my shirts and collars, and, with fifty million deliars, I will strike for home once more. Then to London and to Parse all my dough i'll gally carry, and a princess I will marry—one most beautiful to view—every-where I'll have the entree: I will paramise marry—one most beautiful to view—every-where I'll have the entree; I will patronise the gentry; I will buy the blooming kentry and the people in it. too!
