Mr. W. R. Carmichael, traveller for the drug firm of Evans Broz., Montreal, fell out of the second story of the Dominion House, Millbreck, one day last week. He went through a plate glass window, and was not found until four hours after the unfortunate occurrence. He had four ribs broken and was suffering from concussion of the brain, besides having his system shattered by the covere cold. He was removed to St. Michael's hospital, where he lies in a most critical condition. Mr. Carmichael was well known to many Lindsayies and was to have been in town the day after the sceident took place. In spite of the dubious reports of the doctors his many friends still hope for the best.

FLEURY,—40-tf.

There was a fair attendance at the C.L.A. debate and concert in the Academy of Music on Tuesday evening. The subject of the debate was "The Lady or the Tiger: Which?" Messra. F. A. McDiarmid and W. E. Smith, on behalf of the Y.M. C.A., upheld the claim of the tiger, while Dr. Blanchard and Mr. M. J. Kenney supported the lady theory. Messra. Thos. Stewart, J. D. Flavelle and T. Brady acted as judges. Both societies had able representatives. In clear cut, forcible style, Messra. McDiarmid and Smith put forward their arguments, which were taken up and elequently debated on by Messra. Blanchard and Kenny, both of which gentlemen are blessed with an easy delivery and splendid voices. The others who assisted in the programme were Messra, J. B. Knewlson, J. Petty, C. Pedger, F. Shannon, and Misses Silver, Hettger, Goodwin, Corkey, T Benson, Bowen and Mrs. Jackson. The debate was decided in favor of the C L A. men.

Miss Laura Brooks, of Clinch, Hancock Co., Tenn., writes: "I thank God for such remedies as Dr. Pierce's Favorite Prescription and friends honestly believe that had it not been for these wonderful medicines I would to day be in my grave. I am sure that I could sot have lived many days in the condition I was in at the time I first consulted you. I was only praying to die and be free from pain. I was simply a shadow and we had tried almost everything, when, through a friend, I was advised to write to you, which I did, thinking all the while that It was only foolishness to think that such a case as mine could be cured. But I do not think so today. After the first week's treatment just as you prescribed, I felt like another woman and I hardly believed that such could be, when the first period was passed without pain. I continued the treatment until I had used about seven bottles of the 'Favorite Prescription' and some of the 'Discovery,' and now I am a well woman. I would have given any amount, if I hadit, just for the rar it has already given me—rest from pain, and during the time I feel just as well as at any time, and am never confined to my room as I once wis. I can set anything I want and can work at any hind of work-something I could never do till this edunnet. Everybody who knows me thinks it wonderful that I am not sick any more. I chank God for this thend of woman, this blessed 'Favorite Prescription,' The very name sounds ever to me. I am causing many of my friends to sit it and all are improving. I can never tell you how I thank you, dear Doctor, for your kind dvice and good, fatherly letters to me."

#### Arthur Percival Boddy Dies

The home of Ven. Archdescon Boddy, 21 Winchester street, was suddenly plunged into the deepest mourning yesterday, by the terrible death of Mr. Arthur Percival Boddy, morning he complained of billiousness Wednesday morning he got worse, and Dr. McFaul be \$30,000 greater than in 1897.

Statistics of the metalliferous mines

Dr. McFaul found that he had a remarkable case on hand. When he arrived at the bedside at 10 a.m. he found Mr. Boddy conscious,
and the patient complained of excruciating
pain on touching any part of the body. The
whole surface of the body had become mottled
with dark mynlish and to annual be hemorphese.

POST MORTEM HOLD.

O sing to the peculiar action of the disease, whatever it was, it was decided to hold a post mortem, which was held at 5 p m. by Dr. Anderson, in the presence of Drs. Ross. McPherson, McFaul and Mr. W. H. Stone. All the smaller blood vessels were found to be in a state of hemorrhage and the decision arrived at was that death was caused by acute septicaemia, or acute blood poisoning. The acuteness of the case is puzzling the physicians, and Dr. Anderson will make a culture of the blood to accertain the nature of the septic.

The young man visited a scarlet fever patient at the General Hospital a few days ago but the physicians think that has no connection with the young man's sudden decease.
