BIBLE SOCIETY MEETING. — The annual meeting of the Lindsay branch of the Bible society was held in the Cambridge st. methodist church last Friday evening. The attendance was not as large as on former annual meetings, but those who were absent missed a very fine address concerning the work of the society from the Rev. Mr. Bryan of Toronto, agent for the society. After the usual business had been dispensed with the officers for the new society year were elected with the following result:—President, his honor Judge Dean; see'y, W. M. Flavelle; treas., J. H. Knight: depositor. R. S. Porter; church directors, Sheriff McLennan, E. E., W. McGaffey, W. Thurston, E. Bowes, and Robt. Kennedy.

PRINTERS' JARGON.—Meny people are not aware that printers have a language of their own, unintelligible to the unintated. The following 'up te date' orders give an idea of the printing office lingo: "Billy, put Sir Charles Tupper on the galley, and finish up that murder you commenced vesterday. Set up the ruin of Herculaneum and distribute the smallpox. Lock up Laurier' and slide Mc Carthy into the hell box and leave the pi alone until after dinner. Put the ladies' form to press, and go to the devil and put him to work on Deacon Fogg's article 'Eternal Punishishment.'' Now this is all simple enough when translated into English, and not nearly so rough as the reader imagines.—Meaford Mirror.

A. Powles of Chicago on the presidential election. The letter explains the money situation briefly and gives one an ides of the immensity and importance of the question at stake in the United States. Every one will do well to read it.

MADAME CALVE AND MADAME MELBA WILL both appear in the next issue of The Ladies' Home Journal with articles on the voice.
Madame Melba has written before and is, in

the article in French, and after an English
translation had been made of it she had the original manuscript bound between morocco covers as a souvenir of her debut as a writer. MOTHER AND DAUGHSER CURED. - Mrs.

Celia Gillies, No. 9 Weinut st. Hamilton, writes that she can recommend the Kootenay Cure above all other medicines. She was a long sufferer from rheumatism, sore back, tired feeling and dizziness, and was not able to do a day's work until she was cured by the use of half a bottle of the remedy. Mrs. Gillies' daughter, a young lady of 17 years, was not well since she was 14. She has now completely recovered her health as the result of the use of Kootenay Cure. Mothers will be glad to know of this medicine for your girls of

FIRE. -Fire, which has been absent so long from town visited us on Friday morning, destroying the house of Mr. Joseph Staples, situated in the eastern boundary of the town.
Mr. W. J. Killaby was living in the house A defective chimney was the origin of the fire.

The place was beyond reach of the waterworks. The house and contents were partially insured. The accident is to be regretted as Mr. Kilaby's boy was lying very ill in the house and it is feared that the exposure has deterred his recovery.

\$40,000 Firm.—Those who noticed the bright reflection of a fire in the east on Sunday night surmised that Peterboro was on fire. Next day it was learned that a conflagration swept the Dickson raceway at the plate glass city. The Dickson Company's mill properties were partially destroyed, Donel's planing mill and Green's pump factory totally dectroyed together with their entire contents and a million and a half of shingles went up in smoke. Cause of the fire unknown; loss Real Estate Bought and Sold McLENNAN & CO., \$40 000 covered partially by insurance. The firemen worked all night and had great difficulty in stemming the blaze. Had it been a dry night and earlier in the season Peterborough might have been fire-swept.

Lindsay will feel Mrs. Howson's departure deeply. Sunday being her last Sunday here, there will be a song service in the Cambridge st. church in the evening. No doubt there will be a very large turn out of the congregation. We understand that a gentleman from Port Hope will fill the vacancy in the choir.

Two years ago an average of 14 writs were issued daily at Osgoode hall, now the average is between four and six writs per day. The litigation to day is no more than half the litigation two years ago. People are beginning to learn that ten litigants are impovertshed for every suitor who is enriched at Osgoode hall.
