Toronto elergymen are moving to fight the liquor traffic by the establishment of coffee houses. Coffee houses have been helps to the premetion of sobriety in London, and may have a field here. They are neither to be deprecated nor despised. The best means of fighting whiskey, however, is the inculcation of the doctrine that, physically, mentally and financially, the average man is better off when he does not take it,—Montreal Gazette,

From our reular special over spendent.

The convention of S. S. workers held in St. Andrews' church here on Wednesday the 19th inst., for the purpose of organizing the County of Victoria was a most sucessful affair. Despite the most inclement weather all three sessions were well attended and some splendid addresses given. Rev. R. H. Leitch of Fenelon Falls acted as chairman for the afternoon session and Rev. M. McKinnon B. A also of Fenelon Falls filled that position in the evening. Mr. A. Day, Gen. Sec. gave two beautiful addresses one in the afternoon and one in the evening which were very highly appreciated as were also the talente marks of Rev. L. Phelps of Oakwood. The following officers were elected:—Pres. Rev. W. G. Clarke, B. A. Woodville 1st-Vic. Pres. Mr. W. Hickson, Bobcaygeon; 2nd Vice. Pres. Rev. Mr. Hughson, Lindsay; Sec. Rev. Mr. Duncan, B. A. Woodville; Tres. Mrs M Jordan; and an executive committee. committee consisting of officers and presidents of the township associa-

tions.

The annual fowl supper and entertainment held in the Methodist church here on Wednesday evening Oct. 26th was an unprecedented success. After the inner man had been refreshed in a manner which must have satisfied even a Roman epicure a splendid musical programme was given. The choir assisted in their usual fine style and were ably backed by the F. F. orchestra and some gred piane selection. and some good piano selections and other musical treats. Altogether the Methodists musical treats. Altogether the Methodists have the honor of giving one of the finest entertainments of the season.... The E. L. of C. E. are making preparations for their annual social gathering on the evening of Thanskgiving Day, on which occasion they will present a fine drama and with it a full musical programme. As this body are noted for their good entertainments they will we feel sure meet with the success they deserve, on this as on former occasions.

This the council did and they did not only not want to see any power go, but under the circumstances sudeavered to get as much of it as possible to be utilized here. Now, there is just a few re-marks of that hogwash you served up to the public I was to comment on. One is relative to the Rathbun company. Every person knows that the council made an offer and put it is writing that they would give the Rathbun company all the privileges enjoyed by the Toronto Bank, but on enquiry being made be the company's agent, it was found that the Bank would hold the property for two years yet, or to the expiration of their lease, as it is contended that it will take them that length of time to wind up their business here and I will just quote from a letter I hold from the Rathtun Co'y, to prove this statement.

that we would favorably consider the rental of the mill and yard property, machinery and plant now operated by Mr. Wright at Fension Falls until 1900 with privilege of purchase. Mr. Wright not being in a position to rent the property it has been suggested that the municipality of Fension Falls purchase the machinery and plant from Mr. Wright at the price quoted to us by him and that it also secure a lease from the Smith estate, a lease for say five years from June 1900, the expirafor say five years from June 1900, the expiration of Mr. Wright's lesse. Signed, THE RATHBUN CO'Y.

Now, Mr. Hand, have the connect done anything unfair in this matter. Wa-re did you get the talse story you published? Did you get it from anyone, or is it only the imagination of a fertile brain, or the yeipto, of an usruly tongue like a cur without a tag. Who thicks he has license to smarl at every bo iy he pleases? It can readily be seen that the coused have encouraged the company in ques ton to come here, but circumstances will not permit hem at present, and in event of WEDDING BELLS.-Rev. Mr. Duncan was them coming the ratepayers would have to another knot for life. Miss Maggie Mc
Lean and Mr. Simpson Brenthell of Indian
Head N.W.T. were united in matrimonial
bonds on Tuesdry last in the Presbyterian
church here. After the ceremony a recep
tion was given at her fathers, only relatives

T en the vilage would be responsible for 5,000 dallers of rent making a sam total of \$15,000 There atjust a few other remarks watch you have made gee of which I wish to refer to Sime im portant pursions of my last letter you have no: auswered thereby admitting that the are regarding myseif are sufficient admission of your former attacks on me which you hav-

Regarding your personal attack on myself I can only say it as a burst of maliciousness on is quite unbecoming, and had you been looking around for a judge in this direction you could out of your own family's circle and would not have had to take recourse to a revolver either. No person has ever had to bring me into a was followed by a large concourse of sympathizing friends. To the bereaved parents, brothers and sisters, is extended the heartfelt sympathy of the entire nomeward and you will find tood for reflection there You are handling hot shot, old man, and you will find I will toss it with you either hot or cold. I am not the only Reeve that you have thrown your degrading language at. You compared one Reeve (as far as I can remember) to an engry buil looking over a siash fence with bure on his face; a scandalous comparison, and should have been recented; with the horse whip. No wonder you have been called a rat. How is this, Mr. Hand, that you were called that masty name ? People cannot hold such a high opinion of you as you think #

Now to conclude I will just say:

1. This council have tried to retain waterpower as far as they could, in the interest of the municipality.

2. That the Rathbun Co. have been offered

the usual inducement to come here.

3. That the said company cannot locate here for at least two years.

4. That you, Mr. Hand, have paid too much attention to gussip, and should have acquired reliable information before rushing

5. That you have started out to do a piece of work which can only terminate as it did between Haman and Mordecal, 6. That if you sow to the wind you will reap the whirlwind, and I will supply you with enough naked truth that will cause you
