UUN NEWOATIONAL SYSTAM

(Interfo's admostional system, or rather the Hon (). W It as system, has had record in election trials as the bill of parmany hard things said about it in the past | ticulars contains over one thousand cases. for years, by educationalists, politicians and others. At a convention of teachers not long ago some of the most promisent beachers in the province socred Mr. R as on his method of administration. In the recent political campaign Mr. Whitney ago were too poor to pay their honest debts were on the eve of the election seen advocated improvements in our educablonal system. He urged the broadening il orishing hundreds of dollars. The of the public school curriculum, so that the alasty live per cout, of the colldren, whose only admosthen is received in the whose only advertion is received in the add to the confidence honest Liberals public schools, should be given more have in the government of the Province practical and usoful instruction and set of Cutario. out to light the barrie of life better egalpped than they now are Dryden, whose long search for seats has

flut discussing the metter spart from party differences is our educational system minds, by their victories in East Wellingat fault ! Canada to concentrally an agricultural country, 45 per cent, of her population being ongaged in farming. Outarle te distinctively a farming province. Are then our children brought up and edu-tated with that end in view, or are boys educated with an eye to the professions? ready been issued. Judging by the rethe case. What means the annual exidus of talented young Canadians to be United States! How many of the boys in attendance at our Collegiate Institutes and High schools intend to get an education in order to fit themselves for useful and intelligent obligens as farmers ! Farming to an honorable calling, and if anyone requires an all round, liberal education it is Wyck. Both men were engineered by the bosses, Platt for Roosevelt and Croker the farmer. Are our boys taught that, or does the educational curriculum confor Van Nyck. There was little choice vey the idea that every bey in order "to be somebody" must be a doctor, a lawyer, between the bosses. Of the nominees. however, Roosevelt, who has been known a minister, and so on? The study of the to take a manly, independent stand to cload languages, algobra and machematics public life on more than one occasion, and is a good thing and one is the bester for a who was just fresh from his Coban vieknowledge of them, but when these are tories, was the public favories. By his administration of the New York police everdene to the evererowding of the more useful and practical subjects that the future men of this province should be familiar with it is time that there should force, his sentiments on public issues, and his sacrifice of an eminent position at the outbreak of the war to take to a second command in the Rough Riders, he has surely demonstrated that he can be trustbe a rearrangement of the school time tables to give its students a more liberal ed with the careful guardianship of the affairs of New York State.

At the meeting of the Ranker's Association held recently in Toronto, the Frest dent, Mr Wilkie, referred to our educational system in the following way: the neclose and extravagent system of odication in regard throughout the greater part of Canada. It was and girls are being brained by tens of thousands to occupy positions in life that will never common within their grasp, and by their very attainments are being forced to leave the country and such their forcemes elsewhere.

Y.M C.A. Achiversary.

The twelfth anniversary of the formation of the Y.M.C.A. in Lindsay was celebrated in the Cambridge Street Methodist Church on Thursday evening of last week. The choir was composed of members of the association giec club, led by Mr. W. Robson, while a quartette including Messrs. W. Robson, K. Lamont, W. Webster and A. McCrimmon rendered special music.

Mr. J. C. Ross, general secretary, in a brief but carefully thought out address, gave a history of the work done by the society during the past year, and the work it had set out to accomplish in the coming year. Mr. F. McDiarmid, the newly appointed treasurer, presented his budget, giving the best and most concise report that has been given by any treasurer in the association history. The report showed that there was a deficit and that \$1:00 was required to carry on the work for the next year and set the association on a good financial basis. \$600 of the required amount.

Dr. Mungo Fraser, of Hamilton, followed giving the address of the evening. Success was his subject, and he handled it in a manner original, pleasing and impressive, that could not but arrouse new ambitions and awaken dormant energies, and give encouragement to many young men present. The speaker, who was a typical Highlander, interspersed his address with want one that has been tested for years; not an obscure, untried thing that is urged upon you, or on which you save a few cents-that is no consid-

untry an inclination towards the development of the countless riches of the soil; but instead of such a policy we find days and months wasted in the indiscriminate study of algebra and mathematics and the dead languages. We'are turning our school masters and doctors for the western United States and are robbing our country of its hope and sines." and awaken dormant energies, and give encouragement to many young men present. The speaker, who was a typical Highlander, interspersed his address with many happy Scotch illustrations, which told in the doctor's rich broque were all the more taking. Dr. Fraser, over forty years ago, had charge of the little Presbyterian chapel here at that time. His reminiscences of that occasion were decidedly interesting. He is also an old Normal school mate of Inspector Knight.

Mr. W. H Symonds, the newly appointed Provincial Secretary, one of Canada's most energetic and successful Y.M.C.A. workers gave a short, fiery address touching on the financial question. After a collection from which some \$85 was realized, the proceedings were brought to a close by the pronouncing of the benediction. our own country of its bone and sinew."

Mr. E. B. Walker, president of the

The Killing of Juan Aparicio

Was one of the most tragic and far-reaching political assassinations in the history of the Latin American republica. The marvellous story of intrigue, revolu-tion, and the murder of people individually and collectively in Guatemala, grouped under this title, is told by E. E. Sheppard, and furnishes one of the principal stories of Salurday Night's Christmas. It is pro-Legislature have been unseated. The election is telling disastronsly against their future hopes. The people will now see by what means the Hardwitze wrigsled one of the men is now alive who had any-leading part in the movement; some of the recent "removals" took place not more than a couple of months ago.

