THE JAIL AND THE POOR.

A case came up in the police court at | year? reflected on by every citizen of the County | successfully led the opposition in preventof Victoria. William Pomeroy, an old ing an fron bridge being built this fall. resident of the "back country," who has after an expenditure of some \$80 in rebeen living with a farmer in Somerville. recently had both his feet frozen, and being unable to work and having no other resource, was taken to the lockup at Kinmount, where he had medical treatment, at a cost of about fifty dollars to the Township of Somerville. After about first requisite for a good road, as recom-two weeks. Pomeroy being still unable to mended by Mr. Campbell, is proper work because of his injuries and general weakness, it became necessary to dispose of him somehow. The Township had no place to put him in, but the County had one -the isl! The Reeve of Somerville, therefore, secured a warrant, and poor old l'omeroy was arrested on a charge of vagrancy, and brought by County Constable Ames Train of Kinmount, to Lindsay, where he was accused of vagrancy. He pleaded guilty, and was committed to jall for three months.
Such are the facts. Do they further

concern the public of Victoria County? Uan a poor old man, himself inoffensive and innocent of any orime or misdemeanor, be sent to jail and the well-to-do public generally be guiltiess? The law says he is a vagrant and commits him to jail to associate with evil doers, when he is only old and sick and poor. Any man with a fraction of a heart would take a father or brother, thus afflicted, to his own home and give bim the best in it and try to make up by loving care for all his grievous sufferings and loss, but Victoria County

sends him to jail to its own disgrace. Victoria County might have a home. She is amply rich enough. The added expense would weigh lightly upon her well to do citizens. Victoria County is filled with charches and schoolhouses, beautiful residences and magnificent farms. Her citizens mostly have enough to est and to spare, they have comfortable homes and vaunt their public spirit and liberty, but all the same many of her poor are sent to jail. The case of Pome. roy does not stand alone. Every year citizens of Victoria County, men and women, are sent to the common jail for the one reason only that they are too poor to live anywhere else. There they are subject to prison discipline, contined by prison walls and must bear the prison stigms. They may have been rich in the North Ontario campaign of last year Mr. Mulock had his agents running through the riding establishing P.P.A. lodges and declaring that no Roman Catholic was worthy of civil rights. Now Mr. Mulock sits cheek by jowl with Tarte, who conducts Quebec elections on the principle of Protestant ostracism. Bill is somewhat fickle in his politico-religious ideas. When Sir John Abbetts had by prison walls and must bear the prison stigma. They may have been rich in earlier life, they may be cultured and refined, their souls may be innocent and stainless as a saints and yet they must live with criminals, hear their profanity and ribaldry and yet have no relief because they are poor. This ought not to be. If not for Christ's sake, if not for man's sake, at least for very shame, the respectable and generally humane people of the County ought to call loudly for a House of Refuge. An opportunity is to be given on polling day, Jan. 2nd, for the citizens of the County to demand by p'eblacite vote a County House of Refuge. The county council will be ready to Children like it—worms don't.—76-5.

A WORD OR TWO.

On Monday next the electors will decide who will compose the town council for the ensuing year. From the number of caudidates in the field a good council can be selected, one that will not be a disgrace to the town.

Some aspirants for a seat in the council claim length of service and what they have done in the past. We fancy the less said about the past the better, unless to avoid the many mistakes previous councils have made. To boast of being a member of the town council of Lindsay for many years and take credit therefor, and consider the state of the financial affairs of the town, up until about two or three years ago, we say is no recommen-

Does this exist on William street? But no, go ahead, and rip up the street was the cry, "no matter what the cost the money required, if not a sufficient appropriation, will have to be got from somewhere if the work is commenced, was the cry of some members of the council. The old tactics of former years were attempted to be repeated, but they failed. In one word, was it not better to make a good road as far as the money appropriated would go, so that farmers coming into town would have the benefit of the same, and let those who considered William street should be made.

The Globe seems to see a "sweep of victory" in the bys-elections, and it is, of course, true that the Government candidates have been successful. But in the results there is nothing that should or that will dishearten the Conservatives. Just look at them. In South Ontario, an old self constitutionar Hon. John Dyndan old grit constituency, Hon. John Dryden, the Minister of Agriculture, was only elected by a small majority after the most extraordinary and unscrupulous efforts of a horde of Grit workers had been put forth in his behalf. Was there any sweep in this? forth in his behalf. Was there any sweep in this? Hon, Mr. Gibson secured a majority in Wellington, a Grit hive which had to be worked and "influenced" by Mr. Preston and his brigade in order to bring out the Grit vote. Then Mr. Garrow, after receiving an "Hon" and having the influence of two Governments behind him, could only secure a majority that was under a hundred, and this, too, in a constituency that had formerly been grit. What is sweeping about this victory? Then in Lennox Mr. Aylesworth held what he had before, but he was unable, despite the great efforts of the offithat was under a hundred, and this, too, in a constituency that had formerly been grit. What is sweeping about this victory? Then in Leanox Mr. Aylesworth held what he had before, but he was unable, despite the great efforts of the official gang of the Governments, to roll up any large majority. No, the "sweep of victory" is not to be seen. Under the circumstances the Conservatives have made a remarkable fight, and, while a miss is as bad as a mile as far as the numerical strength of the party in the House is concerned, Mr. Whitney and his supporters do not feel discouraged. They know the extraordinary means that have been used to keep the Government in power, and they know that the people will not tolerate long a Government that only continues in office by reason of the ability of the boodle gang to gather up the loose votes in a sonstituency.—Peterborough Review.

OBSTUARY.—It is with deep sorrow that we chronicle the death of one who was born and brought up amongst us, but late of Lindssy, namely, Mr. Robert Johnston, who died on the morning of the 25th inst., at the age of 43 years, leaving a widow and six small children to mourn his loss. The funeral took place on the 26th to the Janetville cemetery and was followed to the grave by a large number of old neighbors and sorrowing friends who sympathizes with the bereaved family. Wouldn't Have "Devil's Money."

Vancouver, B.C., Dec. 28.—Cheers are rather unusual in a church, but there was a rousing roar of applause in Homer-street Methodist church on Sunday evening, when during the course of his sermon, Rev Dr Eby informed his congregation that he had refused to take the \$20 part proceeds of the Savoy Theatre entertainment. The theatre, which is really a music hall, gave a benefit enterteinment and realized \$120, which was given to different clergymen for the poor. Dr. Ebv and others refused to touch the "devil's money." Dr. Eby in his sermon said: "This pretty little theatre is simply one-half of a twin institution run by the men who operate the worst dive in Victoria and have come here to bring in the same money-mrking, vice-producing tactics as far as they can, into the city of Vancouver. The other half of the institution is one of the most disreputable dens in the city to day. This money was a bribe to the clergy to shut their mouths in reference to the villainy already done on the sly, and being prepared for in larger doses when this city is educated to it and the churches are sufficiently gagged. If I took that money I should feel as if I had sold my
