**BEHIND TIME**

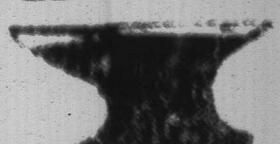

How exasperating must it be to those people who are always behind time. May a golden opportunity thus lost. There is really no excuse for it. The man in Edward Elgar's watch is surely the worst of all of them also. Exhort to buy silverware.

To All whom it may concern: — The year 1897 is now a matter of history; the year of that year are numbered amongst those that were. Many promises were made during that year that were never kept; too many were given to us from those who are inclined to us and have neglected to keep their oft-repeated promises to pay up. To all those whose actions indicate that a paper can be published on promises to pay, we would say that they are mistaken. If such is their belief, as it is merely a matter of business and cannot be successfully carried on any more than any other business enterprise unless those who are indebted pay them just debts to the publisher. One word in conclusion. We will adopt a different method of collecting old outstanding accounts for subscriptions, during the present year than we have done in the past, as promises to pay have proved to be of no use. A word to the wise is sufficient.

The mission services at St. Paul's church, conducted by Rev. H. C. Dixon of Toronto, are being well attended, although more might be present with advantage to themselves. Mr. Dixon is an earnest and forcible speaker, and rivets the attention of nearly everyone who hears him. His power of illustration makes scenes most vivid and real. On Sunday his subjects were, "The Birth of Christ," in the evening, "Our Master's Coming," on Tuesday, "Thanks giving." Again and again as people listen the tear sprang to the eye as some touching illustration is given, and then steals down the cheek as the truth is pressed home with power and force. Mr. Dixon preaches each evening, except Saturday, until next Wednesday, and on Sunday in addition to the regular services, there will be a special service for men only at 4:15 p.m.

After the West End essay competition is over a number of people will say, "I could have won a prize had I tried." Why don't you try when it doesn't cost you a single cent? It's well known the West End stores sell goods as cheap as any store in the town, and look up their adv'ts. in another store and try their essay competition — 39-L.

Harper's Weekly is extending its field in many directions. At the regular meeting of Westminster Lodge, Sons of England, on Tuesday evening, an interesting and social time was spent. After the regular routine business of the refreshments consisting of sandwiches, cold cloaks and coffee, were passed around the inner ring was well satisfied. Mr. James Morrissey gave a very full and complete report of the proceedings of the Supreme Grand Lodge held at St. Catharines last week. The Order during the past year has increased in membership over 2000, which is very encouraging. The meeting was brought to a close with two lively songs by Messrs. Sharp and Higgs. We congratulate Mr. Morrissey on being elected one of the Supreme Grand auditors, and Mr. John Way Jr., the energetic and efficient secretary to the position of deputy district officer of Lindsay and Peterborough districts.

An incident containing a strange mixture of grim sombreness and humor occurred a couple of days ago. A man from the country procured a coffin and shell in town and started on the return trip. He had buried it up rather strong, and some time later was found lying dead—dead drunk—in the bushes of his rig, beside the funeral casket, the horses having come to a standstill on a by-path of a few miles from town. Departed spirits of two different kinds caused the accident.

OBITUARY. — Many friends of the family in Lindsay were grieved to hear of the death on Sunday, in Saginaw, Mich., of Mr. Neil Dorelli, at one time a respected resident of this town, and whose mother brother and sisters still live here. He soon became unconscious and was taken to St. Mary's Hospital, where he died. — The doctor in charge of his funeral was a member of the Independent Order of Foresters.
