The best man will not always come forward unqualified for municipal honors, therefore it is time to look up County Council candidates.

Thirty five million barrels of coal were produced in England in one year, nearly a barrel for each man, woman and child in the population.

Our relatives across the pond evidently consume something more than their favorite beef.

Our snowden correspondent, as will be seen in another column, likes men who can hunt deer, peck if necessary, sing most beautifully, fill pipes on partridge, work or play and make every day a happy one.

Side combs and hair ornaments in great variety at Hagan & Co.—74 G.

After Tuesday last it was illegal to sell venison. Butcher shops are then prohibited from selling it, and it is an infraction of the law for hotels or restaurants to supply the cooked meat on tables.

Woodsmen J. O'Brien, who, in company with Mr. C. D. Kitchener, a member of the Brampton firm who proposes locating here, is investigating the supply of timber north of Lindsay.

Mr. Kitchener is well pleased with the best of inspection so far. Should they find conditions equally as favorable throughout the whole of their trip it is more than likely Lindsay will have another industry.

MARRIAGE LICENSE.—J. Britton (of the firm of Britton Bros., Jewelers, Lindsay) issues a marriage license for \$2.00. Sent out of Kent street.—1770-4.

Mr. John Gibbs of Woodville was a successful exhibitor of Cotswold sheep at the Central Fair held here, having carried off no less than thirty single prizes, besides various medals. The prize money to improve their stock would do well to attend the sale advertised by Mr. Gibbs to be held on lot 10 on road a 13, Eiden, on Wednesday next, 30th inst.

Robert Reid, a G.T.R. foreman was fined \$5 and costs last week at Midland, for a breach of the L.C.'s By-Laws by cutting and carting wheat from a steamer. The prosecution argued that it was not work of necessity, and it was done simply to expedite the work and for the purpose of making money. The G.T.R. intend to appeal to a higher court at Toronto to test the matter.

A SUNDERLAND lady writes Dr. Keelands, that he made her a successful fit, after having tried every other remedy in Toronto and elsewhere.—1644.

The Rev. John Surwash, D.D., head of Victoria university, will preach the annual educational sermon in the Cambridge street Methodist church on Sunday next. He will occupy the pulpit on both occasions. The reverend gentleman enjoys the distinction of being one of the prominent Methodist workers of Canada, and no doubt large congregations will be present to hear him.

The Ontario department of agriculture has issued a report for 1898, showing a considerable increase of area of new fall wheat. The planters of fall grain in addition to barley, oats and rye come up well, but were unfavorably affected by the drought. The potato crop was light. Fruit trees and vines are in a healthy condition.

What will I buy for my friend this Christmas? Consult at Geo. A. Little's bookstore, of course.—74 G.

Bills are out announcing that meetings of the West Victoria Farmers Institute will be held in Lindsay, on Monday, Dec. 13th, and in Woodville on Thursday, Dec. 16th, commencing at 1:30 p.m. each day. Messrs E. McCulloch of Woodville, and D. C. Anderson of Ringby, will be present to read papers or give addresses on the essentials to successful farming and the soil adopted to the cultivation; milk, in relation to the production of cheese, and clover as a fertilizer. Several gentlemen from the surrounding country will take part in the reading of papers. Evening addresses will be interspersed with choice vocal and instrumental music. A cordial invitation is extended to the public and most especially to the ladies, and the evening meetings will be made interesting to them.

MARRIAGE LICENSES under the provisions of the new act, are issued by T. Ball, at his residence, on Albert street, at any time of the day between 9 a.m. and 11 p.m.; also at his office in G. W. Ball's jewelry store during business hours on week days.

There is something exhilarating and delightful in looking forward to a Thanksgiving day, a whole day's pleasure with business troubles in the remotest corner of one's mind and with dreams of a crisp, cold day, a long walk in the country, the excitement of carrying a package or a rabbit in the woods, the triumph of securing a shot and a hit. And then if one does only secure a mean little rabbit or a poor fowler, less satisfaction is felt a certain feeling of gratification which lightens the burden of the long, weary tramp home in the darkening shadows of the evening. But even the tired walk is not so disagreeable when one's lungs are full of invigorating fresh air, and the opposite is ready to hand to be taken at any moment and there one thinks of that evening, generous meal waiting to be attacked and the steps quickened and give voice to your tired feet and you are home, ready to receive the advent of another Thanksgiving day.

The county council completed its two years term last week. Under the old system 20 men were elected annually to the council, now but 12 men are elected and they sit for a term of two years. As all appearances the change has worked satisfactorily, financially and otherwise. The reasons for making the change was that the old system was too cumbersome, and that the fewer number of men could do the work at a much reduced cost. The new method has some peculiarities though, some people claiming that a man elected the county council from a village or township council with a knowledge of affairs gained in the village board. Now when he comes to the county council office, he is not in touch as much with the smaller council and therefore has not the training necessary to take a seat in the county council.

MARRIAGE LICENSES.

A MARRIAGE LICENSE for \$2.00, at Hagan & Co's jewelry store, 52 Kent street, Lindsay, 1770-4.

We welcome to our exchange the *Sixteen Rivers Journal*, a spicy little paper published at Fort Wrangel, Alaska. The business manager is Mr. T. G. Wilson, an old Lindsay boy who, it is needless to say to those who know him, is a hustler. The paper is really and we got up, and reflect a credit on the publishers.

Mrs. Brook, who had been an inmate of the Home for the Aged for more than a year, died in that institution on Tuesday, 18th inst., having attained to the age of 81 years. She had been paralyzed on one side for a number of years. The body was taken to Danford for interment.

TO ALL WHOM IT MAY CONCERN.—Many, far too many, are in arrears to us for subscription and job work. Those who are indebted will confer a favor by settling their indebtedness at an early date. We regret to say that a great many do not, though they thought a printing office can be managed and a newspaper published on mere promises to pay, which we can assure any who have such an idea that it is erroneous. Any to whom the foregoing remarks apply will confer a favor by settling their indebtedness at an early date.

MISS A. MITCHELL,
OVER CAMPBELL'S GROCERY STORE, KENT STREET.

Half-a-Minute Talk!

THE true reason as to why our store—Campbell's store—which started in Lindsay many years ago—grew larger and then kept on growing so large that now it can scarcely handle its growing trade—is simply this: Good goods at reasonable prices; selling standard commodities, and truthfully advertising, following up the advertising by courteous prompt store service. We say this to our customers and our employees—the ear of the firm is yours at any time, to adjust a difference, remedy a grievance, or adjust a wrong.

We are going to give you a great chance to buy goods cheap this Fall. We want you to know it, and that's the reason we are advertising it, hoping you will read and remember it when you get ready to buy.

ARCH. CAMPBELL,

FAMILY GROCER.

BEST COMMODITIES AT CHEAPEST PRICES.

Brisk Business!

Quick Selling is seen in every department, not of the forced kind, but the natural results of well selected stocks of all high-class quality.

We're doing better and better all the time.
One Reason—Because we know how
Another—Because we try to improve.

Modern methods demand better work, if one will keep ahead. Every day brings its quota of bargains, made so by the quick selling of different stocks. These items will be of timely interest to the people who buy from us most every need of home and family.
