then that of any other state in the union. It is interesting to note that the superintendent of the State Board of Health is Dr. J. S. Montgomery of Ardoch, an old Darlington boy of Durham County, who received his appointment in March of this year. Dr. Montgomery received his appointment in March of this year. Dr. Montgomery received his early education to the Rowmanville High School and afterwards in Teremto Medical Ciliage. After graduating he practised in Cartwright. He afterwards pursued his studies in Edinburg and Lendon, is 1879 he made his first visit to the Red River Valley and being convinced that these prairie lands would become valuable he secured claims and settled there. In 1889 he was elected a member of the first State Legislature for the fourth dietrict. The dector's many friends in Durham and Victoria counties will be delighted to hear of his success in Uncle Sam's demain. Canadians are always to the fore wherever they go and Darlington boys are never far behind the best of them.

Mr. Bob. Reed, the well known bu'cher, has driven a good many hoge in his day, but it is doubtful if he ever got hold of such a cantankerous lot so on Wednesday morning. He was driving about fitty of them up Cambridge street to the shipping yard, when the porkers decided that they didn't care for a journey on the G.T.R and started to go the other way. Bob. shouted and yelled enough to inspire a whole regiment of Yankees to plungs single-handed into the wilds of Cuba. Fifty small boys made jelly out of just so many respective snouts but all of no avail. Some of the grunters took refuge in Lindsay's livery, others mistock private lawre for pens while one big fellow planted himself in front of THE WARDER sanctum and discoursed in abrupt sentences on the weather problem in his own peculiar way. After no little exertion and words not far removed from mild profanity they were all captured and conveyed to their destination in wagons.

his prey. He doesn't hurry particularly. He takes his time and hurry particularly. He takes his time and feet, and then his wings and his entire body. That is the way with the dread enemy of mankind—consumption. It has a web—the web of trivial disorders neglected. When a man heedlessly stumbles into that web, consumption first attacks his stomach, than his blood, then his lungs, then every organ in his body. Many doctors assert that when a man is once in this deadly web there is no escape. That is a mistake. Thousands have testified to their recovery from this disease by the use of the right remedy. Many of their letters, together with their names, addresses and photographs, appear in Dr. Pierce's Common Sense Hedical Adviser. The remedy that saved them was Dr. Pierce's Goiden Medical Discovery. It quites of per cent. of all cases of consumption. It cures the conditions that lead up to it. It is the great blood maker, flesh-builder and germ-ejector. Druggists sell it.
