

DRAWING PRIZES AT GOUGH'S SUMMER CLOTHING SALE.

AUGUST is supposed to be the dullest month of the year, but Gough proposes to make it one of the liveliest of the season. During this month we will put on a full head of steam to clear out the remaining portion of our stock of Men's, Youths' and Boys' Summer Clothing, Hats, Caps and Furnishings.

OUR STOCK MUST GO

regardless of profit or previous price. The brisk buying season is over and you know as well as we do that we must clear the decks for new Fall Stocks now under order. The only sure way of making a prompt clearance is to

MOW THE PRICES DOWN! The harvest is ripe and the profits are now ready to be reaped by you.

B. J. GOUGH,

CORNER KENT AND WILLIAM STREETS, LINDSAY, ONT.

Sturgeon Point Notes.

A new bath house has just been erected by Mr. J. D. Flavell.

Hortense and poison try are the natural enemies of roaming youngsters.

Mr. A. R. Terry has erected a neat boat and bath house.

On Tuesday Mrs. Bogie hooked an 18 pound lunge while trolling in Willcock's bay.

Rev. J. W. Macmillan conducted religious service on Sunday last and gave the cottagers a pleasing discourse.

Mr. and Mrs. Armstrong of Toronto and Miss Armstrong were among recent visitors.

Mr. and Mrs. Milton Fee, together with Mrs. Gerrie and Jenny Fee, have just put in a week at the Point occupying the cottage of Mr. A. B. Terry.

The cottager who found that his sieve roof made a good shower bath is now looking around for water proof cement to put on the same. It is not safe to "axe" the party anything about the matter.

Some of the campers along the shore faced badly in the storm of Thursday of last week, being washed out of house and home. None complained of being dry.

Eighty mile an hour is the velocity which the wind is supposed to have attained in the recent big blow. Sand and small gravel were hurled from the shore to beat the band and "Hail Columbia" was hardly in it.

While at Sturgeon Point Mr. Robert Lukey and family had an animated discussion with a swarm of bumble bees which had their nest in a variety box in the kitchen of the Winters' cottage. Rob slew the bees the same as he would Spaniards. Mrs. Lukey and several of the children suffered stings. Some honey was secured.

The quantity of line was not sufficient to accommodate the weeks wash so the girl placed some of the garments on the grass to dry in the sun. In the evening she gathered the clothes in and proceeded to fold them up. Suddenly she was shocked to find a snake coiled in an unmentionable article, but she did not scream very loud or faint. Gathering the garment up so that the snake could not escape the very young woman lifted a lid from off the stove and deftly shot the reptile into the blazing fire. It was a novel and original way to dispose of an ugly customer.

Bathing is real refreshing when taken in proper form, but when indulged in on a Sunday evening with a suit of good clothes it is not so enjoyable, at least so thinks a town young man of religious turn of mind. It would not have been so bad but for the presence of a pretty young lady in the other end of the canoe who enjoyed the double headers taken by the aquatic

acrobats. Pleasant Point does not always produce pleasant episodes.

Several lads recently located a cherry tree in the garden of an adjacent farm. The tree is still there—so is the farmer, with a shot gun.

Camp Inverlea at Pleasant Point, one of the most popular camps on the lake, was the scene of an old time "tally pull" one night last week. A number of young people from the Point were in attendance and the fact that they could hardly pull themselves away from the camp was not owing so much to the tiffy as to the popularity of the place.

United States army in the present war with Spain. Only the other day we got word that two of our Victoria county boys had been killed in action before Santiago, and one wounded. I could tell you of other boys about Lindsay who are with Dewey's fleet, and of others who are on the United States gunboat Mayflower, sixty per cent. of whose crew are Canadians and other Brits.

During the month of August the public library will be open only on Tuesday, Thursday and Saturday evenings.

Snack thieves make their appearance in different parts of the town now and again. The most despoiled of all the factories is the flower mill. Many citizens complain of having valuable plants taken from their lawns. The latest victim is Mrs. Ward of 36 Wellington street. A beautiful pot plant that has been the admiration of all who have seen it was taken off her veranda lately. The flower thieves are difficult to locate but when they are located it will go hard with them.

The Lindsay tennis club met their old opponents the Uxbridge club, on the home grounds on Monday. It was the best match ever seen in Lindsay, and although our boys only secured one event out of nine they feel well satisfied at the showing made against such worthy opponents. The event between Kennedy of Lindsay and Honore of Uxbridge was one of the best plays of the day. The latter won by a small margin.

Haggart's Yellow Oil cures all pains in man or beast; for sprains, cuts, bruises, colic, lumps, swellings, inflammation, rheumatism and neuralgia it is a specific.—50 c.

A Baptist Minister.
Rev. M. P. Campbell, the highly esteemed Pastor of the Baptist church, Essex, Ont., says: "From my personal use of Doan's Kidney Pills I can say on an excellent remedy for all kidney troubles."—50 c.

TRAINING SHIPS FOR BOYS.
Col. Hughes would have Canada participate practically in the Empire's naval defence. He thinks that instead of "Boys' Homes" being established ashore, an old craft should be stationed at each city, and the lads reared and trained on board as sailors. He has seen such floating "homes" or training schools in Australia, where boys between six and fourteen years are schooled for the navy. Statistics show that 96 per cent. of the lads brought up in this way make good men and capital sailors. Col. Hughes also favors the establishment of naval corps throughout Canada. When asked if he thought the 100th Regiment could be successfully maintained in Canada, Lieut.-Col. Hughes said:—

CANADIANS GOOD SOLDIERS.
"Certainly, I think Canada will furnish an abundance of recruits. I say so because I know the military spirit of our boys. From the County of Victoria alone we have sent 34 young men into active service with the

Manager, Lindsay
—57-58.

SCROFULA.

"My little boy, aged 7 years and 15 months, was a victim of Scrofula on the face, which all the doctors said was incurable. To tell the truth he was so bad that I could not bear to look at him. At last I tried a bottle of Burdock Blood Bitters, and before it was half used he was gaining, and by the time he had three bottles used he was completely cured. I cannot say too much in recommendation of B. B. to all who suffer as he did." JOSEPH P. LABELLE, Manawake P.O. Que.

There can be no question about it. Burdock Blood Bitters has no equal for the cure of Sores and Ulcers of the most chronic and malignant nature. Through its powerful blood purifying properties, it gets at the source of disease and completely eradicates it from the system.

BURDOCK BLOOD BITTERS.
