MR. Young en old resident of Lindsay, Mr. Young en old resident of Lindsay, being born here in the year 1848, died in Minden, Ont., 14th. He had received his education in western Ontario and had carried on business for many years in Minden and Haltburton. In 1838 he removed to Toronto where he carried on the business of a commission merchant. Being in poor health some months ago he came to Minden thinking that the change of air would do him good. LEAVING.—Mr. Begbie who for some time pass has been superintending the Lindeay waterworks, left this week for Cobourg, where he takes charge of the Cobourg system. Since coming here Mr. Begbie has improved our system and in every way has been very energetic in the company's interest. Mr. Begbie will be missed by a heat of friends in town. Cobourg is to be congratulated on securing such an efficient man. Mr. Fred Parkins, weil known to Lindeay people, assumes control here.

Wednesday afternoon a team drawing a large load of wheat started to run away down Peel street, no one driving them at the time. As they passed Martin's mill Mr. Herbert Williams, the genial book keeper, deshed out, climed over the back of the wagon to the front, but as the reins had dropped he was just settling himself down to a desperate ride with the possibility of a few broken bones, when several men can in front of the team and stopped them. As the team was standing near the track untied, it is hoped that this will be a lesson to farmers to look more carefully after their horses. The warning of over a week ago when a runaway team was near killed by a train, should be borne in mind.

Boys BRIGADE.—The first annual meeting of the boys brigade of St. Audrew's church was held on Monday evening of this week. The brigade was out in full force in uniform. A large number of those interested in the movement were present, the body of the oburch being well filled. The silver medal, which by the way is a handsome one for efficiency and conduct was won by Sergt. Robinson The boys of the 45th will remember that "Bilile" was a private in N. 2 company during the recent camp at Kingeton.
The nonor conferred on Sergt R binson marks him as a soldier of first rank. Views on the life of Dr Paton, shown by Mr. Stevens, and detailed in an interesting manner by Rev. J. W. McMillian, made a most en j yable evening. The bive brigade is a good movement and it is hoped ere long that its ranks in Lindsay will so grow that there will be material enough for a battallion, then for barrels in a cool place. To Correspondents —Last week we had To Correspondents — Lest week we had a complaint sent in that a correspondent had referred to a young couple as doing some courtship. All the world loves a lover, and it is nice for young people to do a little sparking, but no newspaper writer should refer to such cases personally. It pleases young people to feel that they are courting on the quiet, although everybody knows all about them. They hate to be referred to publicly, and no writer should violate good taste and hurt their feelings by referring to them in any way—even by hinting at their courtship. Recently a man who had some courtship. Recently a man who had some marriageable daughters stated to us that he old not allow local papers to come inside his house because he would probably read in the first one he unfolded a statement like this; Who was the young man that drove up the sideline last Sanday with the tall bay horse and the yellow cart? We are on to you, Bill. You should make your visits terminate before the wee sma' hours" Thus newspaper

correspondents not only refer offensively to the young men's visit, but they make a base instruction to the effect that he stayed until daylight. We have frequently written that others to do to them.

It is the business of a newspaper to try to do good, and the writer who has space at his command should seek to benefic instead of is juring those around him. One is quite pants of the fun were set loose things were often enough colled upon to use hard words when evil people do wrong, without seeking opportunities to flay people by gossipy in

of a recent date says:—Mr. J. H. Carnegie, of Coboconk, M.P. P for East Victoria, is in the city to interview the members of the Ontario government regarding the law requiring settlers to make out a license for shooting deer in their own localities. Last session, when the law was passed, i was understood to be so amended as to allow settlers to shoot deer without a license It now appears there is doubt regarding the effect of the law. Mr. Carnegie is prompt in guarding the interests of his constituents.

MEET DEATH IN GULL LAKE. - News was just received here on Tuesday of a sad drowning accident in Gull lake, about five miles from Minden. On Wednesday morning of last week two young men named Martin Grozelle and Leslie Valentine started out to cross the lake in a canoe to work at some hay on the opposite side. When they reached the island about the centre of the lake they were met by a man named Sheldon, who had just come across, and he warned them not to go any further, the water being so rough. They started however, and have not been seen since. On Friday their canoe was found on the shore and on Saturday their hats and some food they had taken with them in a bag, also their paddles were found. A search party has been out ever since finding the articles mentioned, but as yet the bodies have not been recovered. THE WARDER sympa-thises with friends and relatives of the deceased. Such accidents, of which Victoria county has seen far too many are greatly to be deplored.

Mr. S. G. Parkin of town was in Toronto Dr. Bergin M.P. for Cornwall and Stormont is reported to be dying.

"Down Brakes, and Reverse !" When a train is discovered rushing on to frightful col-lision, it is a thrilling in-stant as the

the system is flying along the track of disease at such a frightful pace that no ordinary methods will prevent disaster. There are plenty of medicines which act merely as brakes to "slow up" the disease and put off disaster for a little while; but that isn't enough. What is needed is a medicine that will instantly reverse the entire wasting, degenerating process.

will instantly reverse the entire wasting, degenerating process.

When people are losing flesh and strength and vitality, with the life oozing out of them day after day, they need Dr. Pierce's Golden Medical Discovery, which acts directly upon the vital forces, completely transforms the entire nutritive organism and totally reverses the wasting, debilitating process which is at the root of all diseases.

It enables the digestive and blood-making organs to supply the circulation with an abundance of pure, healthy, red blood. It stops the wasting of tissue, builds up solid muscular flesh and healthy nerve-force.

muscular flesh and healthy nerve-force.

Miss Mary Whitman, of East Dickinson, Franklin Co., N. Y., writes: "For nearly ten months I have had a bad cough, and instead of getting better, it grew worse, until I was advised by a friend to try Dr. Pierce's Golden Medical Discovery. I hesitated at first, for it seemed to me nothing would give relief only death. My parents were auxious about me, and I was said to have consumption. I tried your medicines, and before I had taken many doses there was a great change. When the second bottle was empty I had uo cough and was a great deal stronger."

Now is the season for Lindsay's annual rivers of mud. Those who have never been in Lindsay mud have missed something—in fact we might say quite a lot.

Sergt. Beatty, Toronto, whom the boys of the Kingston camp will remember in connection with the brigade staff, is out after the 100 or 200 mile bicycle record of Canada.