Saturday Night's Christinas will contain about 70 pages of most interesting reading matter written by distinguished authors of England, Canada and the United States. One of the most humorous and attractive features is "Ewo Weeks B fore the Mist," by Charles Lowis Shaw, author of 'Ran-dom Reminiscences of a Nile Vovageur," which also appeared in Saturday Night. Its pictorial Supplement, "The Mystery of the Morn," is without doubt the most beautiful and artistic colored picture ever given with any newspaper or magazine in

Ool Loys. The Forest city also presents

tested the election of the Liberal member offered to the public. There is room for a smart canvassing agent in this town.

something new in politics and not to be outdone this time she establishes a new NORLAND special to the Warder, SPORTS.—A well equipped party of North Victoria crack shots left here last Monday morning, for the North, bent on a good time. It comprised the following gentlemen, Mr. C. Woodcock, Thos. Cooper, R. F. LeCraw, G. H. Adair, R. A. Adair and De Martin, No. doubt, they will have Referring to the South Ontario election the Oshawa Vindicator says that bribery In Othawa was so open that Reformers themselves admit that it was a disgrace to Dr. Martin, No doubt they will have Dr. Martin. No doubt they will have success as on former occasions.

HALLOWE'EN passed off quietly in our little town with the exception of a few bad scarces caused by some masked boys.

Town Council

Grit cry against a Liberal Government's administration and should be read by Hon. Mr. Fisher, who declared that the only complaints which have been made are from Tories. "Go to, Fisher," and inform yourself. Monday, Nov. 7. Regular meeting, present, ceputy reeve Smyth (who had been appointed president of the council during the absence of the Mayor) in the chair, reeve Brady, deputy reeve Wilson, and councillors Burrows, Crandell, Graham, Mallon and O'Neill.

nines and licenses collected, \$31.50. Police committee.

Report of auditor for October read, certifying to the correctness of the payments for the month. Fyled.

Report from the same officer, giving a statement of the year's revenue and expenditures, showing a surplus of \$3,056.87, receipts and expenditures for the ensuing three months being in part estimated.

Fyled.

Report from terms to be supposed to the control of the

Report from town commissioner read, making several suggestions and recommendations: 1. That the council memoralize the

Ontario government to prohibit the manufacture of vehicles for use in Ontario unless tyres are, 2 inches in width for vehicles carrying from 10 to 20 cwt., 3 inches for those carrying from 20 to 40 cwt. and still wider tyres for those of larger capacity. capacity.

That the council prevent any con-

nection being made with the sanitary or cellar sewers unless the work is done by some person authorized to do so by the 3 That different parties have been ex-

cavating the streets in different parts of the town for drainage, etc., leaving the streets in a very unsatisfactory condition, recommending that action he taken to prevent such occurences in future. 4. Asking instruction as to procuring supplies and tools, as members of the board of works had objected to his getting t supplies for proceeding with the work on hand, without getting a requisition signed

by the chairmen of the various committees. The commissioner also asked that his duties be defined by the council, as to where his authority begin and where it ended. He had asked on the 20th of June that this be done, but no action was taken 5. Called attention to the fact that his engagement for four months had expired two mouths ago, no arrangement having been made as to service or salary; he was,

in fact, performing the duties of foreman, engineer and clerk of works, being the requisite number of officials employed on this class of work. Referred to board of

Mr. Mallon presented the report of the

special committee in reference to sending a competent man with Mr Kitchener to investigate the timber supply that would investigate the timber supply that would be available in case the proposed veneer works be established here. That the committee had engaged Mr. John Coburn at a salary of \$4 per day. R-port adopted.

Dr. Burrows presented the report of the special committee appointed by the town property committee, that a by-law would be introduced for the better regulation of the fire brigade. Also a report of the committee of the whole council recommending a partial exemption of the

mending a partial exemption of the Rathbun Company's property here from taxation. Both reports were adopted. Dr. Bu rows presented a petition from 200 ratepavers, praying that a by-law be passed applying the public parks act to the Queen's Square property. Fyled.

Mr. Crandell read the report of the town property committee, recommending that a shed be erected to house the working

tools and implements of the corporation, at a cost not to exceed \$60. Report adopted.

Dr. Allan was heard by the council, ask-Dr. Allan was heard by the council, asking that the council hear the expenses for sending Richard Waller to the general hospital, Toronto. The Dr. explained that an operation had to be performed on Waller and that it was necessary he should be sent to the hospital for that purpose.

After some discussion it was moved by Dr. Burrows seconded by Mr. Crandell, that the request of Dr. Allan be referred to the Mayor with power to act. Carried.

Mr. Mallon read the report of the finance committee, recommending the payment of

Mr. Mallon read the report of the finance committee, recommending the payment of several accounts; recommending that the Hon., the sclicitor general of Canada, and Hon Geo. E. Foster be the guests of the town during their visit bere to lecture before the Collegiate Institute Literary society; also that the offer of the Victoria Loan & Savings Co. to invest the sinking fund at 4j per cent. be accepted.

The latter clause was opposed by Dr. Burrows, but after a short discussion the report was adoped.

Mr. Brady read the present of the latter clause was opposed.

Burrows, but after a short discussion the report was adoped.

Mr. Brady read the report of the board of works, which was adoped.

Messrs W Flavelle, D R Anderson and Jas Graham, on motion, addressed the council in reference to the Fenelon Falls power transmission. The statements made by those gentlemen showed that it would be of great benefit to the town if the proposed scheme was carried to a successful termination; that as matters now stood it was not likely that such would be the case, unives the town guaranteed the costs of a report by an expert as to the power that would be obtained.

After several questions had been asked

report by an expert as to the power that would be obtained.

After several questions had been asked and satisfactorily, answered the following motion was made: Moved by Mr. Brady, seconded by Mr. Graham that a committee composed of his Worship, the Mayor, Messrs Flavelle, Graham and Anderson, be a committee to investigate the power transmission scheme, the town to guarantee the expenses in case of an unfavourable report. Costs not to exceed \$400.—
