GOING TO LINDSAY.—Mr. Wm. O'Jinan, who for the past five years has been inspector of footpaths of the Bell Telephone Co. in Peterborough, has been promoted to the management of the exchange at Lindsay. Mr. O'Jinan entered upon his duties to-day. While his many friends in Peterborough will regret his departure, they will all congratulate him on his promotion. It is a recognition of his faithful and efficient services in Peterborough, and he is sure to make a success as manager. Among the Oddfellows of Otonabee lodge Mr. O'Jinan will be greatly missed, for he has been an energetic and active worker both as Noble friend of the lodge and as a Past Grand.—17-17

TO ALL WHOM IT MAY CONCERN.—The year 1897 is now a matter of history; the best of that year are numbered amongst the things that were. Many promises were made during that year that were never kept, too many to regret, say from those who are indebted to us and have neglected to keep their oft-repeated promises to pay up. To all those whose actions indicate that a paper can be published on promises to pay, we would say that they are mistaken if such is their course, as it is merely a matter of business and cannot be successfully carried on any more than any other business enterprise unless those who are indebted pay their just debts to the publisher. One word in conclusion: We will advise a different method of collecting our outstanding accounts for subscription, during the present year than we have done in the past, as promises to pay have proved to be of no use. A word to the wise is sufficient.

INTERESTING POINTS.—The Peterboro Review of Monday contains this: A case with an interesting question involved was in Police Court this morning. It was one in which a young man was charged with willfully breaking a plate glass window in the office of the Toronto Savings & Loan Co. The evidence was that the dog was in the office when a young man came in, when a dog jumped at him and caught him by the arm. The young man, in a fit of anger, threw it at the dog. The stone missed the dog, struck the side of the window and broke the glass, breaking walk and bonnet against the glass, breaking it and he had no intention of breaking the glass, but the fact that he knew the window was there and his action resulted in the window being broken makes the question of his liability for the damage done. Mr. E. B. Edwards appeared for the prosecution and Mr. A. M. Donahoe defended the accused. The Magistrate received his judgment, after hearing the argument of the counsel.

The girls being Mrs. John Chambers, Grand Rapids, Mich.; Mrs. Chas. Corneil, Otonabee, and Mrs. O. H. Jones, Lindsay, one girl died in infancy, Mrs. W. ONE-SIXTEEN PASSENGERS.—On Friday evening last the Oddfellows held an "at home" reception in their hall, Britton's block. The event was the presentation of a veteran passed away after a long and painful illness, which she bore with Christian fortitude and resignation. Her death was not unexpected, as for some time all hope of her recovery was abandoned. Miss Flavelle was a prominent worker in all the schemes of the lodge, taking part in all the social and musical exercises, having a lively interest in the work in connection therewith. The funeral takes place to-day, Friday, to Riverside cemetery.

It is the hope of many that Peterboro is looked on as the favorite.

Scenes of Horror.—Charles, dead, said young Mrs. Toronto, "you know you used to say that I had no sense of humor." "That is true, but I must confess you are getting on." EDITORIAL NOTES.

The Post, in an editorial last week, speaking of Mr. John Dryden, says: "He is looked upon by the farmers and the people generally, irrespective of party, as the right man in the right place." We don't think anybody will dispute this statement, as Mr. Dryden's position, just at present, is that of a defeated candidate, and we are glad the Post can see it in this happy light. Evidently it was the intention of the people of Ontario county to see that Mr. Dryden got into "the right place."

It was rumored this week that a protest had been entered against the election of Mr. S. J. Fox for West Victoria. The rumor has not materialized into a fact yet. Our girls friends, we think, will ponder over well what would be the result of such action, and will think twice before they subject themselves to the payment of the costs that would follow. No, gentlemen, you cannot vote the recent election in West Victoria, and you know it; besides remember, if you attempt such a thing, there is no sa-a-off for West Victoria.

A local paper has discovered that that strange creature, the "baby," is in league with the big departmental stores, and our contemporary implicates it in the unholy attempt to ruin the prosperity of our town. We are not yet entirely convinced of the truth of this, but if the youngsters are guilty of such base ingratitude then babies must be dispensed with. Anything that works to the detriment of the community must go, even if it is mamma's dear "little pudgy-wudgy do-dah do." The baby must go.

The Liberals of Port Hope have made another convert. He is solid and substantial, one who has great weight in the constituency, and one who will attract attention wherever he goes. Moreover, he knows how to preserve a discreet silence on party matters that are shady and will reveal no secrets that have been entrusted to him. The Port Hope Guide, the leading Liberal paper in the locality, makes the following joyful announcement: "Don't fail to see the greatest scientific curiosity of the 19th century—the Petrified Man, once a human being, now a solid mass of stone, weighing 350 pounds, on exhibition here in the Liberal committee-room—Mall-Emprise."

A Toronto Tobaccoist.

Mr. J. Best, 104 Church street, Toronto, the popular tobacconist, says he was troubled with a weak and intermittent action of the bowels, was sleeping nervous and losing flesh. Three boxes of Mitchell's Heart and Nerve Pills completely cured him.—41-2.
